A

ACCOUNTING OFFICE. *See* General Accounting Office. Page

ACCOUNTS BUREAU. *See* Treasury Department.

ADVISORY COMMITTEES. *See* Committees, boards, etc.

AERONAUTICS, NATIONAL ADVISORY COMMITTEE FOR. *See* National Advisory Committee for Aeronautics.

AGRICULTURE DEPARTMENT:

See Animal Industry Bureau.
Commodity Credit Corporation.
Commodity Exchange Authority.
Dairy Industry Bureau.
Entomology and Plant Quarantine Bureau.
Farm Credit Administration.
Farmers Home Administration.
Federal Crop Insurance Corporation.
Forest Service.
Rural Electrification Administration.
Soil Conservation Service.

Agricultural adjustment:
Committees, county and community, of Production and Marketing Administration, regulations pertaining to selection and functions of; treasurer, eligibility requirements for selection ---- 6098
Conservation programs:
National programs. *See* Conservation programs.
Special programs for Territories and possessions. *See* Alaska; Puerto Rico; *and* Virgin Islands.
Marketing quotas, for various commodities. *See* Corn; Cotton; Peanuts; Rice; Tobacco; *and* Wheat.
Agricultural Research Administration; authority respecting contracts under First War Powers Act -- 2856, 3311

Alaska, Special Agricultural Conservation Programs:
1951 program; practice 11, clearing woodland for tillage ---- 4000
1952 program ---- 12415
Almonds:
See also Nuts.
Handling of almonds grown in California:
Budget of expenses of Almond Control Board and rate of assessment for crop year beginning July 1, 1951 ---- 10164, 11260
Reports by handlers of their receipts of almonds; order respecting ---- 10592
Salable and surplus percentages ---- 9049, 9801
Importation of; proclamation respecting import fee. *See main heading* Presidential documents.
Standards:
In the shell ---- 5447, 7195
Shelled ---- 5448, 7197

AGRICULTURE DEPARTMENT—Continued

Apples:
See also Fruits and vegetables.
Export; minimum quality requirements for ---- 6139, 6217
Export and diversion programs, for fresh and dried apples:
Dried apple export program SMX 95A, fiscal year 1952 ---- 5913
Fresh apple export programs:
Fiscal year 1951, eligibility for payment -- 3629, 5035
Fiscal year 1952 ---- 7761, 11045, 12027
Set aside requirements ---- 4382, 7768
Standards:
Fresh ---- 5619, 6011
Frozen (standards proposed) ---- 9616
Apricots:
See also Fruits and vegetables.
Parity prices, for apricots for processing ---- 1
Set aside requirements ---- 4382, 7768
Asparagus:
See also Fruits and vegetables.
Set aside requirements ---- 3647, 7377
Standards, for frozen asparagus; proposed ---- 12999
Authority, delegations of:
Production and Marketing Administration; delegations of authority to and by:
From Secretary of Agriculture. *See* Secretary of Agriculture.
To and from Defense Transport Administrator; storage and warehouse facilities for certain foods ---- 11510, 11512
To Department officials:
Dairy Branch, Director; authority respecting grading and inspection of dairy products -- 6613
Redelegation to Dairy Inspection and Grading Division, Chief ---- 6766
Fruit and Vegetable Branch, Director; authority respecting inspection, certification, etc.:
Fresh fruits, vegetables and products ---- 11741
Processed fruits and vegetables, processed products thereof, and certain other processed food products ---- 11741
Poultry Branch, Director; authority to issue grading and inspection of poultry and domestic rabbits and edible products thereof ---- 8791
Sugar Branch, Acting Director; authority respecting price and wage proceedings ---- 11784
Secretary of Agriculture, delegations of authority by, to various agencies and officials:
Agricultural Research Administration; contracts under First War Powers act, authority respecting ---- 2856, 3311
Census Bureau; authority to require certain reports under Defense Production Act with respect to voluntary agreements ---- 1963, 3311

AGRICULTURE DEPARTMENT—Continued — Page

Authority, delegations of—Continued
Secretary of Agriculture, delegations of authority by, to various agencies and officials—Con.
Defense Food Delegations; redesignation of certain prior delegations of authority 3311, 3519
Economic Stabilization Agency; authority respecting meat allocation 1272, 3311, 11620
Farmers Home Administrator; authority respecting disaster loans to farmers and stockmen 3388
Forest Service, Chief:
Local advisory board for management and administration of national forest grazing lands, authority respecting constitution and electing of 3538
Timber and timber products, authority under Defense Production Act respecting 2446
Redesignation 3311
Production and Marketing Administrator:
Contracts in connection with national defense programs, authority respecting 2446, 3311
Functions under Defense Production Act, delegation of 2446, 3311
Babassu kernels and oil; import authorization, notice of expiration 9627
Beans:
See also Fruits and vegetables.
Set aside requirements, for green and wax beans, and lima beans 3347, 7357
Standards:
Dry edible beans 10162, 11327, 11763
Green and wax beans, canned; revision 5450, 6790
Lima beans:
Canned; revision 1596, 3607, 5390, 5607
Frozen; proposed revision 3621, 7520
Warehouses, for dry beans; proposed rule making:
Definitions; terms defined, "dockage" and "defects" 6623
Licensed inspectors and weighers; certificate forms 6625
Licensed warehouseman duties:
Shrinkage of beans; deletion 6624
Storage of uncleaned beans, delivery from storage, etc 6624
Warehouse licenses; space to be covered, suspension or revocation, etc 6623
Warehouse receipts; form, lost or destroyed receipts, etc 6623
Beet sugar. *See* Sugar.
Beets:
See also Fruits and vegetables.
Standards, for canned beets 6870, 10013
Berries. *See* Blueberries; *and* Blackberries.
Blackberries:
See also Fruits and vegetables.
Set aside requirements 4982, 7768
Blueberries:
See also Fruits and vegetables.
Set aside requirements 4982, 7768
Standards:
Canned; revision 1663, 2823
Frozen; revision 1666
Broccoli:
See also Fruits and vegetables.
Standards; fresh broccoli, for processing 1595, 2781
Brussels sprouts:
See also Fruits and vegetables.
Standards for frozen brussels sprouts; revision 3103
Butter:
Grading and inspection. *See* Dairy products.
Imports 7936, 8273, 9690, 11602
Cane sugar. *See* Sugar.
Carrots:
See also Fruits and vegetables.
Set aside requirements 3347, 7357
Standards, for frozen diced carrots 6467, 9298
Casein or lactarene:
Grading and inspection. *See* Dairy products.
Imports 7936, 8273, 9690, 11602
Castor oil; restrictions on inventory and use 2970, 6621
Catsup, tomato. *See* Tomatoes and products.

AGRICULTURE DEPARTMENT—Continued — Page

Cauliflower:
See also Fruits and vegetables.
Handling of fresh cauliflower grown in certain counties in Colorado:
Budget of expenses and fixing rate of assessment for 1951–52 fiscal year 7876, 9028
Shipments; regulation by grades and sizes 6857, 7168
Standards, for frozen cauliflower 6951, 10332, 11206
Certificates, necessity, for certain purposes; delegation of authority from Defense Production Administrator respecting:
Amortization of emergency facilities under section 124A Internal Revenue Code, recommendations for issuance, etc 738, 4594
Loans, purchases, etc., under Defense Production Act 738, 4594
Cheese:
Grading and inspection. *See* Dairy products.
Imports 7936, 8273, 9690, 11602
Standards, for Swiss cheese; proposed 12399, 12573
Cherries:
See also Fruits and vegetables.
Set aside requirements 4982, 7768
Standards, for sulfured cherries; revision 4423, 4802
Chlordane, household insecticides containing; labeling of 9345
Christmas trees and greens; inspection and certification:
Charges, basis for 6337
Fees, for appeal inspections 6337
Citrus fruits (oranges, lemons, grapefruit, and tangerines):
See also Fruits and vegetables.
Export payment program (fiscal year 1952), for fresh lemons 9137
Export program RMX 135a 1474
Eligibility for payment 3630, 5159
Export program SMX 7A (fiscal year 1952), for fresh and processed oranges 12541
Handling of citrus fruits grown in various States:
Arizona:
Grapefruit:
Budget of expenses and rate of assessment for 1951–52 fiscal period 11314, 12333
Limitation of shipments 341, 1627, 2467, 3277, 4369, 10619, 12605
Lemons:
Administrative committee rules and regulations 5530
Limitation of shipments 155, 341, 533, 763, 1003, 1266, 1673, 1788, 2021, 2213, 2214, 2487, 2650, 2830, 3028, 3277, 3458, 3640, 3974, 3975, 4426, 4677, 4959, 5156, 5468, 5740, 5974, 5975, 6357, 6610, 6795, 6911, 7137, 7382, 7638, 7639, 7925, 8233, 8573, 8878, 9139, 9364, 9676, 9939, 10198, 10481, 10723, 10928, 11207, 11475, 11478, 11669, 11855, 12177, 12384, 12633, 12863, 13120
Marketing agreement and order, amendment 4354, 5062, 5525
Oranges:
Budget of expenses and rate of assessment for 1951–52 fiscal year 11456, 12384
Limitation of shipments 160, 342, 533, 764, 1004, 1268, 1674, 1783, 2021, 2215, 2467, 2489, 2651, 2831, 3029, 3331, 3459, 3507, 3640, 3975, 4426, 4427, 4678, 4961, 5157, 5469, 5652, 5742, 5976, 6358, 6610, 6795, 7138, 7383, 7384, 7639, 7926, 8234, 8270, 8575, 8879, 9140, 9142, 9365, 9677, 9939, 10198, 10200, 10431, 10661, 10724, 10725, 10929, 11208, 11478, 11479, 11670, 11855, 12178, 12385, 12636, 12863, 13121
Marketing agreement and order, as amended; hearing respecting termination 12408
California:
Grapefruit (Imperial and Riverside Counties):
Budget of expenses and rate of assessment for 1951–52 fiscal period 11314, 12333
Limitation of shipments 341, 1627, 2467, 3277, 4369, 10619, 12605
Lemons:
Administrative committee rules and regulations 5530

Tangerines:
Budget of expenses and rate of assessment for 1951–52 fiscal period 10859, 11097
Limitation of shipments 153, 340, 532, 763, 1003, 1266, 1786, 2212, 3028, 10480, 10925, 11477, 11854, 12383.
Standards, for fresh oranges (California and Arizona) 2797, 4419
Coconut oil; import authorization, notice of expiration 9627
Committees, boards, etc.:
Agricultural adjustment committees. *See* Agricultural adjustment.
County committees of Production and Marketing Administration; chairmen as contracting officers for Commodity Credit Corporation. *See main heading* Commodity Credit Corporation.
Representation on various committees:
Defense Mobilization Board; Executive order respecting. *See main heading* Presidential documents.
Defense Mobilization Committees, Regional 1583
Defense Transportation and Storage, Committee on 2473
Domestic Transport, Storage, and Port Utilization, Interagency Advisory Committee on 585
Foreign Supplies and Requirements, Committee on 646
Manpower Policy Committee 1272
Narcotics, Interdepartmental Committee on; Executive order respecting. *See main heading* Presidential documents.
Conservation programs:
National Agricultural Conservation Programs:
1950 program:
Conservation materials and services; deduction respecting materials 1223
Conservation practices and maximum rates of assistance 1223

AGRICULTURE DEPARTMENT—Continued — Page

Conservation programs—Continued
National Agricultural Conservation Programs—Con.
1951 program:
Conservation materials and services; deduction respecting materials 1225
Conservation practices and maximum rates of assistance 1225, 7563
Practices to develop cropping systems that restore, etc., soil productivity; increase farm acreage of legumes and grasses or mixtures of these 1915
Payments:
Application for; final date for filing 5863
General provisions; breaking out permanent vegetative cover 5863
1952 program 9033, 9632
Applicability; farm outside continental United States 12306
Conservation practices and maximum rates of assistance:
Practices to conserve and obtain efficient use of agricultural water; practice D–6, constructing or enlarging dams, pits, and ponds to impound surface water for irrigation 12306
Practices to develop cropping systems that protect the soil, and restore, improve, and maintain soil productivity; practice B–1–f, establishing biennial or perennial legumes and grasses, etc., for green manure 12306
Practices to protect soil from wind and water erosion; practice A–11, managing crop residues 12306
Practices to restore and maintain range and permanent pasture:
Practice C–1; improving and maintaining a desirable vegetable cover on range land 12306
Practice C–2; livestock water development to obtain proper distribution of livestock and prevent overgrazing 12306
State funds, availability 9859
Naval Stores Conservation Program, 1952 9302
Special Conservation Programs for Territories and possessions. *See* Alaska; Puerto Rico; *and* Virgin Islands.
Construction (farm construction, facilities in connection with food production, processing and wholesale distribution); delegation of authority from National Production Authority to Secretary to process applications under NPA Orders M–4 and M–4A, and to make allotments and assign ratings under CMP Regulation No. 6 respecting 5401, 6735, 7628
Contracts and purchases, under First War Powers Act:
Delegations of authority respecting:
To Agricultural Research Administration 2856, 3311
To Production and Marketing Administrator 2446, 3311
Executive order respecting. *See main heading* Presidential documents.
Copra; import authorization, notice of expiration 9627
Corn:
See also Grains.
Hybrid seed corn. *See* Seeds.
Marketing quotas:
1951 Crop:
Acreage allotments; no determination respecting 277
Commercial corn-producing area for; no establishment respecting 277
1952 crop; proclamations and determinations respecting marketing quotas, commercial corn-producing area, and acreage allotments 10658, 11631
Corn, sweet:
See also Fruits and vegetables.
Set aside requirements 3347, 7357

AGRICULTURE DEPARTMENT—Continued Page

Cotton:
Classifications and standards:
Classification under United States Cotton Futures Act:
Cotton and fiber spinning tests; prescribed fees, proposed rule making 12667
Regulations; classification, terms defined:
Mixed packed cotton 2084, 3880
Repacked cotton 2084, 3880
Standards, official, for American-Egyptian cotton 5953, 7499
Cotton standards:
Classification, terms defined:
Mixed packed cotton 2084, 3880
Repacked cotton 2084, 3880
Practical forms of official cotton standards 7501
Export and diversion program; terms and conditions of cotton sales, extension of effective period 12803
Marketing quotas:
1950, regulations; marketing, penalties, records and reports:
Farm marketing excess adjustment 1578
Penalty on farm marketing in excess 7882
Records to be kept and reports to be made by producers; farm operator's reports 1579
1951 marketing year, total supply and normal supply for; notice of determination to be made by Secretary respecting 9045
1952; proclamation:
Acreage allotment 9045, 10591
National quota 9045, 10591
Cranberry sauce:
See also Fruits and vegetables.
Standards, for canned cranberry sauce 1575
Cream:
Grading and inspection. *See* Dairy products.
Handling of. *See* Milk, cream and byproducts.
Standards, for cream for use in manufacture of butter; proposed 860, 3229
Dairy products (butter, cheese, milk, etc.):
Grading and inspection 5280, 5902, 6494
Delegation of authority to Director, Dairy Branch respecting 6662, 6693
Redelegation to Chief, Dairy Inspection and Grading Division 6766
Handling of milk, cream and byproducts. *See* Milk, cream and byproducts.
Imports 7936, 8273, 9690, 11602
Standards, for various dairy products. *See* Cheese; Cream; *and* Dry milk.
Defense Mobilization Board, representation on; Executive order respecting. *See main heading* Presidential documents.
Defense Mobilization Committees, Regional, representation on 1583
Defense Production Act, provisions under, affecting functions of Department:
Delegations of authority:
By Secretary to various officials. *See* Authority, delegations of, *above*.
From Defense Production Administrator 738, 4594
Designation of claimant agencies to present requirements to Secretary with respect to food as defined in section 901 (h) of Executive Order 10161 1289, 3311
Designation of Department as claimant agency for programs under 4914
Foods and food facilities under Act. *See* Foods and food facilities.
Functions under, modification of; Executive order respecting. *See main heading* Presidential documents.
Production and Marketing Administration; designation as claimant agency before the Secretary to present requirements with respect to food:
Domestic food requirements for United States civilians 1289, 3311
Non-military food requirements for certain foreign countries 1289, 3311
Voluntary agreements under Defense Production Act; authority of Census Bureau to require certain reports respecting 1963, 3311
Defense Transportation and Storage, Committee on; representation on 2473

AGRICULTURE DEPARTMENT—Continued Page

Disaster areas:
Designation of counties in various States, and Hawaii and Puerto Rico as disaster areas having need for agricultural credit due to drought, freezes, excessive rainfall and flood conditions, etc. 590, 8145, 8252
Disaster loans, to farmers and stockmen; authority of Farmers Home Administrator respecting 3388
Farm land restoration program, for areas damaged by floods in disaster areas 8230, 11045
Domestic Transport, Storage, and Port Utilization, Interagency Advisory Committee on; representation on 585
Dry milk:
Grading and inspection. *See* Dairy products.
Imports 7936, 8273, 9690, 11602
Standards:
Nonfat dry milk solids 2398, 5420, 5971
Scorched particle 923
Eggs and egg products:
Sampling, grading, grade labeling, etc.:
Prior to recodification:
Definitions; terms defined 5872, 6337
Fees and charges; on a fee basis 5872, 6338
Forms, application, and contracts of agreement for grading service:
Egg products 4660, 6016
Shell eggs 4659, 6013
Licensed graders, inspectors, samplers and supervisors of packaging:
Limited license 5872, 6338
Suspension of license 5872, 6338
Who may be licensed 5872, 6337
Recodification 10193
Trading in eggs and egg products on commodity exchanges; regulations respecting reports, etc. *See main heading* Commodity Credit Corporation.
Export and diversion programs, for various agricultural commodities. *See* Apples; Citrus fruits; Cotton; Honey; Pears; Pecans; Prunes; Raisins; *and* Wheat.
Farm Land Restoration Programs; assistance to farmers in restoring to productive use farm lands damaged by flood or flood waters in designated disaster areas:
1951 program 8230
1952 program 11045
Fats; import controls, notice of expiration 9627
Federal Insecticide, Fungicide, and Rodenticide Act; regulations respecting labeling of household insecticides containing chlordane 9345
Figs:
See also Fruits and vegetables.
Parity prices, for figs for processing 5971
Set aside reqirements 4982, 7768
Filberts:
See also Nuts.
Handling of filberts grown in Oregon and Washington; salable, surplus and withholding percentages 8849, 9678, 11568
Fish. *See* Marine food products.
Flaxseed and screenings, imports of 7936
Flowers, and bulbs; inspection and certification:
Charges, basis for 6337
Fees, for appeal inspections 6337
Food:
See also specific commodities.
Disposal of food commodities acquired through price support operations. *See main heading* Commodity Credit Corporation
Imports. *See* Imports.
Foods and food facilities, under Defense Production Act:
Construction of facilities in connection with defense foods (farm construction, facilities in connection with food production, processing and wholesale distribution):
Delegation of authority from National Production Authority to Secretary to process applications under NPA Orders M-4 and M-4A, and to make allotments and assign ratings under CMP Regulation No. 6, respecting 5401, 6735, 7628

Handling of plums grown in California:
Budget of expenses and fixing rate of assessment for 1951–52 season 4943, 5864
Committee regulations; reports of daily shipments and storage holdings 552
Marketing agreement and order, amended:
Findings and determination respecting continuation in effect 2188
Proposed rule making 12839
Recodification 12765
Shipments; regulation by grades and sizes:
Ace plums 6323
Beauty plums 4382
Becky Smith plums 6233
Burbank plums 6232
Climax plums 4884
Diamond plums 6825
Duarte plums 6231
Eldorado plums 5972
Emily plums 6827
Formosa plums 4883
Gaviota plums 5973
Giant plums 7125
Grand Duke plums 7137
Kelsey plums 6826
Late Duarte plums 7136
Late Santa Rosa plums 6825
Late Tragedy plums 6822
Miscellaneous varieties 5633
President plums 6824
Santa Rosa plums 4882, 5314
Sharkey plums 6822
Sugar plums 6821
Tragedy plums 5382, 5971
Wickson plums 5973
Parity prices, for plums for processing 5971
Set aside requirements 4982, 7768
Potatoes:
See also Fruits and vegetables.
Handling of Irish potatoes grown in various States and production areas:
California (Modoc and Siskiyou Counties):
Budget of expenses and fixing rate of assessment:
Fiscal year ending June 30, 1951 100
Fiscal year ending June 30, 1952 10388, 11413, 11804
Exemption certificates and safeguards 1680, 3329
Limitation of shipments 3, 1471, 8234
Colorado:
Budgets of expenses and fixing rates of assessment:
Fiscal period ending May 31, 1951, Area No. 2 9198, 10928, 11855,
Fiscal period ending May 31, 1952:
Area No. 1 7050, 8319
Area No. 2 9198, 10928, 11855
Area No. 3 6637, 7583
Limitation of shipments 5109, 5975, 6176, 9718, 10016, 10114, 12334, 13035
Connecticut. *See* Massachusetts.
Idaho (certain designated counties):
Budget of expenses and fixing rate of assessment for fiscal year ending May 31, 1952 6185, 7275, 7383
Limitation of shipments 1, 1180, 4521, 5833, 6501, 12035

Defense Production Act of 1950:
Aviation Defense Requirements, Office of; establishment of, to carry out certain responsibilities and powers of Administrator under 866
Delegation of authority by National Production Authority, to apply priority (DO) ratings, to direct government contracts and purchase orders to meet authorized procurement and construction of CAA 260, 738, 8296
Programs under; designation of Secretary of Commerce to act as claimant agency for 4914
Enforcement procedures:
Actions taken in; civil penalties 10773
Processes used in; investigations 3547
Fairbanks Airport and Anchorage Airport, Alaska; operation, maintenance, etc 12497
Federal aid for development of public airports. *See* Airports, public.

CIVIL AERONAUTICS ADMINISTRATION—Con. Page

Instrument flight rules:
Instrument altitudes, minimum en route, on various civil airways (amber, blue, green and red airways) 7352, 7651, 8521, 9634, 11137
Instrument approach procedures, standard 7352
Automatic direction finding 7352, 12562
Automatic direction finding procedures 10593
Ground controlled approach 7352
High frequency range 7352, 10593, 11275
Instrument landing system 7352
Instrument landing system procedures 10593, 11762
Introduction; persons to whom applicable, use of additional data, etc 12865
Low frequency range 7352, 8584, 10593, 11275, 12562, 12691
Radio range 7352
Very high frequency omni-directional range procedures determination 11238, 11805
Very high frequency omnirange procedures 11276, 12420, 12564
Organization and functions:
Establishment and functions of Office of Aviation Defense Requirements, to carry out certain responsibilities and powers of Administrator under Defense Production Act of 1950 866
Revision 2975
Air Navigation Development Board; establishment, powers, duties, etc 2986
Introduction; creation, authority, addresses and inquiries 2975
Major field facilities:
Aeronautical Center 2986
Technical Development and Evaluation Center 2986
Washington Airport Project; Office of the Director 2986
Washington National Airport; functions 2986
Office of Administrator; functions and principal officials 2975
Program staff offices:
Airports, Office of 2976
Aviation Defense Requirements, Office of 2977
Aviation Development, Office of 2976
Aviation Safety, Office of 2976
Federal Airways, Office of 2977
General Services, Office of 2977
Regional offices; locations and areas served 2977
International Region 2985
Regions 1–9 2978
Airport District Office at Charleston, W. Va.: Consolidation of, with Airport District Office at Richmond, Va 6735
Reestablishment of 8029
Special staff offices:
Aviation Information Office 2976
Budget Office 2976
General Counsel's Office 2976
Organization and Methods Office 2976
Personnel Office 2976
Priority (DO) ratings, and allotment numbers and symbols, delegation of authority from National Production Authority to apply, with respect to contracts and purchase orders to meet authorized programs of CAA 260, 738, 8296
Radio antenna towers and/or supporting structures, construction, marking and lighting of; standards set forth by Federal Communications Commission in conjunction with Civil Aeronautics Administration. *See main heading* Federal Communications Commission.
Recordation, airworthiness directives 23, 3693
Registration of aircraft; aircraft registration certificates:
Display; change of reference, proposed rule making 2161
Duration; change of reference, proposed rule making 2161
Issuance of:
New or previously unregistered aircraft; proposed rule making 2161
Previously registered aircraft; proposed rule making 2161

CIVIL AERONAUTICS ADMINISTRATION—Con. Page

Restrictions on shipping to certain areas. *See* Transportation of goods by air.
Safety certificates, issuance of; delegation of authority to Administrator by Secretary of Commerce to authorize properly qualified private persons to exercise certain functions relating to examination, inspection and testing in connection with 554
Security control of air traffic:
Delegation of authority to Administrator by Secretary of Commerce respecting 99
Designated air defense identification zones:
Coastal ADIZ's 280
Alaskan 8448
Atlantic 8881
Hawaii 6745
Pacific 8881
Domestic ADIZ's 280
Alaskan 8448
Albuquerque 8881
Bangor 8881
Great Falls 8881
Knoxville 8881
Los Angeles 8881
Minneapolis 8881
San Francisco 8881
Seattle 8881
Traverse City 8881
International Boundary ADIZ's 280
Canadian 8881
Mexican 8881
Operating rules:
Adherence to DVFR flight plans and air traffic clearance; DVFR flights 1579
Authorized exceptions:
Alaskan Domestic ADIZ 8448
Altitude limitations 8881
Hawaiian ADIZ 6745
Intra-zone VFR flights 1579
Reporting points:
Aircraft entering United States through a Coastal ADIZ, foreign aircraft 6242
Flights within or penetrating domestic ADIZ or entering United States across an International Boundary ADIZ, DVFR flights 1579
Technical Standard Orders—C Series—Aircraft components 675, 10403
Aircraft fabric, external covering material:
Grade A 10430
Intermediate grade 10429
Airspeed tubes 10431
Altimeter, pressure actuated, sensitive type 10418
Automatic pilot 10416
Combustion heaters 10436
Description of Technical Standard Orders previously published by Civil Aeronautics Board 675
Detectors:
Fire 676, 10423
Smoke 10403
Fire extinguishers, portable water-solution type 10434
Fire-resistant aircraft material 10432
Flares, landing 683, 10444
Indicators:
Airspeed 10405
Bank and pitch 10409
Climb 10414
Direction:
Magnetic:
Non-stabilized type 676, 10414
Stabilized type 10412
Non-magnetic, stabilized type 10410
Turn and bank 10407
Life preservers 10428
Life rafts 10427
Light flashers, position 10433
Parachutes 682, 10443
Safety belts 680, 10442
Seats and berths, aircraft 684, 10445
Turnbuckle assemblies and/or safetying devices, special aircraft 10439

CIVIL AERONAUTICS ADMINISTRATION—Con. Page

Transport aircraft; delegation of authority to Administrator by Secretary of Commerce respecting development of improved transport aircraft 359
Transportation of goods by air; administration of orders respecting, including Transportation Order T-1 and T-2 respecting restrictions on shipping to Communist China, Hong Kong and Macao, assignment of responsibility by Secretary of Commerce 12911
Washington National Airport:
Gambling and drugs 2701
Organization and functions 2986

CIVIL AERONAUTICS BOARD:
Accidents and missing aircraft; investigation of accidents occurring at or near certain cities:
Chicago, Ill.; Chicago Midway Airport 476
Denver, Colo 12623
Flagler, Colo 9915
Fort Collins, Colo 6888
Fort Wayne, Ind 4278
Key West, Fla 4498
Kingston, Jamaica 10092
Miami, Fla 10791
Minneapolis, Minn.; St. Paul-Minneapolis International Airport 2896
Monrovia, Liberia, Africa 7572
Newark, N. J.; Newark Airport 5298
Oakland, Calif 9200, 12233
Ocala, Fla 12517
Philadelphia, Pa.; Philadelphia International Airport 867
Phoenix, Ariz 2896
Reardon, Wash 1095, 6641
Redwood City, Calif 10907
Richmond, Va 8502
Santa Ynez Peak, Calif 3493
Sioux City, Iowa; Sioux City Airport 2408
Tucumcari, N. Mex 12020
Tulsa, Okla 2588
Accounts, accounting requirements, records and reports. *See* Economic regulations.
Air agencies, certificates and ratings for. *See* Certificates and ratings.
Air carriers:
Accidents and missing aircraft, investigation of. *See* Accidents and missing aircraft.
Foreign. *See* Foreign air carrier regulations.
Irregular. *See* Irregular air carrier and off-route rules.
Scheduled. *See* Scheduled air carriers.
Air taxi operators; proposed rule making 1684
Air traffic rules:
Danger areas over Army, Navy, and Air Force installations in various States:
CAA rules 11066, 11274
Designation of areas added, deleted or altered 4, 344, 455, 496, 713, 2051, 2468, 2720, 2865, 3333, 4309, 4607, 5532, 5616, 5834, 6745, 6915, 7277, 7351, 7455, 7696, 7874, 8448, 9070, 9680, 10204
Recodified and transferred 11066
Definitions; traffic pattern, proposed rule making 9099
General:
Air navigation over foreign countries and high seas; proposed rule making 9098
Authority of pilot; proposed rule making 9098
Scope:
Certificates of waiver issued for air shows (CAA policies) 9802
Proposed rule making 9098
General flight rules (GFR):
Acrobatic flight; proposed rule making 9098
Adherence to air traffic clearances required of scheduled air carriers (CAA rules) 9306
Air races, air meets, and air exhibitions; proposed rule making 9098
Danger areas; airspace restricted areas. *See* Danger areas over Army, Navy and Air Force installations in various States, *above*.
Minimum safe altitudes:
Definitions (CAA rules):
"LFR" means low frequency radio range 672
"VOR" means VHF omni range 672

CIVIL AERONAUTICS BOARD—Continued Page

Air traffic rules—Continued
General flight rules (GFR)—Continued
Minimum safe altitudes—Continued
Minimum en route instrument altitudes on various airways, routes between various cities on red, blue, green, and amber airways (CAA rules) 672, 1232, 1233, 1725, 1726, 2182, 2720, 3691, 5614, 6274, 7351
Proposed rule making 9098
Operation on and in vicinity of an airport:
Proposed rule making 9098
Traffic pattern (CAA rules):
Light signals 6828
Right-turn indicators 6828
Traffic patterns:
Anchorage Airport and Lake Hood-Lake Spenard landing area 6828
Fairbanks Airport and Chena River landing area 6831
Instrument altitude minimums. *See* General flight rules.
Instrument flight rules (IFR):
Air traffic clearance required of scheduled air carriers (CAA rules) 9306
Approach procedure, standard (CAA rules) 224, 926, 2121, 3002, 3978, 5434, 7351
Automatic direction finding procedures 226, 931, 3003, 3981, 5433
High frequency range procedures 5437
Instrument landing system procedures 227, 2123, 3983, 5441
Introduction; proposed rule making 22
Low frequency range procedures 225, 927, 2122, 3002, 3979, 5435
Radio range procedures determination 495
Radio communications (CAA rules and policies):
Required of scheduled air carriers 9306
Route of flight and communications procedures 11335
Long distance domestic flights at certain altitudes; extension of effective period, special regulation (SR-363) 6273
Visual flight rules (VFR); proposed rule making:
Ceiling and distance from clouds 9098
Visibility 9098
Airmen; certificates and ratings. *See* Certificates and ratings.
Airworthiness; requirements for various types of aircraft and equipment:
Aircraft, restricted category. *See* Airplane: restricted category aircraft.
Aircraft equipment:
Engine; revision, proposed 11366, 11367
Equipment, various types:
See also Engine; *and* Propeller.
Aircraft components, approval of (CAA rules) 672
Classification of items of equipment; automatic pilots (CAA rules), revocation 672
Rescission of part; proposed 11366, 11392
Safety belts, requirements; exception in case of material shortages, special regulation (SR-360) 420
Propeller; revision, proposed 11366, 11390
Airplane:
Acrobatic category airplane. *See* Normal, utility and acrobatic categories.
Airplane airworthiness:
Airworthiness requirements; approval of aircraft components (CAA rules) 671
Cross references to technical standards orders; revocations 671
Equipment, requirements; approval of aircraft components (CAA rules) 671
Maximum weights for certain airplanes:
Airplanes operated by Alaskan air carriers, extension of special authorization, special regulation (SR-375) 10772
Airplanes operated by Fish and Wildlife Service; extension of special authorization, special regulation (SR-376) 8988, 10772
Safety belts, requirements; exception in case of material shortages, special regulation (SR-360) 420

Airplane—Continued
Cargo transport category. *See* Passenger transport and cargo transport categories; *and* Transport categories.
Normal, utility, and acrobatic categories:
Airworthiness requirements:
CAA rules, policies and interpretations:
Airplane categories 3278
Certificates:
Airworthiness, experimental and production certificates 3278
Type certificates; flight tests 3279
Changes of engines 3281
Definitions 3282
Materials, parts, processes, and appliances, approval of 669, 3281
Revision of subpart; proposed 11366, 11370
C-46 type airplane for carriage of persons or property, maximum weight for:
See also under Hearings.
Proposed rule making 6961
Cross references to technical standards orders; revocations 671
Design and construction; CAA rules, policies and interpretations:
Control surfaces (fixed and movable); installation 3289
Control systems 3289
Fuselage:
Emergency provisions 3290
Personnel and cargo accommodations 3291
Pilot compartment 3289
Landing gear:
Retracting mechanism 3289
Skis 3289
Wheels and tires 3289
Structural parts; material strength properties and design values 3289
Wings 3289
Equipment; CAA rules, policies and interpretations:
Electrical systems and equipment:
Batteries 3211
Installation 3292
Lights:
Instrument 3292
Position 3211, 3292, 6743
Switch, master 3292
Radio equipment; installation 3292
Safety equipment; life rafts and life preservers 3292
Flight requirements:
Flight characteristics:
Spinning; CAA interpretations 3284
Stability; CAA policies 3284
Stalls:
CAA policies and interpretations 3284
Stalling demonstration 4174, 5434
Trim; CAA policies 3284
Performance requirements; CAA rules, policies and interpretations:
Climb 3283
Landing 3284
Stalling speed of "not to exceed 70 miles per hour"; revocation 3283
Take-off 3283
Weight range and center of gravity 3282
Operating limitations and information; CAA rules, policies and interpretations:
Airplane flight manual 3293
Markings and placards 3292
Control markings 3293
Instrument markings 3293
Power-plant installations, reciprocating engines; CAA rules, policies and interpretations:
Components; reverse-thrust propellers, revocation 3291
Cooling; tests 3291

CIVIL AERONAUTICS BOARD—Continued Page

Engines and propellers 3291
Fire wall and cowling 3292
Fuel system; fuel tanks installation 3291
Induction system; de-icing and anti-icing provisions 3292
Safety belts, requirement; exception in case of material shortages, special regulation (SR-360) 420
Strength requirements; CAA rules, policies and interpretations:
Control surface loads:
Ailerons, wing flaps, tabs, etc 3288
General 3286
Tail surfaces:
Horizontal 3286
Vertical 3287
Control system loads; primary flight controls and systems 3288
Flight loads; symmetrical and unsymmetrical flight conditions 3284
Ground loads:
Ground loads 3288
Landing cases and attitudes 3288
Skiplanes 3288
Proof of structure 3284
Water loads; general 3288
Weight; gross weight for amphibians of Transocean Air Lines, in Trust Territory of the Pacific Islands, special regulation (SR-364) 6406
Passenger transport and cargo transport categories:
See also Transport categories.
Proposed rule making 11393
Restricted category aircraft; aircraft of a type not previously certificated (CAA policies) 10114
Transport categories:
Airworthiness directives; revocation 671
Cargo transport, operating limitations; special regulation, proposed 11392
Cockpit standardization; special regulation (SR-370) 8973
Design and construction:
Control systems; proposed 11366
Control system details; general 11379
Control system locks 11379
Wing flap intersection 11379
Emergency provisions; emergency evacuation 10131, 11393, 11761
Fire protection; proposed 11366, 11380
Cabin interiors 11380
Cargo compartment classification 11380
Combustion heater fire protection 11381
Flammable fluid fire protection 11381
General 11380
Proof of compliance 11380
General; proposed 11366
Flutter, deformation and vibration 11379
Flutter and vibration prevention measures; rescission 11379
Material strength properties and design values 11379
Stiffness; rescission 11379
Hulls and floats; proposed 11366
Boat hulls 11379
Seaplane floats 11379
Landing gear:
Brakes:
CAA policies 4522
Proposed 11366, 11379
Retracting mechanism; proposed 11366, 11379
Skis; proposed 11366, 11379
Tires; proposed 11366, 11379
Wheels; proposed 11366, 11379

      - Stability and control:
        - Directional — 4522
        - Longitudinal — 4522
      - Water handling:
        - Demonstrated cross wind — 4522
        - Spray characteristics — 4522
        - Stability and control — 4522
    - Controllability; proposed — 11366
      - Longitudinal control — 11374
      - Minimum control speed, V_{MC} — 11374
    - General; proposed — 11366
      - Center of gravity limitations — 11374
      - Weight limitations — 11393
    - Performance:
      - Accelerate-stop distance (CAA policies) — 4522
      - General:
        - Humidity accountability respecting airplanes type certificated on or after Feb. 12, 1951 — 314
        - Proposed rule making — 11366, 11374
      - Landplanes (CAA policies) — 4522
      - One-engine-inoperative climb, proposed — 11366, 11374

CIVIL AERONAUTICS BOARD—Continued — Page

Airworthiness; requirements for various types of aircraft and equipment—Continued
- Airplane—Continued
  - Transport categories—Continued
    - Flight—Continued
      - Stability; static directional and lateral stability, proposed — 11366, 11374
      - Stalling characteristics:
        - Stall warning — 11192, 11374, 12220
        - Stalling, asymmetrical power — 11375
        - Stalling, symmetrical power — 11192, 11374, 12220
      - Trim; longitudinal, directional, and lateral trim, proposed — 11366, 11374
      - Water handling characteristics; proposed — 11366, 11375
    - General:
      - Applicability and definitions; proposed — 11366
        - Applicability of this part — 11393
        - Definitions — 11373
      - Certification:
        - Airplane categories; proposed — 11366, 11393
        - Approval of aircraft components (CAA rules) — 671
        - Eligibility for type and airworthiness certificates (CAA policies) — 4522
        - Flight tests; proposed — 11366, 11393
        - Proposed rule making — 11366, 11373
      - Lights; position light system, new requirements, special regulation (SR–361) — 909, 2468
      - Operating limitations and information:
        - Airplane flight manual (CAA policies) — 1052, 4524
        - Limitations, powerplant; proposed — 11366, 11385
        - Markings and placards:
          - CAA policies — 4524
          - Control markings; general, proposed — 11366, 11385
          - Powerplant instruments; general, proposed — 11366, 11385
      - Passenger transport and cargo transport categories; change in part caption, proposed — 11393
      - Powerplant installation (reciprocating engines):
        - Caption of subpart; revision, proposed — 11366, 11381
        - Cooling system:
          - General (CAA policies) — 4523
          - Liquid cooling system; proposed — 11366, 11382
        - Fuel system components; proposed — 11366
          - Jettisoning system — 11382
          - Lines and fillings — 11382
          - Pumps — 11381
        - Fuel system construction and installation; proposed — 11366
          - Fuel tank vents and carburetor vapor vents — 11381
          - Under-wing fueling provisions — 11381
        - Fuel system operation and arrangement; fuel system independence, proposed — 11366, 11381
        - General; scope (CAA policies) — 4523
        - Induction and exhaust systems; proposed — 11366
          - Exhaust system and installation components — 11382
          - Induction system ducts — 11382
        - Installation; proposed — 11381
          - Engines — 11381
          - General — 11381
          - Propeller de-icing provisions — 11381
        - Oil system; proposed — 11366
          - General — 11382
          - Oil tank construction — 11382
          - Oil tank installation — 11382
        - Powerplant controls and accessories:
          - Engine ignition systems; proposed — 11366, 11382
          - General (CAA policies) — 4523
          - Powerplant accessories; proposed — 11366, 11382
          - Propeller controls:
            - CAA policies — 4523
            - Proposed rule making — 11366 11382
        - Powerplant fire protection; proposed — 11366
          - Cowling — 11383
          - Designated fire zones — 11382
          - Drainage and ventilation of fire zones — 11383
          - Fire detector systems — 11383
          - Fire extinguisher systems — 11383
          - Flammable fluids — 11382

CIVIL AERONAUTICS BOARD—Continued — Page

Airworthiness; requirements for various types of aircraft and equipment—Continued
- Airplane—Continued
  - Transport categories—Continued
    - Powerplant installation (reciprocating engines)—Continued
      - Powerplant fire protection; proposed—Con.
        - Protection of other airplane components against fire — 11383
        - Shut-off means — 11383
      - Safety belts, requirements; exceptions in case of material shortages, special regulation (SR–360) — 420
    - Structure:
      - Control surface and system loads; proposed — 11366
        - General — 11375, 11376
        - Tabs — 11376
      - Emergency landing conditions; general, proposed — 11366, 11378
      - Flight loads; proposed — 11366
        - Effect of high lift devices — 11375
        - Flight envelopes — 11375
        - Rolling conditions — 11375
        - Yawing conditions — 11375
      - General; strength and deformation, proposed — 11366, 11375
      - Water loads:
        - CAA policies — 1630
        - Proposed rule making — 11366, 11376
    - Technical standards orders; deletions, revocations or transfers — 671
  - Utility category airplanes. *See* Normal, utility and acrobatic categories, *above*.
- Certificates for identification and marking of aircraft — 11370, 11697
- Glider airworthiness; proposed rule making — 11369, 11385
- Rotorcraft:
  - Cross references to technical standards orders; revocation — 672
  - Design and construction; landing gear, wheels, proposed — 11366, 11386
  - Flight, performance; power-off landings for multi-engine rotorcraft, proposed — 11366, 11386
  - General:
    - Aircraft components, approval of (CAA rules) — 672
    - Certification; proposed — 11366
      - Changes in type design — 11386
      - Data required — 11386
      - Designation of applicable regulations — 11386
      - Eligibility for type certificates — 11386
      - Type certificate — 11386
    - Changes; rescission, proposed — 11366, 11386
    - Definitions; proposed — 11366, 11386
  - Powerplant installation; fuel system, usable fuel supply, proposed — 11366, 11387
  - Revision (corrections) — 545, 713
  - Safety belts, requirements; exception in case of material shortages, special regulation (SR–360) — 420
  - Structure:
    - Control surface and system loads; life of auxiliary rotor assemblies (CAA interpretations) — 3405
    - Main component requirements; service life of main rotors (CAA policies) — 3405
- Authority, delegation of:
  - Construction of new aircraft; redelegation of authority by Undersecretary of Commerce for Transportation — 6405
  - Military services; authority to permit air carriers under contract to military services to deviate from certain provisions of regulations, special regulation (SR–367) — 7522, 8270
  - To various officials of Board, statement respecting. *See* Organization, delegations of authority, information, etc.
- Balloon, free; standards and recommended practices for personal licensing. *See* International Civil Aviation Convention.
- Board; principles of practice of. *See* Procedural regulations.

CIVIL AERONAUTICS BOARD—Continued — Page

- Cargo carriers:
  - Airworthiness. *See* Airworthiness: airplane.
  - Irregular. *See* Irregular air carriers.
  - Noncertificated; filing of reports, proposed rule making — 1683
- Certified air carriers, filing of reports by. *See* Economic regulations.
- Certificates and ratings:
  - Air agencies:
    - Airman agency certificates:
      - Certificates; CAA rules:
        - Advertising — 6866
        - Application; proposed rule making — 3237, 6865
        - Change of location — 6866
        - Curriculum changes — 6866
        - Graduation certificates — 3237, 6866
        - Inspection — 6865
        - Issuance, display, duration, etc — 6858, 6865
        - Maintenance of facilities, equipment, and material — 6866
        - Quality of instruction — 6865
        - Records — 6866
        - School ratings — 6858
        - Student examinations — 6865
      - Requirements:
        - Flying school curriculum — 8186, 9502
        - CAA rules — 3233, 4308, 6859
        - Proposed rule making — 10269
        - Flying school requirements (CAA rules) — 6859
        - Ground school requirements and curriculum (CAA rules) — 3232, 6858
    - Ground instructor rating:
      - Certificate:
        - Airman identification card — 2367, 4176
        - Duration; proposed rule making — 7466
        - Renewal; proposed rule making — 7466
      - Examinations and tests; practical test requirement for original issuance of ground instructor certificate or rating (CAA rules) — 3888
      - Reports, annual experience; revocation — 163
    - Mechanic school certificates; proposed revision — 3663
    - Repair station certificates; proposed revision — 3660
  - Airmen:
    - Airline transport pilot rating:
      - Competency certificate; duration, proposed making — 7464
      - Pilot regulations; airman identification card — 2367, 6912
        - Extension of date to October 1, 1951, for compliance with requirements; special regulation (SR–371) — 9070
        - Extension of date to December 15, 1951, for compliance with requirements; special regulation (SR–374) — 10114
    - Air-traffic control-tower operator certificates; regulations:
      - Air traffic control procedures to be applied by (CAA rules); revocation — 3459
      - Airman identification card — 2367, 4176
      - Certificates, issuance and expiration of:
        - Duration; proposed rule making — 7465
        - Renewal of certificates and ratings; proposed rule making — 7465
      - Control of air traffic (CAA rules) — 3459
      - Examinations; reexamination after failure — 2561
      - Reports, annual experience; revocation — 163
    - Dispatcher, aircraft, certificates:
      - Certificate:
        - Airman identification card — 2367, 6913
        - Extension of date to October 1, 1951, for compliance with requirements; special regulation (SR–371) — 9070
        - Extension of date to December 15, 1951, for compliance with requirements; special regulation (SR–374) — 10114
      - Duration; proposed rule making — 7466
      - Reexamination after failure — 2561
      - Renewal of certificates; proposed rule making — 7466
      - Reports, annual experience; revocation — 163
    - Requirements, aeronautical experience; for approved aircraft dispatcher course (CAA rules), proposed rule making — 14, 4302

CIVIL AERONAUTICS BOARD—Continued — Page

Certificates and ratings—Continued
Airmen—Continued
Engineer, flight, certificates:
Certificate requirements:
Experience; requirements for approved flight engineer courses (CAA rules), proposed rule making — 17, 4306
Knowledge, aeronautical; content and scope of written examination required in proof of (CAA policies) — 1630
Limited certificates, under which flight engineers may serve aboard aircraft having less than four engines and incorporating flight engineer station (CAA policies) — 1630
Physical standards; color vision requirements — 1707
Skill, aeronautical; content and scope of practical examination required in proof of (CAA policies) — 1630
Certification rules:
Airman identification card — 2367, 6914
Extension of date to October 1, 1951, for compliance with requirements; special regulation (SR–371) — 9070
Extension of date to December 15, 1951, for compliance with requirements; special regulation (SR–374) — 10114
Duration; proposed rule making — 7466
Reexamination after failure — 2562
Renewal of certificates; proposed rule making — 7466
Lighter-than-air pilot certificates:
Certificates:
Duration; proposed rule making — 7465
Renewal of certificates and ratings; proposed rule making — 7465
Termination of certificates; rescission — 7465
Pilot regulations; airman identification card — 2367, 4175
Requirements for various grades of certificates:
Commercial pilot certificate, physical condition; color vision requirements — 1704
Free balloon pilot certificate — 991, 2143
Age — 12190, 4302
Experience, aeronautical — 2190, 4302
Private pilot certificate, physical condition; color vision requirements — 1704
Student pilot certificate, physical condition; color vision requirements — 1704
Mechanic certificates:
Certificates; duration, proposed rule making — 7465
Limited mechanic certificate with propeller or aircraft appliance rating, special regulation, (SR–365) — 3658, 6743
Mechanical work performed on U. S. registered aircraft by certain Canadian mechanics; special regulation, proposed rule making — 9530
Regulations:
Airman identification card — 2367, 4175, 6913
Extension of date to October 1, 1951, for compliance with requirements; special regulation (SR–371) — 9070
Extension of date to December 15, 1951, for compliance with requirements, special regulation (SR–374) — 10114
Renewal of certificates and ratings; proposed rule making — 7465
Reports, annual experience; revocation — 163
Revision, proposed — 3658
Navigator, flight, certificates:
Certificate requirements:
Experience; requirements for approved flight navigator courses (CAA rules) — 16, 4304
Knowledge, aeronautical, content and scope of written examination required in proof of (CAA policies) — 3887
Physical standards; color vision requirements — 1706
Skill, aeronautical, content and scope of practical examination required in proof of (CAA policies) — 3887

Airmen—Continued
Navigator, flight, certificates—Continued
Certification rules:
Airman identification card — 2367, 6914
Extension of date to October 1, 1951, for compliance with requirements; special regulation (SR–371) — 9070
Extension of date to December 15, 1951, for compliance with requirements; special regulation (SR–374) — 10114
Duration; proposed rule making — 7466
Reexamination after failure — 2562
Renewal of certificates; proposed rule making — 7466
Limited flight navigator certificate, requirements for issuance; special regulation (SR–359) — 314
Parachute rigger certificates:
Certification rules:
Duration; proposed rule making — 7465
Exchange of certificates; proposed rule making — 7465
Operating rules; airman identification card — 2367, 4176
Physical standards, for airmen:
First class:
Eye, near vision requirements — 1705
Physical condition, general; blood pressure requirements — 1705
Second class; eye, color vision requirements — 1705
Third class; eye, color vision requirement — 1705
Waiver of physical standards — 1705
Pilot certificates:
See also Airline transport pilot rating; *and* Lighter than-air pilot certificates.
Certification rules:
Airman identification card — 2367, 4175, 6912
Extension of date to October 1, 1951, for compliance with requirements; special regulation (SR–371) — 9070
Extension of date to December 15, 1951, for compliance with requirements; special regulation (SR–374) — 10114
Duration, proposed rule making — 7464
Renewal of certificates and ratings; proposed rule making — 7464
Commercial pilot rating:
Aeronautical experience — 7464, 9801
Physical standards, powered aircraft (color vision requirements) — 1704
Private pilot rating:
Age — 2189, 4301
Experience, aeronautical — 693, 2190, 4301
Knowledge, aeronautical — 693, 2189, 4301
Physical standards; powered aircraft (color vision requirements) — 1703
Skill, aeronautical — 693, 4301
Ratings:
Aircraft rating competence — 4302
Instrument ratings; experience requirements (CAA interpretations) — 4429
Student pilot certificate, physical standards; powered aircraft (color vision requirements) — 1703
Radio operator, flight, certificates:
Certificate requirements; physical standards, color vision requirements — 1706
Certification rules:
Duration, proposed rule making — 7466
Exchange of certificates — 2143
Renewal of certificates, proposed rule making — 7466
Operating rules; airman identification card — 2367, 6913
Extension of date to October 1, 1951, for compliance with requirements; special regulation (SR–371) — 9070
Extension of date to December 15, 1951, for compliance with requirements, special regulation (SR–374) — 10114

CIVIL AERONAUTICS BOARD—Continued — Page

Certificates and ratings—Continued
Airmen—Continued
Radio operator, flight, certificates—Continued
Qualifications for certificates:
Experience requirements for approved flight radio operator courses (CAA rules) — 16, 4304
Knowledge, aeronautical; content and scope of written examination required in proof of (CAA policies) — 3405
Skill, aeronautical; content and scope of practical examination required in proof of (CAA policies) — 3405
Commercial operator certification. *See* Commercial operator certification and operation rules.
Certificates of public convenience and necessity; temporary suspension of service by local area carriers, proposed rule making — 1961
Certification, identification, and marking of aircraft and related products; proposed:
Aircraft nationality and registration marks; identification marks for nonconventional aircraft (CAA rules) — 11697
Airworthiness certificates:
Display of airworthiness certificate (CAA rules) — 11697
Duration — 11370
Experimental certificates; requirements for issuance (CAA rules) — 11697
Special flight permits; requirements for issuance (CAA rules) — 11697
Submitting application (CAA rules) — 11697
Applicability and definitions; type design — 11366, 11370
Changes in type design:
Classification of changes — 11366, 11370
General — 11366, 11370
Major changes, approval of — 11366, 11370
Minor changes, approval of — 11366, 11370
Service experience changes — 11366, 11370
Production certificates (CAA rules):
Modification of production limitation record; submitting application for modification — 11697
Submitting application — 11697
Type certificates:
Application (CAA rules) — 11697
Redesignations — 11366, 11370
Requirements for issuance — 11366, 11370
Statement of conformity (CAA rules) — 11697
Type design changes; rescission — 11366, 11370
Charter trips, by certificated air carriers — 2700, 10693
Civil Service Rules; certain positions excepted from competitive service (Schedule A) — 2487
Claimant under DPA Administration Order 1 with respect to construction of new aircraft; redelegation of authority by Undersecretary of Commerce for Transportation — 6405
Classification of air carriers. *See* Economic regulations.
Commercial operator certification and operation rules:
Emergency evacuation provisions for aircraft presently certificated; special regulation, proposed — 13151
Maximum weights for certain airplanes operated by Alaskan air carriers; extension of special authorization, special regulation (SR–375) — 8988, 10772
Military services, delegation of authority to Administrator to permit air carriers under contract to military services to deviate from certain provisions of regulations, special regulation (SR–367) — 7522, 8270
Construction of new aircraft, claimant under DPA Administration Order 1; redelegation of authority by Undersecretary of Commerce for Transportation — 6405
Danger areas over Army, Navy, and Air Force installations. *See* Air traffic rules.
Defense contract operations; accounting and reporting requirements. *See* Economic regulations.
Defense Production Act, programs under; designation of Secretary of Commerce to act as claimant agency for — 4914

CIVIL AERONAUTICS BOARD—Continued — Page

Economic regulations:
Accounts, records and reports; filing of financial and statistical, etc., reports:
Cargo carriers, noncertificated; proposed rule making — 1683
Certificated air carriers. *See* Certificated air carriers.
Irregular air carriers; proposed rule making — 1683
Air taxi operators; proposed rule making — 1684
Cargo carriers, noncertificated; filing of reports by. *See* Accounts, records and reports.
Certificated air carriers, filing of reports by, and uniform accounting requirements — 12937
Balance sheet accounts — 12939
Defense contract operations, accounting and reporting requirements applicable to — 12976
General instructions — 12938
Income taxes — 12966
Non-operating income and expense accounts — 12965
Operating expense accounts — 12955
Operating revenue accounts — 12953
Reporting procedure — 12966
Certificates of public convenience and necessity; temporary suspension of service by local area carriers, proposed rule making — 1961
Charter trips and special services by certificated air carriers — 2700
Temporary authorization for National Defense transportation, extended — 10693
Classification and exemption:
Of Alaskan air carriers; extension of temporary exemption — 7878, 9633
Of irregular air carriers; operational limitations on exercise of temporary exemption by large irregular aircraft:
Extension of effective date — 3005, 4309, 5159, 6503
Large irregular carriers; conditions on operating authority, extent of operations — 1683, 2217
Statement of policy regarding role of large irregular carrier — 1683, 2217
Irregular air carriers, filing of reports by. *See* Accounts, records and reports.
Rules of practice in economic proceedings. *See* Procedural regulations.
Special services, by certificated air carriers. *See* Charter trips.
Transportation, free and reduced-rate; notice of oral argument — 2105
Equipment, aircraft:
Airworthiness requirements. *See* Airworthiness.
Maintenance, repair and alteration. *See* Maintenance, repair.
Foreign air carrier regulations; operations specifications:
Application for operations specifications by foreign air carriers (CAA rules) — 19, 9722
Ceiling and visibility minimums (CAA policies) — 11334
Free and reduced-rate transportation; notice of oral argument — 2105
Glider:
Airworthiness requirements. *See* Airworthiness.
Pilots; standards and recommended practices for personal licensing. *See* International Civil Aviation Convention.
Hearings, investigations, etc.:
Accidents, aircraft, and missing aircraft. *See* Accidents and missing aircraft.
Companies and cases, list of. *See list at end of this agency.*
Economic proceedings, rules of practice in. *See* Procedural regulations.
International Civil Aviation Convention, Annex 1, "Standards and Recommended Practices for Personal Licensing"; summary of substantive differences between Civil Air Regulations and proposed amendments respecting certain requirements for glider and free balloon pilots — 2189
Irregular air carrier and off-route rules:
Aircraft equipment:
Basic required instruments and equipment for aircraft; proposed — 11933

CIVIL AERONAUTICS BOARD—Continued — Page

Irregular carrier and off-route rules—Continued
Aircraft equipment—Continued
First-aid and emegency equipment; first-aid kits (CAA rules), proposed 11698
Radio communication system and navigational equipment for large aircraft 1710, 8038
Aircraft requirements:
Aircraft limitations for IFR and land aircraft overwater operations; proposed 12366
Aircraft required:
Exclusive use (CAA policies); revocation 926
Leasing of aircraft (CAA policies); revocation 926
Listing of aircraft (CAA rules); revocation 926
Minimum performance requirements for large airplanes used in passenger operations (airplanes certificated as basic type after July 1, 1951) 4963
Rescission of requirement for mandatory certification in transport category and redesignation; proposed 11787
Boeing S–307 aircraft, performance data on (CAA rules) 1681, 4485
C–46 airplane for carriage of persons or property, maximum weight for:
See also Hearings.
Proposed rule making 6961
Cargo carriers:
See also Cargo transport.
Continuance of temporary authorization for operation of air carriers, pending further determination, special regulation (SR–368) 7505
Cargo transport, operating limitations; special regulation, proposed 11392
Classification and exemption of irregular air carriers. *See* Economic regulations.
Emergency evacuation provisions for aircraft presently certificated; special regulation, proposed 13151
Flight crew requirements:
Pilot qualification for large aircraft 8165
Proficiency of crew serving on large aircraft; familiarization with aircraft involved in interchange of equipment (CAA policies), revocation 926
Flight operation rules; standard instrument approach procedures (CAA rules) 7351
Maintenance requirements; maintenance manual, passenger and crew weights (CAA rules) 3232, 11415
Maximum weights for certain airplanes operated by Alaskan air carriers, extension of special authorization; special regulation (SR–375) 8988, 10772
Military services; delegation of authority to Administrator to permit air carriers under contract to military services to deviate from certain provisions of regulations, special regulation (SR–367) 7522, 8270
Operating limitations for large passenger-carrying airplanes:
Aircraft not certificated in transport category, performance data on Boeing S–307 aircraft (CAA rules) 1681, 4485
En route limitations; one engine inoperative; proposed 11369, 11392
Landing distance limitations, airport of destination; proposed 11369, 11392
Take-off limitations to provide for engine failure; proposed 11369, 11392
Reports, financial and statistical, filing of, by irregular air carriers; proposed rule making 1683
Resort Airlines, Inc.; extension of special authorization, special regulation (SR–373) 8943, 9322
Safety belts, requirements; exception in case of material shortages, special regulation (SR–360) 420
Trust Territory of the Pacific Islands, operation of amphibians by Transocean Air Lines; waiving of provisions respecting alteration or addition to structure of aircraft, special regulation (SR–364) 6406
Maintenance, repair, and alteration of certificated aircraft and of aircraft engines, propellers, and instruments:
Mechanical work performed on U. S. registered aircraft by certain Canadian mechanics, special regulation (SR–377) 9530, 11671
Revision; proposed 3656

CIVIL AERONAUTICS BOARD—Continued — Page

Operating certification for scheduled air carriers. *See* Scheduled air carriers.
Operation rules, general, for aircraft:
Commercial pilot privileges and limitations; recent flight experience, proposed rule making 7466
Maintenance (CAA rules):
Annual inspections 10132, 13035
Periodic inspection 10133, 13036
Mechanical work performed on U. S. registered aircraft by certain Canadian mechanics; special regulation, proposed rule making 9530
Private pilot privileges and limitations; recent flight experience 4303
Proposed rule making 7466
Safety belts, requirements respecting; exception in case of material shortages, special regulation (SR–360) 420
Student pilot limitations:
Flight area limitations 4308, 7140
Requirement for first solo 4308
Organization, delegations of authority, information, etc.:
Delegations of authority, final statement of:
Prior to revision:
Director, Bureau of Economic Regulations; Letters of Registration issued pursuant to Part 296 of Economic Regulations 1908
Revocation 2530
Director, Bureau of Safety Regulations; waiver of civil air regulations for operations conducted under contract with the Armed Services 1908
Revocation 2530
Revision 2530
Chief, Office of Enforcement 2531
Chief Examiner 2531
Director, Alaska Office 2531
Director, Bureau of Air Operations 2531
Director, Bureau of Safety Investigation 2533
Director, Bureau of Safety Regulation 2533
Examiners and presiding officers 2531
Officers and employees 2531
Organization, central and field, statement of:
Central organization:
Bureau of Air Operators 2606
Offices of members; general pattern of organization 2606
Field organization; Accounting and Statistics Division 2607
Passenger transport categories; airworthiness requirements. *See* Airworthiness.
Procedural regulations:
Civil Aeronautics Board, principles of practice of 2932
Economic proceedings, rules of practice in:
Hearings, argument, etc., recommended decisions 5835
Informal mail rate conference procedure 75
Petitions to conduct charter trips and special services in foreign and overseas transportation 4524
Procedure in rate proceedings, etc 5835
Rehearing, reargument, or reconsideration, successive petitions for 10978
Revision; proposed rule making 5704, 6316
Ratings. *See* Certificates and ratings.
Records and reports. *See* Economic regulations.
Rotorcraft; airworthiness requirements. *See* Airworthiness.
Rules of practice. *See* Procedural regulations.
Scheduled air carriers:
Certification and operation rules (interstate, overseas, or foreign passenger operations utilizing multiengine aircraft), proposed redesignation and revision of part; supplemental notice 286
Certification, operating:
Air carrier operating certificate:
Amendment of (CAA rules) 19, 9719
Application for (CAA rules) 19, 9719
Issuance of:
For local areas; authorizing use of aircraft under 12,500 pounds take-off weight, special regulation (SR–366) 7418

CIVIL AERONAUTICS BOARD—Continued — Page

Private secretary or confidential assistant to Chairman of Board 305
Special assistants to Chairman of Board, grades GS–13, GS–14, GS–15 637
Regional Wage Stabilization Boards:
Executive assistants to members 10305
Industry, labor, and public members of Boards 6907
Review and Appeals Committee, members of 10305
Tool and Die Industry Study Committee, economist for 8733
Positions filled from noncompetitive examination (Schedule B):
Civil Service Commission; assistant to Chairman 5649
Price Stabilization, Office of:
Positions in grades GS–13 through GS–15 2119
Positions of Regional Director, Deputy Regional Director, District Director, and Deputy District Director 2697, 6711
State Department; certain positions in foreign service, positions requiring specialized knowledge with respect to foreign affairs, certain specialists in Institute of Inter-American Affairs and Inter-American Educational Foundation, Inc 6336
Executive orders affecting Government employees. *See main heading* Presidential documents.
Foreign duty of Government employees:
Compensation for designated posts. *See main heading* State Department.
Home leave, creditable service for 13032
Positions excepted from competitive service:
Positions excepted from examination 8509
Positions filled from noncompetitive examination; certain specialists in Institute of Inter-American Affairs and Inter-American Educational Foundation, Inc 6336
Travel time for return to United States, leave regulations respecting 13032
Hearing examiners, appointment, removal, etc.:
Prior to revision; appointment from position other than hearing examiner position 3527
Revision 9623
Reductions in force, appeals respecting 11321
Higher grade, promotions to; restrictions. *See* Promotion, demotion, and reassignment.
Home leave, creditable service for 13032
Hospitals, Government, certain positions in:
Exclusion from provisions of Federal Employees Pay Act and Classification Act, revision 1985
Practical nurse affiliate, St. Elizabeths Hospital 12605
Student laboratory technician of Army Department and Public Health Service 5199
Student medical interns, Gallinger Municipal Hospital 2649
Stipends; revision 1985
Practical nurse affiliate, St. Elizabeths Hospital 12605
Student laboratory technicians, Army Department and Public Health Service 5200
Student medical and dental interns in Government hospitals:
Gallinger Municipal Hospital 2649, 12308
Other than Gallinger and Freedmen's Hospitals 6272

CIVIL SERVICE COMMISSION—Continued Page

Indefinite appointment, promotion, etc.:
Appointment, competitive and noncompetitive. *See* Appointment.
Promotion, demotion and reassignment; procedure. *See* Promotion, demotion, and reassignment.
Restoration rights of indefinite employees after service in armed forces 6165
Within-grade salary steps for indefinite employees with reemployment rights 1845
Investigations by Commission. *See* Regulations, investigation and enforcement, *and* Separations, suspensions, and demotions.
Leave regulations, for annual and sick leave:
Prior to revision:
Annual leave, accrual of:
Full-time employees 9067, 11711
Intermittent employees 11711
Part-time employees 9067, 11711
Non-pay status; deductions in annual and sick leave credits 9067, 11712
Restoration of pre-existing regulations for period July 1, 1951 through January 5, 1952 11711
Revision 13029
Administration 13032
Annual leave; note respecting issuance of regulations 13031
Definitions 13029
General provisions 13031
Home leave, creditable service for 13032
Part-time employees 13032
Recredit of annual and sick leave 13032
Sick leave 13031
Travel time for return to United States 13032
Uncommon tours of duty 13032
Veterans, recredit of leave 13032
Manpower Policy Committee, representation on 1272
Movement of employees between agencies with reemployment rights. *See* Appointment; *and* Promotion, demotion, and reassignment.
Part-time and intermittent employees, annual leave regulations for. *See* Leave regulations.
Pay regulations:
Foreign duty in designated posts. *See main heading* State Department.
Government hospitals; stipends for trainees. *See* Hospitals, Government.
Retention by employees in classified service of same rates of basic compensation regardless of demotion, while remaining in same positions occupied on effective date of Title VI of Classification Act of 1949, general provisions 8229
Within-grade salary steps for indefinite employees with reemployment rights 1845
Physical examination prior to entry into armed services, leave of absence for 6165
Postal employees; indefinite appointment, special provisions respecting conversion of war-service indefinite appointment 1843
Promotion, demotion, and reassignment and movement of employees between agencies with reemployment rights:
Appointment of employees with reemployment rights; authority of agencies to give indefinite appointments 6662
Indefinite promotions, demotions, and reassignments 1001
Pay, on demotion; retention of same rates of basic compensation regardless of demotion, while remaining in same positions occupied on effective date of Title VI of Classification Act of 1949, general provisions 8229
Permanent status of certain demotions and reassignments 1001
Reduction in force; status of permanent employees on indefinite assignment 1001
Reemployment rights of permanent employees transferring to defense agency:
Appointment of employees 1845
Within-grade salary steps, eligibility to 1845
Granting of 1845
Restrictions on promotion, transfer or appointment at higher grade and reassignment to different line of work 6662, 11555
Positions at or below GS–5 or equivalent 6662
Positions below GS–12 1662, 7119

CIVIL SERVICE COMMISSION—Continued Page

Puerto Rico. *See* Territories.
Reassignments. *See* Reemployment, reinstatement, etc.
Reductions in force:
Hearing examiners, appeals of 11321
Permanent employees on indefinite appointment, reached in reduction in force, status of 1001
Retention preference regulations. *See* Retention preference regulations.
Reemployment, reinstatement, etc.:
Reassignment. *See* Promotion, demotion, and reassignment; *and* Retention preference regulations for use in reductions in force.
Reemployment: *See* Appointment; Promotion, demotion, and reassignment; Regulations, investigation and enforcement; *and* Separation, suspensions and demotions.
Reinstatement; appointment of employees of other agencies without reemployment rights and of former Federal employees. *See* Appointment.
Restoration of Federal employees after service in armed forces; revision 6165
Register of persons eligible for appointment; restoration to registers of permanent or indefinite eligibles separated from service 10329
Regulations, investigation and enforcement; disqualification for examination for listed types of appointment for certain reasons, for period of not more than three years 7499
Restoration of Federal employees after service in armed forces; revision 6165
Retention preference regulations for use in reductions in force; actions, reassignments to continuing positions in local commuting area 6609, 10477
Security:
Loyalty investigations. *See main heading* Loyalty Review Board.
Separation from employment in interest of national security; determination by Commission as to employability by another agency 8509
Separation, suspensions and demotions:
Authority of Commission to investigate; investigations denied when agencies fail to follow prescribed procedure 8509
Removal on charges, effect on future employment 3271
Separation in interest of national security; determination by Commission as to employability by another agency 8509
Sick leave. *See* Leave regulations.
Status, competitive:
See also Appointment, *and* Promotion, demotion, and reassignment.
Acquisition of; regulations under Executive Order 10157:
Basic requirements:
Date of entrance on duty 4639
Veterans, recommendation by agency 4367
Continuous service; 44 work days equivalent of 60 calendar days 4640
Submission of recommendations:
Forms to be submitted 4367
Time limit in case of veterans 4367
Veterans:
Basic requirements 4367
Submission of recommendations 4367
Territories, service in; certain positions excepted from examination:
Puerto Rico; highway and bridge engineers 8509
Virgin Islands:
Engineers, highway and bridge 8509
Government of, certain positions concerned with 8509
Tours of duty, uncommon; leave regulations respecting 13032
Transfer to position of higher grade, restrictions on. *See* Promotion, demotion, and reassignment.
Travel time for return to United States, leave regulations respecting 13032
Veterans:
Appeals under Veterans' Preference Act. *See* Appeals.
Indefinite appointments in defense agencies; preference to be given veterans with and without status 4269
Leave, recredit of leave for 13032

CIVIL SERVICE COMMISSION—Continued — Page

Veterans—Continued
- Removal from employment on charges; investigation as to reemployability, period of time in which cases will be considered — 3271
- Restoration of Federal employees after service in armed forces; revision — 6165
- Status, competitive, acquisition of. *See* Status, competitive.
- War service indefinite postal employees serving December 1, 1950, not to be converted to indefinite appointment — 1843
- Within-grade salary steps for indefinite employees with reemployment rights — 1845

COAST AND GEODETIC SURVEY:
- Pay, allowances, etc., for members of uniformed service under Career Compensation Act; Executive order respecting. *See main heading* Presidential documents.

COAST GUARD:
- Aids to navigation; costs and charges for employment of vessels, and materials used to construct, repair and maintain — 4657
- Alaska, navigation and vessel inspection laws and regulations applicable in; notice of hearing respecting — 10465
- Allotments of seamen; bond allotments on shipping articles, revocation — 1830
- Anchorage and navigation regulations, St. Marys River, Michigan. *See* Navigation regulations.
- Authority, delegations of:
  - From National Production Authority; authority to apply priority (DO) ratings, to direct government contracts and purchase orders to meet authorized procurement and construction programs, confirmation of prior delegation by National Production Administration — 738
  - From Secretary of the Treasury to Commandant, United States Coast Guard; authority with respect to waivers of navigation and vessel inspection laws — 731
- Bays, sounds and lakes, vessels in; lifesaving equipment, etc. *See* Vessels in various waters.
- Boilers. *See* Marine engineering.
- British Ministry of War Transport, cargo vessels equipped with certificates issued by; waiver of certain navigation and vessel inspection laws and regulations respecting loading of passengers at United States ports for outward transportation, revocation — 1830
- Coast Guard military personnel:
  - Coast Guard Reserve, United States:
    - Active duty order; Executive order respecting. *See main heading* Presidential documents.
    - Enlistments in Reserve, extension of; Executive order respecting. *See main heading* Presidential documents.
    - Regulations:
      - Administration, organization, and general policy:
        - General policy respecting strength of Reserve — 7769
        - Precedence of officers: — 7769
          - Between officers of Reserve
          - Between officers of Reserve and officers of Coast Guard — 7770
          - Former officers of Navy or Coast Guard appointed in Reserve, date of rank of — 7770
          - Running mate, determination and redetermination of — 7770
        - Precedence of officers. *See* Administration.
        - Promotion; Commissioned Officers: — 7771
          - After failing of selection — 7771
          - Certain officers on active duty — 7771
          - Date of rank upon promotion — 7771
          - Procedures for effecting — 7770
          - Promotion boards; membership, procedures for, reports of, etc — 7771
          - Promotion lists — 7770
          - Promotion zone — 7771
          - Reversion from temporary rank — 7771
          - Types of promotion
- Mentally incompetent Coast Guard personnel, payment of amounts due to — 10636

COAST GUARD—Continued — Page

Coast Guard military personnel—Continued
- Retired personnel of Regular Coast Guard, active service for; Executive order respecting. *See main heading* Presidential documents.
- Trustee, for mentally incompetent personnel; appointment, bonding, etc., to receive pay in behalf of incompetent — 10636
- Coast Guard Reserve, United States. *See* Coast Guard military personnel.
- Coastwise waters, vessels in:
  - Equipment, operating requirements, etc. *See* Vessels in various waters.
  - Load lines for passenger vessels. *See* Load lines.
- Combustible liquids. *See* Explosives or other dangerous articles.
- Commandant, U. S. Coast Guard, delegation of authority to, from Secretary of Treasury, with respect to waivers of navigation and vessel inspection laws — 731
- Construction of vessels; engineering. *See* Marine engineering.
- Contracts, renegotiation of; Executive order respecting. *See main heading* Presidential documents.
- Courts-Martial Manual, 1951; Executive order respecting. *See main heading* Presidential documents.
- Courts-martial proceedings; joint regulations of armed forces. *See main heading* Defense Department.
- Crews of vessels; seamen. *See* Merchant Marine officers and seamen.
- Dangerous articles. *See* Explosives or other dangerous articles.
- Defense Production Act of 1950:
  - Delegation of authority by National Production Authority, to apply priority (DO) ratings, to direct government contracts and purchase orders to meet authorized procurement and construction programs, confirmation of prior delegation by National Production Administration — 738
  - Programs under; designation of Secretary of Defense as claimant agency for — 4913
- Discharge or termination of services of seamen, reporting of; waivers respecting — 1830
- Dry ice:
  - Classification as dangerous article for ships' stores and supplies — 1085
  - Transportation of vehicles loaded with, on board vessels — 1084
- Emergency, war:
  - Officers, licensed; regulations during emergency, to permit alien officers to serve on merchant vessels. *See* Merchant marine officers and seamen.
  - Waivers of certain navigation and vessel inspection laws and regulations during. *See* Waivers of certain navigation and vessel inspection laws and regulations.
- Employment of seamen. *See* Merchant marine officers and seamen.
- Engineering, marine; provisions respecting boilers, material piping systems, etc. *See* Marine engineering.
- Enlistments, extension of; Executive order respecting. *See main heading* Presidential documents.
- Equipment:
  - *See also* Tank vessels; *and* Vessels in various waters.
  - Approval of miscellaneous items — 508, 1685, 1686, 2578, 2579, 2580, 5136, 6150, 8553, 10133, 10134, 12366
  - Terminations or withdrawals of approval — 509, 510, 2580, 5138, 8554, 8941, 10135
  - Specifications, for various types of equipment and materials:
    - Construction; doors, watertight, sliding (and door controls), for merchant vessels — 1086
    - Engineering equipment; fusible plugs for merchant vessels — 8138, 11965
    - Flares; distress signals. *See* Lifesaving equipment.
    - Lifesaving equipment, for merchant vessels:
      - Lifeboat winches for merchant vessels, construction of — 5543
      - Mechanical disengaging apparatus, lifeboat; proposed changes in regulations — 8139
      - Preservers, fibrous glass — 1832, 7257

COAST GUARD—Continued — Page

Equipment—Continued
- Specifications, for various types of equipment and materials—Continued
  - Lifesaving equipment, for merchant vessels—Con.
    - Pumps, bilge, lifeboat — 1085
    - Signals, distress, pistol-projected parachute red flare (and signal pistol) — 1832, 7259, 7262
  - Materials, incombustible, for merchant vessels; asbestos millboard — 5133
- Evacuation, emergency, vessels requisitioned by United States for; waiver of certain navigation and vessel inspection laws and regulations — 12792
- Explosives or other dangerous articles or substances, transportation or storage on board vessels, use as ships' stores, etc.:
  - On tank vessel. *See* Tank vessels.
  - Ship's stores and supplies on board vessels, use of dangerous articles as; Table S-classification, ships' stores and supplies of a dangerous nature, carbon dioxide, solid (dry ice) — 1085
  - Supervision and control of; regulations for protection of vessels, harbors, etc — 5770, 8677, 11311
  - Transportation or storage:
    - Comparison of old section numbers and new section numbers — 7211, 7212
    - Definition; flammable, or inflammable — 1832, 7212
    - Explosives, detailed regulations governing; proposed changed in regulations — 8139
    - Gases, compressed, detailed regulations governing; proposed changed in regulations — 8138
    - Hazardous articles, detailed regulations governing; Table K-classification, hazardous articles, requirements regarding carbon dioxide, solid (dry ice, carbonice) — 1084
    - Liquids, flammable or inflammable; detailed regulations governing — 1831, 7219, 10857
    - List of explosives or other dangerous articles containing shipping name or description of articles subject to regulations:
      - Carbon dioxide, solid (dry ice) — 1083
      - Liquids, flammable or inflammable; proposed changes in regulations — 1832
      - Revision — 7212
    - Poisonous articles, detailed regulations governing:
      - Proposed changes in regulations — 8138
      - Table H-classification, deletion of article "Acrolein" — 7257
    - Shippers requirements re: packing, marking, labeling, and shipping papers, prescribed containers — 8013
    - Temporary amendments to regulations; authority to waive or relax regulations, cancellation — 3013
    - Vehicles loaded with solidified carbon dioxide (dry ice) and transported on board cargo vessels or railroad car ferries:
      - Highway vehicle, stowage of — 1084
      - Railroad vehicle, stowage of — 1084
- Ferryboats, on bays, sounds, Great Lakes and other lakes and rivers:
  - Life preservers — 8139
  - Load lines, for passenger vessels on Great Lakes — 1073
  - Subdivision and watertight integrity — 1081, 1083
- Fire-fighting equipment for tank ships and barges — 1512, 1535
- Gases, transportation or storage of:
  - Compressed gases. *See* Explosives.
  - Petroleum gases, liquefied, on tank vessels. *See* Tank vessels.
- Great Lakes, vessels in:
  - Lifesaving equipment, etc. *See* Vessels in various waters.
  - Load lines for passenger vessels — 1073
  - Pilot rules. *See* Navigation regulations.
  - Seamen, employment of; waivers respecting — 1830, 5059
- Harbors, safeguarding of. *See* Security.
- Hours of labor of seamen on Great Lakes tugs — 1830
- Identification and exclusion of persons from vessels, harbors, and waterfront facilities. *See* Security.
- Inland waters, pilot rules for; navigation requirements. *See* Navigation regulations.

COAST GUARD—Continued — Page

- Lakes, vessels in:
  - *See also* Great Lakes, vessels in.
  - Equipment, operating requirements, etc. *See* Vessels in various waters.
- Lifesaving equipment and appliances:
  - For tank vessels. *See* Tank vessels.
  - For vessels in bays, lakes, rivers, ocean and other waters. *See* Vessels in various waters.
  - Specifications for. *See* Equipment.
- Liquids, combustible or inflammable. *See* Explosives or other dangerous articles; *and* Tank vessels.
- Load lines, for passenger vessels:
  - Foreign and coastwise voyages:
    - Ash chutes — 1073
    - Doors, location of allowed types; doors that may be opened at sea, doors between coal bunkers, and doors in trunkways with refrigerated cargo — 5132
    - Inlets and discharges — 1073
    - Pumping arrangements — 1073
    - Steering apparatus, auxiliary, proposed cancellation — 8138
    - Watertight doors, types: operation and fittings, design and installation, tests, etc — 5132
  - Great Lakes voyages; exceptions applicable to subdivision Great Lakes vessels — 1073
- Marine engineering:
  - Boilers:
    - *See also* Construction; *and* Installations.
    - Low-pressure heating; proposed changes in regulations — 8137
  - Brazing. *See* Welding, arc and gas, and brazing.
  - Construction:
    - Boilers:
      - Fire-tube, combustion chambers and tube sheets of; detail requirements — 1073
      - Proposed changes in regulations — 8137
      - Tubes for; detail requirements — 1073
    - Valves, safety; installation — 1074
  - General provisions; proposed changes in regulations — 8136
  - Inspections. *See* Installations, tests, inspections, repairs, etc.
  - Installations, tests, inspections, repairs, etc.:
    - Fusible plugs; cancellation of provisions respecting — 8138, 11965
    - Repairs; boilers, pressure vessels, etc — 1078
    - Tests and inspections; boilers, steam pipes, etc — 1077
  - Materials:
    - Carbon-steel bolting material, workmanship and finish — 1073
    - Proposed changes in regulations — 8137
  - Piping systems, pumps, refrigeration machinery, and fuel tanks:
    - Detail requirements:
      - Bolting; materials — 1075
      - Expansion and flexibility — 1074
      - Installation — 1076
      - Joints and flanged connections; tables — 1075
      - Pipes, design pressures and thickness — 1074
      - Tests — 1076
      - Valves; class I piping — 1075
    - Proposed changes in regulations — 8137
    - Pumping arrangements and piping systems; lubricating oil system — 1076
    - Steering apparatus, proposed changes in regulations — 8133
  - Pressure vessels, unfired:
    - Proposed changes in regulations — 8137
    - Repairs, tests — 1077, 1078
    - Tests, for new pressure vessels — 1074
  - Repairs. *See* Installations, tests, inspections, etc.
  - Safety valves, installation — 1074
  - Tests:
    - *See also* Installations, tests.
    - Pressure vessels, unfired; tests for new vessels — 1074
  - Welding; arc welding, gas welding, and brazing:
    - Proposed changes in regulations — 8138
    - Tests and inspections, hydrostatic and hammer tests — 1076

Maryland and Virginia, Chesapeake Bay and navigable tributaries; fishing structures 904
Virginia; Chesapeake Bay. *See* Maryland and Virginia.
Washington; Everett Harbor and vicinity, gill nets 904
Flood control regulations:
North Dakota, Heart River; Heart Butte Dam and Reservoir 1183
South Dakota, Perkins County, Grand River; Shadehill Dam and Reservoir 11773
Texas, Colorado River; Marshall Ford Dam and Reservoir 4543
Housing projects, uniform instructions issued by Office of Secretary of Defense; additional information obtainable from Corps. *See main heading* Defense Department.
Houseboats, use of, in reservoir areas. *See* Reservoir areas, public use of.
Hunting. *See* Fishing and hunting regulations; *and* Reservoir areas, public use of.
Navigation regulations:
California, San Francisco Bay; seaplane restricted area, Naval Air Station, Alameda 7211
Chesapeake Bay entrance; naval restricted area 7210
Florida, Coconut Grove, Miami, Biscayne Bay, seaplane restricted area, Coast Guard Air Station 3047
Great Lakes, connecting waters from Lake Huron to Lake Erie; use, administration, and navigation 7211
Maritime Administration Reserve Fleets, restricted areas in vicinity of 7211
Maryland, Chesapeake Bay near Annapolis; seaplane restricted areas 1016
Michigan, St. Marys Falls Canal and Locks; security 7210
New York:
Block Island Sound southeast of Fishers Island; naval restricted area 7210
Hudson River Lock at Troy; navigation 7210
North Carolina, Neuse River and tributaries; Marine Corps Air Station, Cherry Point, restricted area 2577
Texas, Corpus Christi Bay and Laguna Madre; seaplane restricted area, Naval Air Station, Corpus Christi 2397

ENGINEERS, CORPS OF; DEPARTMENT OF THE ARMY—Continued Page
Records, release of information from; authority, delegation of, to Chief of Engineers from Secretary of Army respecting 3309
Reservoir areas, public use of:
See also Fishing and hunting regulations.
Arkansas, Bull Shoals Reservoir Area, White River 7329
Hunting of deer with rifles 10993
Georgia; Clark Hill Reservoir Area, Savannah River 10993
Kansas, Hulah Reservoir Area, Caney River 7329
Houseboats 7329
Missouri, Bull Shoals Reservoir Area, White River 7329
Hunting of deer with rifles 10993
Ohio, Dillon Reservoir Area, Licking River 7329
Oklahoma:
Fort Supply Reservoir Area, Wolf Creek; houseboats 7329
Hulah Reservoir Area, Caney River, houseboats 7329
Oregon, Dorena Reservoir Area, Row River 7329
Houseboats prohibited 10993
South Carolina; Clark Hill Reservoir Area, Savannah River 10993
Wreck of "Benevolence", in Pacific Ocean near Golden Gate, Calif.; demolition 9441

ENTOMOLOGY AND PLANT QUARANTINE BUREAU:
Authority, delegation of, with respect to Golden Nematode Suppressive Program, 1951 season:
Agency to act for Federal Government 8989
Agent of Secretary of Agriculture to determine eligibility for payments 8989
Chief of Bureau 8989
Cooperative suppression, of plant diseases and insect pests; golden nematode suppressive program, 1951 season 8972
Delegation of authority respecting. *See* Authority, delegation of.
Exports, overtime services relating to inspection at border, air ports, etc. *See* Overtime services.
Golden nematode suppressive program. *See* Cooperative suppression.
Hawaii; quarantine with respect to movement of various fruits and vegetables. *See* Quarantine notices.
Overtime services, relating to imports and exports; establishment of uniform hourly rate of payment for overtime, night, and holiday inspection and quarantine activities at border, coastal, and airports 3972
Puerto Rico; quarantine with respect to movement of various fruits and vegetables. *See* Quarantine notices.
Quarantine notices:
Domestic:
Domestic movement of plants and plant products from Territories, possessions and districts of United States; notice of hearing to consider advisability of modifying, lifting, etc., certain quarantines governing 1203
Hawaii and Puerto Rico; quarantine with respect to various fruits and vegetables:
Banana plants, movement of; revocation 934, 3828
Fruits and vegetables; Puerto Rico, movement of mangoes from, after approved ethylene dibromide fumigation 9859
Various States and District of Columbia; quarantine to prevent spread of various insects, plant diseases, etc.:
Black stem rust; interstate movement of barberry, mahonia, and mahoberberis plants 5135, 8269
Gypsy moth and brown-tail moth; exemption of certain articles from requirements of regulations (timber products, plant and plant parts, stone and quarry products) 11206
Japanese beetle:
Notice of hearing to consider revocation of present quarantine, or extension of quarantine to Georgia, Illinois, Indiana, Kentucky, Michigan, North Carolina and South Carolina 1184

90000—52——14

Surplus property disposal; revocation 112

FARM LAND RESTORATION PROGRAM, 1951; assistance to farmers in restoring to productive use farm lands damaged by flood or flood waters in disaster areas. *See* Agriculture Department.

FARM MORTGAGE CORPORATION, FEDERAL. *See* Farm Credit Administration.

FARM SAFETY WEEK, NATIONAL, 1951; proclamation respecting. *See* Presidential documents.

FARMERS HOME ADMINISTRATION:
Account servicing:
Debt settlement 11799
Routine, for servicing loans:
Borrowers entering armed forces, servicing accounts of 3826
Farm housing loans:
Final payment, redesignation 12537
Revocation 12537
Farm ownership and farm housing loans 12537
Farm ownership loans, insured 6994
Security servicing and liquidations:
Farm ownership loans:
Management and disposition of acquired farms; State Office routine subsequent to acquisition of farms, taxation on acquired farms 5411
Sale of farms not suitable for purpose of Title I; terms and conditions of sale, eligible purchasers 5831
Operating loans; liquidations:
Assumption agreements, authority to approve 7379
Real estate security (other than farm ownership), transfer of, and assumption of indebtedness; authority of State Directors to recommend release of borrower from personal liability, revocation 7379
Taxes, farm ownership and farm housing:
Servicing delinquent taxes related to farm housing loan when Government does not hold first mortgage 4745
Servicing delinquent taxes when Government holds first mortgage 4745
Armed forces, borrowers entering; servicing accounts of 3826
Authority, delegation of:
By Administrator, to various officials:
Assistant Administrators; 1948 flood damage and property damage loans 4475
County Committeemen; making and servicing of loans under Bankhead-Jones Farm Tenant Act, and Rural Rehabilitation Corporation Trust Liquidation Act 12104
County Supervisors:
Disaster loans; release of security other than real estate 9279
Loans, making and servicing of, under Bankhead-Jones Farm Tenant Act, and Rural Rehabilitation Corporation Trust Liquidation Act 12104
Deputy Administrator; 1948 flood damage and property damage loans 4475
Disaster Loan Supervisors; release of security other than real estate 9279
Production Loan Division, Director; 1948 flood damage and property damage loans 4475
State Directors:
Execution of certain documents in connection with certain transferred real and personal property of State Rural Rehabilitation Corporations 12104
Ratification of previous action of Directors respecting 12104
Loans, making and servicing of, under Bankhead-Jones Farm Tenant Act and Rural Rehabilitation Corporation Trust Liquidation Act 12104

FARMERS HOME ADMINISTRATION—Continued Page
Authority, delegation of—Continued
By Administrator, to various officials—Continued
State Field Representatives making and servicing of loans under Bankhead-Jones Farm Tenant Act, and Rural Rehabilitation Corporation Trust Liquidation Act 12104
To Administrator from Secretary of Agriculture; disaster loans 3388
Credit restrictions on dwelling construction. *See* Farm housing loans and grants; *and* Farm ownership loans.
Debt settlement; compromise, adjustment, etc., of debts owed United States which are under the jurisdiction of Farmers Home Administration 11799
Disaster loans, to farmers and stockmen:
Delegation of certain powers, functions and duties respecting:
Administrator; authority respecting production disasters 3388
Deputy Administrator, Assistant Administrators, and Director, Production Loan Division; authority respecting 1948 flood damage, and property damage loans 4475
Loans under Public Law 38, 81st Congress, Section 2 3967
Interest rate, increase in, for loans approved on or after July 1, 1951 6273, 9279
Loan purposes; advances to obtain pasture or grazing privileges, and use of farm buildings 9279
Security requirements; first lien on all crops growing or to be grown, with certain exceptions 9279
Servicing disaster loans; release of security other than real estate, County Supervisors and Disaster Loan Supervisors, authority respecting 9279
Loans under Public Law 71, 81st Congress, item "Loans to Farmers, Property Damage" 3972
Farm housing loans and grants:
Account servicing (payments, taxes, etc.). *See* Account servicing, *above.*
Applicants:
Criteria for selection; requirements and limitations 6713
Reaching proper understanding with, regarding types of assistance available 2821
Basic regulations, respecting loans and grants:
Credit restrictions, temporary, on dwelling construction 2821
Revocation 10305
Waiver of credit restrictions to protect Government's security for outstanding loans 9295
Types of financial assistance:
Section 502 loans 9297
Section 503 loans 9298
Section 504 loans and grants 9298
Borrowers entering armed forces, servicing accounts of 3826
Credit restrictions on dwelling construction. *See* Basic regulations.
Farm and home management, year end servicing; annual checkout for Section 503 borrowers, constructions on farm housing loans 11795
Indians, certain restricted, farm housing assistance for; loans and grants 6713
Processing loans and grants; subsequent loans and grants 112
Revocation of prior approval of Administrator 11795
Types of financial assistance. *See* Basic regulations.
Farm ownership loans:
Account servicing (payments, taxes, etc.). *See* Account servicing, *above.*
Basic regulations, respecting loans; restrictions and limitations, etc.:
Credit restrictions on dwelling construction. *See* General provisions.
General provisions 7917
Credit restrictions, temporary, on dwelling construction:
Exemption respecting extended to all Territories and possessions 2821
Farm housing or farm ownership funds, construction financed by 10305
Waiver of credit restrictions, to protect Government's security for outstanding loans 9298

Eligibility for license 1239
Extra class license; examination requirements waived in case of certain experienced amateur operators, proposed rule making 12516
Persons who may operate stations 1283
Physically handicapped persons; delegation of authority to Chief, Safety and Special Radio Services to waive certain requirements for licenses in case of 11752
Privileges for various classes of amateur operator licenses 1239
Renewal of amateur operator license 1239, 2686, 4940
Scope of operator authority; deletion 2686, 4940
Term of license 1239
Radio printer and similar operations:
Request for operation on all amateur frequencies below 27 mc 11281
Subdivision of 7000–7300 kc band for, proposed 11281
Radiotelephony, frequencies for; proposed rule making:
Amplitude modulated radiotelephony, subdivision of 7000–7300 kc band for use of 11281
Authorization of use of narrow-band frequencies or phase modulation for radiotelephony, in bands 3800 to 4000 kc and 14,000 to 14,400 kc 11282
Stations, amateur radio 6522
Call signs 6524
Systematic assignment of, without exception 8989
Equipment and operation 6527
Frequencies and types of emission:
Allocations of frequencies 1240, 5622, 6525
220–225 mc band (near White Sands, New Mexico); availability of, to authorized amateur stations for national defense 5622
1800–2000 kc band; proposed transfer of "Minnesota" in table of frequency allocations 7520
"Minnesota", proposed transfer of, from "Mississippi River to East Coast U. S. Area" to "Mississippi River to West Coast U. S. Area" in table of frequency allocations, proposed 7520
Narrow-band frequencies or phase modulation for radio-telephony, authorization of use for, in bands 3800 to 4000 kc and 14,000 to 14,400 kc; to be used only by stations with certain licensed operators, proposed rule making 11282
Subdivision of 7000–7300 kc band for radio printer and similar operations, for amplitude modulated radiotelephony, and for providing frequency shift keying in one or more lower frequency amateur bands; proposed rule making and notice for submittal of written comments on 11281
Frequency shift keying (type F–1 emission); requests for authorization of, on all frequencies below 27 mc and on 7250–7300 kc for radio printer and similar operation, proposed rule making 11281
Licenses 6522
Antenna structures, limitation on 4762
Application for license 2686, 4940
Application Form 602, editorial change 10606
Eligibility of corporations or organizations to hold license 2686, 4940
License period 1240, 2686, 4940
Portable and mobile stations 6524
Special conditions to be observed by licensee 6528
Use of amateur stations 6525

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Antenna structures, construction, marking, and lighting of:
Aeronautical study, special, by Airspace Subcommittee of Air Coordinating Committee:
CAA regional offices in which Airspace Subcommittees located 100
Procedure to be followed by Airspace Subcommittee in cases requiring special study 100
Assistance in selection of sites:
At CAA regional offices and Defense Department air bases 100
Charts and publications of assistance in determining where proposed antenna sites lie with respect to airport and approach areas; list of 100
Criteria for determining whether applications for radio towers require special study 89
General information 88
Commission consideration of proposed antenna structures; with respect to possible hazard to air navigation 89
Definitions 88
Form to be used to describe proposed structures 89, 3190
Limitations on 4762
Marking and lighting of antenna structures, specifications for 90
Procedure and standards for, worked out in conjunction with Civil Aeronautics Administration, Department of Defense, and other Government agencies 86
Armed forces, amateur operators serving in; extension of time limit on waiver of license renewal requirement 13100
Auxiliary radio broadcast services. *See* Experimental and auxiliary broadcast services.
Cable companies. *See* Telephone and telegraph companies.
Call signs:
Allocation and use of. *See* Frequency allocations and radio treaty matters.
Amateur stations. *See* Amateur radio service.
Canada, assignment of radio frequencies to broadcast stations in; changes under North American Regional Broadcasting Agreement 202, 2168, 4732, 6849, 8214, 9791, 12440
Channels, allocation of. *See* Frequencies and channels.
Check list of rules and regulations as of January 16, 1951 1152
Citizens radio service:
Applications and licenses:
Applications, where to file; proposed rule making 11739
Forms to be used:
Antenna structures, description of; use of Form 401–A, proposed 11739
Construction permit and license for station using type-approved equipment or equipment not type-approved; application for 92, 4763
Form 505; use, proposed 11739
Construction permit when air-navigation-hazard antenna is proposed; deletion 4763
Prior provisions, deletion proposed 11739
Licensing and operation of stations for control of objects or devices by radio in 460–470 mc band; provision for new class of station on 27.255 mc frequency, proposed rule making 11738
Procedure for obtaining station license; deletion, proposed 11739
Definitions:
Antenna structure 4763
Bandwidth, authorized, proposed 11739
Class C station, proposed 11739
Landing area 4763
Remote control; redesignation, proposed 11739
Equipment:
See also Technical specifications and type of equipment.
Standards to serve as guide for manufacturers in design of equipment for operation on frequency 27.255 mc, proposed 11738
Frequencies and emissions. *See under* Technical specifications.

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Citizens radio service—Continued
Operating requirements:
Inspection and maintenance of tower marking and associated control equipment 4764
Permissible communications; operation of station used for radio control of devices or objects, involving continuous radiation of energy, permitted only for brief tests or when making adjustments (proposed) 11740
Recording of tower light inspections 4764
Suspension of transmission required upon deviation from rules, proposed rule making 11740
Stations, operation and licensing of, for control of objects or devices by radio in 460–470 mc band; revision of rules to provide for new class of station on 27.255 mc frequency, proposed rule making 11738
Technical specifications and type of equipment; proposed rule making:
Equipment:
Composite equipment, acceptance of:
Class A, Class B, and noncrystal controlled Class C station equipment 11740
Class C equipment employing crystal control 11740
Minimum equipment specifications; Class A, B, and C stations 11740
Type approval of equipment:
Class A, Class B, and noncrystal controlled Class C equipment, submission for approval 11739
Class C stations:
Crystal control; approval not required 11740
Non-crystal controlled; submission for approval 11739
Composite equipment; requirements when type approval has not been obtained 11740
Frequencies and emissions, etc.:
Communication band; deletion 11739
Emission:
Limitations 11739
Type of emission; provisions respecting Class A, B, and C stations 11739
Extra band radiation; deletion 11739
Frequencies available; assignment, on non-exclusive basis, subject to certain interference, of frequency bands:
Class A and B stations; 460–470 mc band 11739
Class C; 27.255 mc frequency 11739
Frequency tolerance 11739
Carrier frequency maintenance of Class C stations 11739
Walkie-talkie transmitter receivers; frequency tolerance for Class B stations increased, to facilitate production of 92
Station power table; 27.23–27.28 mc—5 watts, added 11739
Civil Air Patrol. *See* Civil defense.
Civil defense:
Civil Air Patrol:
Emergency radio communications networks and associated activities; priority order to assist Civil Air Patrol members and amateur radio operators in obtaining materials for maintenance, repair, and capital additions to stations 10214
Frequencies available for 2039, 12836, 12917
Communication for civil defense purposes between aeronautical advisory stations and private aircraft 7265, 10857
Frequencies available for amateur participation:
Frequency bands, listed 649, 5622
Near White Sands, New Mexco 649, 5623
Classification and compensation of employees of Classes A and B telephone companies. *See* Telephone and telegraph companies.
Coastal and marine radio relay services:
See also Maritime radio services.
Coastal service to coastal-harbor stations, frequencies for 4139, 7357
Redesignation as "Stations on land in maritime services" 6036

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Commercial radio operators:
Examinations; proposed rule making:
New class, additional requirements 2855
Renewal examination 2856
Requirements 2855
Licensed operators of lesser grade than normally required; applications for temporary permission to operate standard and FM broadcast stations with 3309, 7263
Authority respecting 3319
Licenses:
Classes of licenses; temporary limited radiotelegraph second class operator license; proposed rule making 2855
Dual holding of licenses; proposed rule making 2855
Eligibility for new license; proposed rule making 2855
Renewal requirements 3306
Temporary limited radiotelegraph second class operator license 2855, 3305, 9692
Operator's authority:
Aircraft radiotelephone operator authorization; proposed addition 1148
Restricted radiotelephone operator permit; 50 watt limitation on ship stations or aircraft stations (proposed rule making) 1148
Service; statement in lieu of service endorsement, by holder of radiotelegraph license or restricted radiotelegraph operator permit 9692
Common carrier regulations, for telephone and telegraph companies. *See* Telephone and telegraph companies.
Conservation agencies, non-Federal; radio frequency allocations 1131
Control over Government and non-Government radio stations engaged in radio communication or radio transmission of energy; Executive order respecting. *See main heading* Presidential documents.
Cuba, assignment of radio frequencies to broadcast stations in; changes under North American Regional Broadcasting Agreement 1256, 9703, 11195, 12440
Delegations of authority. *See* Organization and delegations of authority.
Developmental broadcast stations. *See* Experimental and auxiliary broadcast services.
Disaster radio communications service 2079
Definitions:
Aircraft landing area 4764
Antenna structure 4764
Distress, disaster and emergency communications 1869
Frequency band 1750–1800 kc available for 649, 1830, 2079, 3516, 8366, 13096, 13099
General information 2080
Operating requirements 2083
Station license or authorization 2081
Antenna structure, limitations on 4764
Use of station 2082
Distress, disaster, and emergency communications. *See* Emergency, distress, and disaster radio communications.
Dominican Republic, assignment of radio frequencies to broadcast stations in; changes under North American Regional Broadcasting Agreement 4595, 6407, 9792, 10866, 11893, 12624
Educational broadcast stations. *See* Radio broadcast stations.
Emergency, distress, and disaster radio communications 1869
See also Disaster radio communications service.
Emergency radio communications networks; priority order for materials for Civil Air Patrol members and amateur radio operators. *See* Civil defense.
Employees of telephone companies, classification of. *See* Telephone and telegraph companies.
Energy, radio transmission of, emergency control over Government and non-Government stations engaged in; Executive order respecting. *See main heading* Presidential documents.

Application forms to be used:
Construction permit for base and fixed stations 4762
Revision, proposed 10316
Changes in authorized stations; conditions under which prior Commission approval is, or is not necessary; proposed rule making 10317

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Industrial radio services—Continued
Applications, authorizations, and notifications—Continued
Changes in equipment; revision and redesignation, proposed 10317
Construction period; proposed rule making:
Application for extension of time for station construction field on Form 400–A 10317
Station construction permit to specify date of grant; redesignation 10317
Filing of applications; proposed rule making:
In duplicate; rescission 10316
Incompleteness of required information or application to constitute defect in application 10316
Temporary locations, operation at; length of time base or fixed stations may be considered temporary extended to one year 10316
Modification of station authorization must be requested after one year 10316
Frequencies, policy governing assignment of; revision and redesignation, proposed 10317
Station authorizations, applications for; proposed rule making:
Instructions for completion of Form 400 10319
Procedure for obtaining authorization and for commencement of operation 10316
Station license, procedure for obtaining; revision and redesignation, proposed 10316
Supplemental information required:
With applications for control, repeater, or relay stations 1553, 8468
Revision and redesignation, proposed 10317
With application for station authorization; proposed rule making 10317
Definitions:
Antenna structure 4761
Landing area 4761
Relay stations, fixed and mobile 1553, 8467
Repeater station; deletion 1553, 8467
General information:
Frequencies, policy governing assignment of; proposed rule making 10316
Station authorization, transfer and assignment of; procedure for submitting requests for authority to assign authorization or transfer control of corporation, proposed rule making 10316
Operating requirements:
Inspection and maintenance of tower marking and associated control equipment 4762
Permissible communications; tests for proper station and system maintenance, conducting of; proposed rule making 10318
Records of base or fixed stations having antenna structures required to be illuminated 4762
Technical standards; radio station tests, revision and redesignation, proposed 10318
Various services:
Forest products radio service, frequencies for 1553, 8468, 8481
Geological explorations, radiolocation service 3516, 13098
Geological radio service, former, stations in; discontinuance of use of frequency 1602 kc 5061
Low-power industrial radio service; proposed rule making:
Frequencies available for mobile stations on shared basis with other services, under terms of developmental grant only; 2450–2500, 3500–3700, 6425–6575, and 11700–12200 mc 6757
Special restrictions:
25 feet maximum distance between transmitter and radiating portion of antenna, except for stations aboard aircraft 6757
Exceptions in case of station operating on frequencies above 2450 mc 6757
Motion picture radio service, frequencies for 1553, 8468, 8481
Petroleum radio service, frequencies for 1553, 5061, 8468, 8481
Power radio service, frequencies for 1553, 8468, 8481

Frequencies for 1830, 3516, 8366, 13099
Relay stations, fixed and mobile 1553, 3194, 8467
Repeater station; deletion 8467, 8468
Special service:
Eligibility 3256
Frequencies for 1553, 8468, 8481
Industrial, scientific, and medical radio service; suspension of effective date of regulations with respect to welding devices 1284, 7827
International agreements relating to radio in which United States participates:
Frequencies:
International frequency list, proposed assignments for implementation of. *See* International Telecommunication Union.
North America; assignment of frequencies to foreign broadcasting stations in. *See* North American Regional Broadcasting Agreement.
List of international agreements, etc., relating to frequency allocations and radio treaty matters 1870, 2658, 9094
Mexico, agreements with:
See also North American Regional Broadcasting Agreement.
Agreement respecting allocation of television channels along Border 11614
International broadcast stations. *See* Radio broadcast services.
International Telecommunication Union, Extraordinary Administrative Radio Conference of; frequency assignments, especially in band 2000–3500 kc., to be recommended by United States for international registration 427
Aeronautical fixed and other aviation assignments (Appendix 6) 431
Alaska, fixed and coast stations in (Appendix 8) 431
All non-Government assignments (including coastal and ship services, fixed, remote pickup, industrial, aeronautical, police, etc., services) (Appendix 1) 429
Experimental stations (not to be subject of international registration); policy respecting authorizations, etc. (Appendix 9) 431
Fixed service, United States; assignments (Appendix 7) 431
Industrial assignments (Appendix 5) 431
Marine telephony assignments (Appendix 2) 430
Public safety assignments (Appendix 4) 430, 431
Remote pickup assignments (Appendix 3) 430
Land transportation radio services:
Applications, authorizations, and notifications:
Change in equipment; revision and redesignation, proposed 10319
Changes in authorized stations; conditions under which prior Commission approval is, or is not, necessary, proposed rule making 10319
Construction period; proposed rule making:
Extension of time to construct station, application for; to be filed on Form 400 10319
Station construction permit to specify date of grant; renumbering 10319
Filing of applications; proposed rule making:
Incompleteness of application or required information to constitute defect in application 10318
Temporary locations, applications for operation at; base or fixed station at single location one year considered temporary 10318
Stations at single locality over one year; modification of authorization required 10318
Time of filing, provision respecting; rescission 10318
Forms to be used:
Application for construction permit for base and fixed stations 4763
Revision and redesignation, proposed 10318
Station authorization applications; instructions for completion of Form 400 10319
Frequencies, selection of; revision and redesignation, proposed 10318
Informal application; redesignation, proposed 10318

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Land transportation radio services—Continued
Applications, authorizations, and notifications—Continued
Radio station authorization; procedure for obtaining authorization and for commencement of operation, proposed rule making 10318
Radio station license, procedure for obtaining; revision and redesignation, proposed 10318
Special temporary authority, application for; filing on Form 403, proposed rule making 10318
Supplementary information to be submitted with application; proposed rule making 10319
Repeater stations; deletion 1554, 8469
Definitions:
Antenna structure 4762
Landing area 4762
Relay stations, fixed and mobile 1553, 3194, 8468
Repeater station; deletion 1553, 8468
General information:
Frequencies, policy governing assignment of, proposed rule making 10318
Station authorization; transfer and assignment of; procedure and requirements for assignment of station authorization, or transfer of control of corporation, proposed rule making 10318
Operating requirements:
Inspection and maintenance of tower marking and associated control equipment 4763
Permissible communications; tests for proper station and system maintenance, conducting of, proposed 10319
Records:
Land Transportation Radio Services regulations to be made part of station records, proposed rule making 10319
Records of base or fixed stations whose antenna structure is required to be illuminated 4763
Railroad radio service; relay stations, fixed and mobile, authorization and use 8468
Relay stations, fixed and mobile:
Definitions; deletion 1553, 3194, 8468
Use of frequencies allocated to mobile services 8481
Repeater station; deletion 1553, 8468
Technical standards; radio station tests, revision and redesignation, proposed 10319
Liberia, Republic of; third party radio messages between amateur stations of, and of United States 2667
Low-power industrial radio service. *See* Industrial radio service.
Maritime radio services:
Coastal and marine relay and ship services; proposed revision of regulations covering; oral argument, order of presentation of, and time allotted each party 197, 5844, 8992, 10136
Experimental (maritime) stations, Class 2; extension of license term 4154
VHF specialized operational radiotelephone stations 4154, 10865
Frequencies:
For coastal service to coastal-harbor stations 4139, 7357
For ship telephone stations for communication with coastal harbor stations 4139, 7357, 8114
International frequency list, proposed assignments for implementation of 429, 430
Land stations 5844, 6036, 8114
Applications 6042
Changes in footnote indicators 10560
Coastal stations:
Limited coast stations and marine-utility stations; use of telephony 6069
Public coast stations; use of telephony 6064
Carrier frequencies below 30 mc available to class II stations under certain conditions, amendment of 7363
Radiotelephone operating procedure, general 6067
Use of telegraphy 6060
Definition of terms 6039
Developmental stations 6076
Hearings; designation of issues for oral argument 5844
Maritime mobile service, fixed stations associated with 6074
Maritime radiolocation service, land stations 6074

Developmental stations 6115
Distress calls, procedure in event of 6100
Equipment, shipboard, compulsory; type approval of 6122
Foreign ship stations in United States waters 6101
Hearings; designation of issues for oral argument 5844
Message charges 6102
Operating requirements, general 6097
Operator requirements 6096
Radio installations, shipboard, compulsory 6116
Radiolocation, use of 6114
Radiotelegraphy, use of 6103
Radiotelephony, use of 6106
Frequencies below 5000 kc for public correspondence available for use when different radio channels used alternately for transmission by ship station and coast station 7358
Service provided by ship stations and shipboard marine-utility stations; nature of service provided 6102
Station authorizations 6087
Station requirements, general 6088
Technical requirements, general 6092
Violations 6130
Watches, general purpose 6099
Watches and auto-alarms for safety purposes 6098
Mexico; assignment of frequencies or channels to broadcast stations in:
Agreement respecting allocation of television channels to cities along United States-Mexican border; proposed rule making 11614
Assignment of radio frequencies to broadcast stations in; changes under North American Regional Broadcasting Agreement 202, 649, 2168, 2668, 4988, 6408, 7269, 8215, 8991, 9056, 9791, 10866, 11195, 11461, 12440.
Motion picture radio service. *See* Industrial radio services.
National defense radio communications:
See also Civil defense.
Frequencies for 649, 5622, 7265, 7878
Radio beacon stations, unattended; provision for rendering stations inoperative for purposes of national defense 7265, 7878, 12436
North American Regional Broadcasting Agreement:
Assignment of channels to standard broadcast stations pending ratification of NARBA, 1950; provisions respecting consideration of applications for 11186, 11187
Lists of changes in assignments for stations in various countries:
Canada 202, 2168, 4732, 6849, 8214, 9791, 12440
Cuba 1256, 9703, 11195, 12440
Dominican Republic 4595, 6407, 9792, 10866, 10893, 12624
Mexico 202, 649, 2168, 2668, 4988, 6408, 7269 8215, 8991, 9056, 9791, 10866, 11195, 11461, 12440
Organization, delegations of authority, etc.:
Authority, delegations of, to various officials:
Chairman; delegation of authority to, from General Services Administrator, to negotiate contracts and purchases for twelve radio receivers without advertising 7732
Chief, Broadcast Bureau; transfer to, of authority formerly vested in Chief Accountant, Chief Engineer, General Counsel or Secretary with respect to matters within functions of Bureau 5368

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Organization, delegations of authority, etc.—Con.
Authority, delegations of, to various officials—Continued
Chief, Common Carrier Bureau; authority with respect to fixed public and fixed public press service, deletion of "in connection with special news events" 2688
Chief, Safety and Special Radio Services Bureau:
To cancel conditional class (Class C) amateur radio licenses under certain conditions 10865
To waive certain requirements for amateur radio licenses in case of physically handicapped person 11752
Engineer in charge at each local headquarter office; authority to act upon applications for temporary permission to operate standard and FM broadcast stations with licensed operators of lesser grade than normally required 3319
Engineers in charge of port offices; deletion of provisions 3264
Secretary, authority delegated to, upon securing approval of Bureaus of Law and Engineering; requests for temporary operation of radio stations with licensed operators of lesser grade than normally required 3319
Motions Commissioner, designation of:
For January 1951 324
For February 1951 1256
For April 1951 2947
For May 1951 4262
For June 1951 5298
For July 1951 6738
For August 1951 7867
For October 1951 10228
For November, 1951 11247
For December, 1951 12105
Organization and functions:
Chief Accountant, Office of; functions 4500, 5298
Chief Engineer, Office of; functions 4500
General Counsel, Office of; functions 4499
Safety and Special Radio Services Bureau; unit to carry on enforcement functions 3198
Place and method of filing of applications for radio station authorizations, Alaska; table 11285
Operators:
Amateur. *See* Amateur radio service.
Commercial. *See* Commercial radio operators.
Patents, for rendering electrical communication services; preparation and filing of annual patent reports, proposed rule making 12438, 12911
Petroleum products in Gulf of Mexico, temporary allocation of frequencies to radiolocation service for purpose of locating 8366
Petroleum radio service. *See* Industrial radio services.
Physically handicapped persons, waiving of certain requirements for amateur radio licenses in case of; delegation of authority to Chief, Safety and Special Radio Services Bureau, respecting 11752
Pickup, remote, broadcast stations. *See* Experimental and auxiliary broadcast services.
"Planned music"; "functional music" operations of FM stations, statement of policy respecting 4501
Police radio service; frequencies for:
Alaska; additional use of frequency 5135 kc in, for fixed police point-to-point radiotelephone communication 7521, 11737
International frequency list; proposed assignment of frequencies for implementation of 429
Power radio service. *See* Industrial radio services.
Practice and procedure:
Forms:
Application Forms 400 and 400–A; new forms for radio station authorizations, for use by industrial, land transportation, and public safety radio services, proposed rule making 10312
Instructions for completion of Form 400 10319
Forms for use with radio license applications. *See under* Radio licenses.
Table of forms currently in effect:
Form 400, added 10313
Form 400–A, added 10313
Form 401–B, deleted 10313
Form 401–C, deleted 10313

Form 404–A, revised 715
Form 455, deleted 10313
Form 525, added 2039
Form 602, amended 10606
Form 610, amended 10606
Hearings and decisions, rules relating to; standard broadcast station assignments, special provisions respecting procedure for consideration of applications for, under provisions of North American Regional Broadcasting Agreement of 1950, pending its ratification and entry into force 11186
Applications inconsistent with NARBA or which would cause objectionable interference to stations in North American countries not signatory to NARBA 11187
Radio licenses, applications and proceedings affecting:
Filing of applications, and description of forms:
Application for station license where no construction permit required:
Form 404–A (private aircraft radio station license) 715
Form 500 (ship radiotelephone station license) 5871
Form 525 (disaster communications station construction license) 2039
Form 602, amateur station license; editorial change 10606
Construction permit for radio services other than broadcast; Forms 400, 400–A, 401, and 401–A to be used for certain listed radio services 5657, 5902, 10313
Extension of construction permit; Form 400–A (application for extension of time) to be used for public safety, industrial, and land transportation radio services (proposed) 10313
Informal applications, filing of; proposed rule making:
For requests from stations for extension of authority to operate without certain equipment, how and to whom made 11614
For temporary operation without specified items of equipment or with auxiliary equipment 11614
Installation or removal of apparatus, broadcast and nonbroadcast; exception to requirement of prior authorization for listed equipment of public safety, industrial, and land transportation radio services (proposed) 10313
License following construction permit; use of Form 400 (station authorization in public safety, industrial, and land transportation services), proposed 10314
Modification of license, broadcast and nonbroadcast:
Form 400 (station authorization in public safety, industrial, and land transportation services), proposed 10314
Form 404–A (application for private aircraft radio station license) 715
Form 525 (application for disaster communications station construction permit and license) 2039
Operators; application for temporary permission to operate standard and FM broadcast stations with licensed operators of lesser grade than normally required 3309, 7263
Renewal of license, broadcast and nonbroadcast:
Form 400 (station authorization in public safety, industrial, and land transportation services), proposed 10314
Form 404–A (application for private aircraft radio station license) 716
Form 525 (application for disaster communications station construction permit and license) 2039
Time for filing applications 194, 2973, 4803

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Practice and procedure—Continued
Radio licenses, applications and proceedings affecting—Continued
Filing of applications, and description of forms—Continued
Voluntary assignment or transfer of control, nonbroadcast; use of Form 400 (station authorization in public safety, industrial and land transportation services), proposed 10314
Processing of applications:
Applications requiring special aeronautical study; procedures for handling 1793
Television permits or licenses; modification to be considered on case-to-case basis 7517
Formal applications to be considered with regard to coverage within the 500 uv/m contour and effective radiated power 7519
Informal applications for special temporary authority to operate under certain terms and conditions 7519
Standard broadcast station assignments, special provisions respecting procedure for consideration of applications for, under provisions of North American Regional Broadcasting Agreement (NARBA) of 1950 pending ratification and entry into force of Agreement 11186
Applications inconsistent with NARBA or which would cause objectionable interference to stations in North American counties not signatory to NARBA 11187
Reports required of telephone and telegraph common carriers:
International radiotelegraph carriers; reports on traffic 2039
Telephone companies, Class A and B, reports required to be submitted by; "Annual Report Form M—revision of 1951," adoption of revised form and provisions respecting preparation and filing 7365, 10638
Schedules 70C and 71 amended with respect to telephone operators 11188
Telephone and telegraph companies; reports required of. *See* Reports.
Press, relay, radio service. *See* Industrial radio services.
Public radio communication services (other than maritime mobile); technical standards, allocation of frequencies, etc.:
Changes in zones and assignment of frequencies in 35–44 mc band (involving no changes in existing services), proposed rule making 12103
Domestic public land mobile radio service, use of, in Miami-Ft. Lauderdale, Florida area, hearing 10577
Hawaii, inter-island communications in; allocation of certain frequencies (76–88 mc and 98–108 mc) to fixed services in Territory of Hawaii, proposed rule making 12436
One-way signaling service to mobile receivers; assignment of 35.58 mc and 43.58 mc frequencies for 12103
Public landline message telephone service; base station frequencies and zone allocation plan, 35–44 mc band 12103
Public safety assignments proposed for implementation of international frequency list 430, 431
Public safety radio services:
See also Police radio service.
Applications, authorizations, and notifications:
Change in equipment; revision and redesignation, proposed 10315
Changes in authorized stations; conditions under which prior Commission approval is or is not necessary, proposed rule making 10315
Construction period; proposed rule making:
Redesignation 10315
Time extension application for construction permit to be filed on Form 400–A 10315
Coordinated service, supplemental statement regarding; revision and redesignation, proposed 10315

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Public safety radio services—Continued
Applications, authorizations, and notifications—Continued
Filing of applications; proposed rule making:
Incompleteness of application or required information to constitute defect in application 10314
Installation of new equipment 10314
Removal of equipment; prior provision respecting, deletion 10314
Temporary location, operation at; procedure respecting applications for operation of base or fixed stations remaining in locality less than one year and for those remaining more than one year 10314
Forms to be used:
Construction permit for base stations and fixed stations 4761
Description of antenna structure (FCC Form 401–A) 4761
Proposed rule making 10314
Station authorization applications; instructions for completion of Form 400, proposed rule making 10319
Frequency requested, statement with respect to; redesignation, proposed 10315
Radio station authorization; procedure for obtaining authorization and for commencement of operation, proposed rule making 10314
Supplementary information to be submitted with application for station authorization; proposed rule making 10315
Temporary location, operation at; revision and redesignation, proposed 10315
Definitions:
Antenna structures 4761
Landing area 4761
General information:
Coordinated service; application requirements for mobile station, proposed rule making 10314
Frequency coordination procedures; assignment of frequency, application requirements and procedures, proposed rule making 10314
Restrictions, general, on transfer and assignment of station authorization; forms to be used, transfer, etc., of station authorization 10314
Operating requirements:
Inspection and maintenance of tower marking and associated control equipment 4761
Records of station:
Regulations for Public safety radio services to be made part of records; proposed rule making 10316
Stations whose antenna is required to be illuminated 4761
Tests for proper station and system maintenance permitted under certain conditions; proposed rule making 10315
Technical standards; radio station tests, revision and redesignation 10315
Radio beacon stations. *See* Aeronautical radio services.
Radio broadcast services 820
Educational broadcast stations, noncommercial:
FM stations; reissuance of regulations 841
Facsimile broadcasting and multiplex transmission 4717
Equipment, rules relating to; proposed:
Changes in equipment and antenna system:
Indicating instruments, specific authority requirements for change in; deletion 11613
Other changes; renumbering 11613
Frequency monitor 11612
Modulation monitor 11612
Indicating instruments; elimination of requirement for application and authorization to operate without indicating instruments for 60 days, under stated conditions, and provision for extension of time limit, proposed rule making 11610
Logs, maintaining and retaining; proposed rule making 2161
"Permittee", addition of term 12514
Technical operation; indicating instruments, proposed rule making 11612

Sharing of frequency band 1750–1800 kc with disaster communications service 13096
Temporary allocation of frequencies for location of petroleum products in Gulf of Mexico 1830, 3516, 8366
Industrial radiolocation service, for use in connection with geological, etc., activities 3516, 13098
Radiotelephony, use of. *See* Amateur radio service; Maritime radio services; *and* Police radio service.
Railroad radio service. *See* Land transportation radio services.
Relay press radio service. *See* Industrial radio services.
Remote pickup assignments proposed for implementation of international frequency list 430
Remote pickup broadcast stations. *See* Experimental and auxiliary broadcast services.
Safety and Special Radio Services Bureau, delegation of authority to Chief of. *See* Organization, delegations of authority, etc.

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Ship radio service:
See also Maritime services.
Frequencies for ship telephone stations for communication with coastal-harbor stations 4139, 7357, 8114
STL broadcast stations. *See* Experimental and auxiliary broadcast services.
Standard broadcast stations. *See* Radio broadcast services.
Telecommunications Advisor to President, cooperation with Commission; Executive order respecting. *See main heading* Presidential documents.
Telecommunication Union. *See* International Telecommunication Union.
Telephone and telegraph companies; common carrier regulations:
Accounts, uniform system of:
Radiotelegraph carriers; retirement units 2600
Telephone companies:
Class A and Class B companies:
Balance sheet accounts, investments; telephone plant acquisition adjustment (carriers permitted to write off certain debit or credit amounts not exceeding $2,000 to operating expenses) 4341, 5871
General instructions:
Classification of companies 2938, 4341
Records; cross reference 4341
Operating expense accounts, depreciation and amortization expenses; amortization of telephone plant acquisition adjustment 5871
Telephone Accounting Bulletin No. 1 (Appendix A); accounting on basis of acquisition cost rather than original cost to predecessors with certain limitations 4341, 5871
Class C companies; general instructions:
Classification of companies 2939, 4496
Definitions, proposed 2939
Records; cross reference 2939, 4496
Subdividing of accounts 4496
Class D companies:
Classification of companies 4496
Definition of 4497
Keeping of accounts by 4496
Employees of Class A and Class B telephone companies, occupational classification and compensation of 9170, 11188
Applicability 9170, 11189
Information with respect to employees; annual report of number of employees, hours worked, compensation, etc 9170, 11189
Classification, on basis of character of service 9171, 11189
All employees, not elsewhere classified 9173, 11191
Building, supplies, and motor vehicle employees 9173, 11191
Business office and sales employees 9171, 11190
Clerical employees 9172, 11190
Construction, installation, and maintenance employees 9172, 11190
Motor vehicle employees. *See* Building, supplies, and motor vehicle employees.
Officials and managerial assistants 9171, 11189
Professional and semi-professional employees 9171, 11190
Telephone operators 9172, 11190, 11343
Data required to be maintained of record; employees, included in count, hours worked, weekly compensation, hourly rate of pay, etc 9171, 11189
Definitions; restrictive use of such terms as "joint employees", "general officer", "hourly rate of pay", etc 9170, 11189
Records; data required to be maintained 9171, 11189
Hawaii, allocation of frequency bands 76–88 mc (television channels 5 and 6) and 98–108 mc (FM channels 251–300), on petition of Mutual Telephone Co., to fixed services in Hawaii, for use by common carrier fixed stations for interisland communications only, proposed rule making 12437

FEDERAL COMMUNICATIONS COMMISSION—Con. Page

Telephone and telegraph companies; common carrier regulations—Continued
Patents, for rendering electrical communication services; preparation and filing of annual patent reports, proposed rule making 12438, 12911
Rates, charges, tariffs, etc.; investigations and hearings respecting:
American Telephone and Telegraph Co., and associated companies of Bell System:
Rates and charges for interstate and foreign communications 740, 1801, 6693, 10137, 12105
Bell System earnings and net plant book cost data relating to proceedings 12106
Television channels, intercity 911
DuMont Laboratories, Inc., et al.; allocation of usage of intercity video transmission facilities 515
International Bank for Reconstruction and Development and International Monetary Fund, international telegraph communications of 912
Jordaphone Corp. of America, et al.; use of answering and recording devices in connection with interstate and foreign telephone service 514, 1152
Radiomarine Corp. of America; ship-shore radiotelephone service via foreign coastal stations, investigation of tariffs 1252

Classification of reserve cities ---- 1871
Deposits, payment of interest on:
Interpretation regarding "six months" ---- 2559
Savings accounts passbooks, presentation of ---- 580
Time deposits, transfers of ---- 580

FEDERAL RESERVE SYSTEM, BOARD OF GOVERNORS—Continued Page

Banking regulations—Continued
Discounts of notes, drafts and bills for member banks by Federal Reserve Banks; determination of eligibility ---- 2719
Interest on deposits. *See* Deposits.
Interlocking relationships under section 32, Banking Act of 1933, with member banks; open-end investment companies ---- 4963
Investment companies, relations with member banks; service of open-end investment company ---- 4963
Loans, for purchasing stocks. *See* Stocks and securities.
Reserves of member banks:
Cash collateral accounts; interpretation ---- 9306
Classification of reserve cities ---- 1871
Reserves required to be maintained ---- 162
Savings accounts passbooks, presentation of ---- 579
Rules of practice for formal hearings ---- 6612
Savings accounts passbooks, presentation of ---- 579
Stocks and securities; loans, etc., in connection with:
Credit by brokers, dealers, and members of national securities exchanges. *See* Stocks and securities, *below*.
Loans by banks for purpose of purchasing or carrying registered stocks; maximum loan value of stocks (25% of current market value) ---- 455
Trust powers of national banks:
Common Trust Funds, for general investment; miscellaneous limitations ---- 1629
Custody of trust securities and investments; footnote amended ---- 1629
Direct transfer of United States Bonds from individual trust to common trust fund ---- 4641
Investment, collective, of trust funds; footnote amended ---- 1629
Valuation of nonmarketable direct obligations of United States in Common Trust Funds ---- 2832
Voluntary program for credit restraint; request to financing institutions respecting ---- 2372, 3674
Brokers, dealers and members of national securities exchanges, credit by. *See* Stocks and securities.
Construction credit. *See* Real estate credit.
Consumer credit (Regulation W) ---- 221, 1586
Automobile "appraisal guide value":
Discontinuance of regulations respecting ---- 12231, 13132
Interpretations ---- 1586, 2037, 3408, 5321
Definitions:
"Cash price"; interpretation of trade-in with respect to ---- 9287
Instalment sale or loans over $5,000; credits considered singly or collectively; interpretation ---- 5321
"Merchandise Certificates", use of, for contest prizes; interpretation ---- 12666
Down payments:
See also Sales, *and* Supplement.
Amount of, in cash and in property accepted as trade-in ---- 7716, 9287
Exempt credits:
Credits over $2,500 (not involving automobiles); credits considered singly or collectively ---- 5321
Disaster credits (floods, etc.) ---- 4757
Sewerage installations, credit for ---- 7716
Temporary rentals, certain ---- 1829, 4757
Instalment loans. *See* Loans.
Instalment sales. *See* Sales.
Interpretations:
Air conditioners; large units ---- 4340
Air coolers, evaporative, leasing arrangements of ---- 2439
Automobile appraisal guides ---- 1586, 2037, 3408, 5321
"Balloon" notes or payments, refinancing of, in case of contracts outstanding on September 18, 1950 ---- 5538
Contest prizes; use of "Merchandise Certificates" ---- 12666
Cooking stoves or ranges ---- 5950
Credits:
Over $2,500 (not involving automobiles); credits considered singly or collectively ---- 5321
Over $5,000, considered singly or collectively ---- 5321
Free merchandise, discounts or rebates, effect on amount of down payment ---- 5930, 12666

FEDERAL RESERVE SYSTEM, BOARD OF GOVERNORS—Continued — Page

Consumer credit (Regulation W)—Continued
Interpretations—Continued
Labor; exclusion of "self-labor" from cash price of "services" in making repairs, improvements, etc., to residential property — 280
Refund of finance charges at time of add-on sale — 9032
Suction cleaner attachments — 5950
Trade-ins — 9287
Loans, instalment; general rules — 7716
Amounts and intervals of instalments; editorial corrections — 7716
Minimum instalment payments; deletion — 7716
Statement of borrower; editorial change — 13132
Maximum loans and maturities. *See* Supplement.
Miscellaneous provisions:
Contracts outstanding on September 18, 1950; "balloon" notes, refinancing of, interpretation — 5538
Records:
Inspections of records; editorial corrections — 7716
Preservation of records; requirements with respect to records of trade-ins, interpretation — 9287
Records. *See* Miscellaneous provisions.
Redesignations — 221, 1586
Renewals, revisions, and additions — 7716
Minimum instalment payments on renewed, revised, or consolidated obligation; deletion — 7716
Statement of changed conditions — 7716
Minimum instalment payments on credit refinanced; deletion — 7716
Sales, instalment; general rules:
Amounts and intervals of instalments; record — 7716
Free merchandise, discounts or rebates, effect on amount of down payment; interpretation — 5950
Minimum instalment payments; deletion — 7716
Record of instalment sale — 7716, 9287
Time of down payment — 7716
Group D; delay of down payment until completion of repairs, alterations or improvements — 7716
Reference to Supplement, editorial correction of — 7716
Scope and application of regulation; editorial corrections — 7715
Supplement; down payments, maximum loan value, and maturities:
Calculation of down payment and maximum loan value for listed articles (discontinuance of regulations relating to "appraisal guide value" and certain provisions for credit extension for articles under price regulations) — 12231, 13132
Calculation of down payments — 7716
For articles in Groups B, C, and D:
Deletion — 12231, 13132
Down payment in cash, by trade-in, or both — 7716
Interpretation with respect to trade-in — 9287
For automobiles:
Appraisal guides — 1586, 2037, 3408, 5321, 12231, 13132
Editorial correction — 7716
Revision and redesignation — 12231, 13132
Listed articles, down payment and loan values:
Automobiles, used older model, exclusion from minimum down payment and maximum loan value requirements — 11195
Editorial change — 13132
Household equipment; articles in Group B:
Air conditioners, large units — 4340
Cooking stoves and ranges — 5950
Minimum down payment and maximum loan value; change in percentage amount required — 7716
Suction cleaner attachments — 5950
Residential repairs, improvements, etc. (Group D); interpretation respecting exclusion of "self-labor" from cash price of "services" — 280
Maturities, maximum, for Groups A–D and unclassified instalment loans, changes in — 7716
Refinancing pursuant to statement of changed conditions; time of maximum maturity extended to 21 months — 7716

Fisheries, commercial—Continued
Salmon, herring, etc., fishing; various areas—Con.
Bristol Bay:
Personal use fishery; notification of intention to take — 2155
Salmon fishery:
Boats:
Fishing boats and gear — 4497
Motor-propelled — 2155
Closed period, weekly — 2155
Closed waters — 2155
Gear. *See* Boats.
Nets; stake and set, location of — 2155
Chignik:
Latitude and longitude, all expressions of, in Part; deletion — 2156
Salmon fishery:
Catch limitation; Chignik River red salmon — 2155
Closed waters; Chignik Lagoon — 2156
Seines, beach, size of — 2156, 4497
Traps, areas open to — 2156
Cook Inlet:
Personal use fishery:
Closed waters — 2157, 4497
Intention to take, notification of — 2157
Salmon fishery:
Closed period, weekly — 2156
Closed waters — 2156
Nets, gill:
Boats and gear — 4497
Use of gill nets; total aggregate length, restriction — 6868
Open seasons — 2156
Traps, areas open to — 2156
Copper River:
Personal use fishery:
Closed waters — 2157
Intention to take fish, notification of — 2157
Salmon fishery:
Closed period, weekly — 2157
Closed seasons — 2157
Closed waters — 2157
Nets, gill:
Drift gill nets, fishing limited to — 2157
Size of — 2157, 4497
Shellfish (Dungeness crabs) fishery:
Closed season — 2157
Crab pots, limitation of — 2157
Kodiak:
Definitions, fishing districts:
Alitak district; all waters between Cape Trinity and Low Cape — 2156
Red River district; all waters from Low Cape to Cape Karluk — 2156
Salmon fishery:
Catch limitations:
Karluk district — 2156
Red River district — 2156
Closed waters — 2156
Fishing limited, Olga and Moser Bays — 2156
Gear, Red River district — 2156
Open seasons:
Alitak district — 2156
General district — 2156
Karluk district — 2156
Red River district — 2156
Seines:
Beach seines, operation of — 2156
Purse seines and leads, size of — 2156
Traps, areas open to — 2156
Kotzebue-Yukon-Kuskokwim; salmon fishery:
Districts open — 2155
Gear permitted, types of:
Exception — 2155
Yukon and Kuskokwin districts — 2155
Salmon, maximum take of — 2155
Prince William Sound:
Latitude and longitude, all expressions of, in Part, with certain exceptions; amendment — 2157

Robe River, Lowe River, etc., deletion — 4497
Nets, set, gear restricted to; Port Valdez, deletion — 2157
Traps, areas open to — 2157
Shellfish (Dungeness crabs) fishery:
Closed season — 2157
Crab pots, limitation of — 2157
Resurrection Bay; salmon fishery:
Boats:
Maximum length of seine boats; deletion — 2157
Registration and reporting of; Resurrection Bay, deletion — 2157
Closed period, weekly — 2157
Nets, gill; size of mesh — 2157
Open season — 2157
Opening date, for red salmon fishing; deletion — 2157
Seines:
Purse seines prohibited — 2157
Purse seines and leads, size of; deletion — 2157
Traps prohibited — 2157
Southeastern Alaska:
Fisheries other than salmon:
Herring fishery:
Catch limitations; exceptions — 2158
Prohibited near Craig; deletion — 2158
Restricted and prohibited; West Coast of Prince of Wales Island — 2158
Seines, size of; Klawak Harbor, deletion — 2158
Shellfish (shrimp and Dungeness crabs) fishery:
Closed season:
Crabs, Dungeness — 2158
Shrimp — 2158
Shrimp, small, protection of; deletion — 2158
Salmon fisheries:
General provisions:
Closed season:
Coho salmon — 2158
King salmon, troll caught — 2158
King salmon, small, protection of — 2158
Nets, stake and set:
Fishing with; prohibited — 2158
Operation of; deletion — 2158
Seines, purse, and leads, size of — 2158
Traps, prohibited after September 20 — 2158
In certain districts:
Clarence Strait District:
Boats, registrations and reporting of; Chalmondeley Sound, deletion — 2159
Open season:
Central, southeast, southwest, and north Behm Canal sections — 2159
Northern section — 2159
Eastern District:
Boats, registration and reporting of; deletion — 2159
Closed waters — 2159
Port Houghton — 8115
Taku Inlet, deletion from listing under prior designation — 7684
Windham Bay — 8115
Open seasons, exception — 2159
Taku Inlet, Port Snettisham, and adjacent waters; season and gear restrictions — 2159
Traps, areas open to; certain periods, Frederick Sound and Stephens Passage areas — 7684
Icy Strait District:
Boats, registration and reporting of; Excursion Inlet, deletion — 2158
Closed waters:
For trolling; Icy Point to Lituya Bay, deletion — 2158
Port Frederick; deletion — 2158

Positive List of Commodities and related matters—Continued
Appendix A, Positive List of Commodities—Con.
Additions or deletions of specific commodities in listed categories—Continued
Rubber and manufactures — 924, 1767, 10059
Sheep skins, wet and dry — 10059
Silk and manufactures — 546
Sodium compounds; sodium nitrate — 11805
Sound recorders, magnetic, and wire, tape, or recording discs for — 4888
Spark plugs — 10059
Sperm oil — 7821
Steam engines, boilers, and accessories — 10059, 12780
Steel. *See* Iron and steel.
Tall oil, crude and refined — 11713
Tankers and whaling factories — 5926
Thermocouples — 317
Timber. *See* Wood.
Trucks and tractors, industrial — 10059
Tungsten contacts and filaments for electric lamps — 6613
Vehicles and parts — 1768
Warburg apparatus — 317
Watercraft, pleasure purposes — 5926
Whale (sperm) oil — 7821
Wood, lumber, logs, timber and manufactures — 1767, 1768, 2702, 10064
Wool rags, woven and knit — 11805
Wool semimanufactures — 1767
Wool wearing apparel, blankets, fabrics and felts — 2702
X-ray apparatus; tungsten targets — 6613
Zinc ore and concentrates — 3377
Appendix B, interpretations:
Ball and roller bearings and parts — 4101, 6614
Diamonds, use of, as tool in machine — 6614
Machinery and parts — 6750
Parachutes, parts and fittings — 6750
Pipe; casing and oil-line — 6614
Quartz crystal plate — 6751
Soil irrigation systems, portable — 6615, 10064
Steel springs — 11715
Thermometers — 6614
Appendix C, Commodity Processing Codes — 925, 1474, 1769, 3213, 3378, 4889, 5394, 6615, 7821, 10064, 10156, 10731, 11715, 11805, 12780.
Practice before Office of International Trade:
Activities of persons appearing in connection with export control matters — 12688
By former employees — 5108
Priority ratings and supply assistance assigned by OIT:
Controlled Materials Plan materials, assignment of DO ratings by OIT for. *See* Export allocations and procedures (CMP).
DDT (dichlorodiphynyl trichloroethane), priority assistance for (DO) — 8794
Export allocations and procedures (CMP) — 5392, 6613, 8524, 9884
Exceptions to time schedules — 9685
List of controlled materials — 10486, 11764
Quotas and symbols for controlled materials — 12689
Maintenance, repair, and operating supplies for export; priority rating for (DO–MRO) — 4311, 8038
Exporters other than manufacturers — 9860
Note — 10155
Mining operations, foreign:
Mines, smelters and mineral processing plants, serial numbers for; serialization number required on license applications — 4310, 10486
Submission of requests, content — 4888
Supply assistance for; MRO and capital additions — 9223
Petroleum operations, foreign; supply assistance for — 9685, 11857, 12036
Priority assistance for essential export requirements — 4610
Redesignation — 8793
Steel drums for shipment of petroleum products — 6612
Special supply assistance for essential export requirements — 8793

INTERNATIONAL TRADE, OFFICE OF—Continued — Page

Export control—Continued
Revocation and revalidation of certain licenses. *See* General orders.
Scope of export control by Commerce Department:
Foreign trade zones, shipments entering; general provisions — 3611
In-transit shipments without unloading — 5652
Vessels, other than vessels of war — 5924
Supply assistance. *See* Priority ratings and supply assistance assigned by OIT.
Suspension of license privilege. *See* Suspension of license privilege, *below*.
Sweden and Switzerland, exportations to. *See* Licensing policies, *above*.
Gift parcels, general licenses for. *See* Export control.
Hong Kong and Macao; shipments of fresh fruit and vegetables to — 316, 797, 2702, 4888
Cut flowers, shipment of — 4888
Imports, declaration of destination on; mutual assistance on United States imports and exports — 7313
Macao, shipments of fruit and vegetables to. *See* Hong Kong and Macao.
Mutual assistance on United States imports and exports; declaration of destination on selected imports into United States — 7313
Petroleum operations and products:
Application for license to export certain products; requirements — 546
Foreign petroleum operations, supply assistance for — 9685, 11857, 12036
Practice before OIT:
Activities of persons appearing in connection with export control matters — 12688
By former employees; exception to prohibition in certain cases — 5108
Priority ratings, making allotments of controlled materials, and assignment to exporters of right to apply ratings and allotment numbers and symbols for procurement of materials which they are licensed to export:
Delegation of authority to Director from Administrator of National Production Authority — 4909, 6152
Export control regulations respecting. *See* Export control.
Suspension of license privilege:
Authority respecting. *See* Authority, delegations of.

Transportation agreements; approval, hearings, etc.—Continued
Listed companies affected by agreements—Con.
Santiago de Cuba Conference:
Agreement No. 7650–2 3314
Agreement No. 7650–3 2165
Sartori & Berger (agreement No. 7822) 5177
Shinnihon Steamship Co., Ltd. (agreement No. 7823) 5906
Silver Line Ltd. (agreement No. 7594–C) 11126
Silver-Hoegh Line Joint Service (agreement No. 7603–C; cancels No. 7603) 9268
Skipsaksjeselskapet, Trajan (agreement No. 7807) 260
South Atlantic Lines, Inc. (agreement No. 7702–2, modifies agreement No. 7702, as amended) 5177
Spain-Portugal North Atlantic Range Conference (agreement No. 7350–3) 2771
States Steamship Co. (agreement No. 7819) 5177
Stockard Steamship Corp.:
Agreement No. 7812 1963
Agreement No. 7812–1 7831
Straits/New York Conference (agreement No. 6010–8) 3019
Strick, Frank C., & Co., Ltd. (agreement No. 7547–2) 3019
Swiss/North Atlantic Freight Conference; member lines:
Agreement No. 7860–5 (modifies basic agreement No. 7860) 5906
Agreement No. 7960–1 7831
Toho Kauin Kaisha, Ltd. (agreement No. 7816) 4765
Trans-Pacific Freight Conference of Japan:
Agreement No. 150–3 260
Agreement No. 150–4 11843
United Fruit Co.:
Agreement No. 7673–2 8801
Agreement No. 7792–1 7168
Agreement No. 7829 8801
Agreement No. 7831 9268
United States Atlantic and Gulf/Haiti Conference:
Agreement No. 5590–5 (revised) 6468
Agreement No. 5590–7 2166
Agreement No. 8120 10907
United States Atlantic & Gulf-Puerto Rico Conference (agreement No. 6120–4) 1093, 2166
United States Navigation Co., Inc.:
Agreement No. 7723–1 2770
Agreement No. 7754–1 7830
Agreement No. 7755–IA 7830
Waterman Steamship Corp.:
Agreement No. 7806 1963
Agreement No. 7817 4765
Agreement No. 7819 5177
West Coast Line Service (agreement No. 7768) 46
War-built vessels, dry cargo; chartering of. *See* Merchant Ship Sales Act of 1946.
MARITIME COMMISSION, sale of tanker ships by, investigation of; Executive order respecting. *See* Presidential documents.
MARITIME DAY NATIONAL, 1951; proclamation respecting. *See* Presidential documents.
MEDALS. *See* Decoration, medals, etc.
MERCHANT MARINE; regulations, etc., respecting merchant marine and personnel. *See* Coast Guard; Maritime Administration; Maritime Board, Federal; *and* Navy Department.
MERCHANT MARINE COUNCIL. *See* Coast Guard.
MERCHANT MARINE RESERVES. *See* Navy Department.
METALLURGICAL CONGRESS, WORLD; proclamation respecting. *See* Presidential documents.
MEXICO:
Broadcast stations in. *See* Federal Communications Commission.
Export and import of livestock, other animals, and poultry to and from; regulations respecting. *See* Animal Industry Bureau.

MILITARY RENEGOTIATION POLICY AND REVIEW BOARD; regulations. *See* Defense Department.
MILITARY RESERVATIONS:
Airspace restricted areas over military installations, etc.; designation as danger areas. *See* Civil Aeronautics Board.
Public lands withdrawn for use of Army, Navy and Air Force. *See* Land Management Bureau.
Restoration of certain lands to Territory of Hawaii; Executive orders respecting. *See* Presidential documents.
MILITARY SEA TRANSPORT SERVICE, bare-boat charter of vessels. *See* Maritime Board.
MINERALS EXPLORATION ADMINISTRATION. *See* Defense Minerals Exploration Administration.
MINERALS AND METALS:
Coal analysis. *See* Mines Bureau.
Exploration and development:
Authority respecting. *See* Defense Materials Procurement Agency; and Defense Minerals Exploration Administration.
Functions of various agencies; Executive order respecting. *See* Presidential documents.
Priority orders. *See* Defense Minerals Exploration Administration; *and* National Production Authority.
Procurement for Government use or resale:
Executive order respecting. *See* Presidential documents.
Manganese, tin, tungsten, etc. *See* Emergency Procurement Service; General Services Administration; *and* Mines Bureau.
Sale of interest in minerals lands. *See* Agriculture Department.
Scare materials, designation of. *See* Defense Minerals Exploration Administration.
Stockpiling of. *See* General Services Administration.
Uranium. *See* Atomic Energy Commission.
MINES BUREAU:
Coal analysis for non-Federal applicants; revision 9504
Contracts and purchases:
Helium gas. *See* Helium gas.
Manganese program, procurement in connection with; delegation of authority from Secretary of Interior to Chief, Administrative Division, and regional directors 130
Renegotiation of; Executive order respecting. *See main heading* Presidential documents.
Research projects and related undertakings, procurement of supplies and services with certain funds transferred for purpose of; delegation of authority respecting to Director, Regional Directors, and Chief, Administrative Division by Secretary of Interior 3366
Under Title II, First War Powers Act; delegation of authority from Secretary of Interior respecting 11974
Electrical equipment, etc.; junction boxes and electric motor-driven mine equipment:
Approval; conditions under which approval may be granted:
Cable reels for portable cable 10737
Circuits and equipment, automatic protection of 10737
Mechanical safeguards 10737

MINES BUREAU—Continued Page
Electrical equipment, etc; junction boxes and electric motor-driven mine equipment—Continued
Approval; conditions under which approval may be granted—continued
Portable cables 281, 10736
Cable reels for portable cables 10737
Switches for locomotives 10736
Detail requirements for Class 1 parts; enclosure casings, lead entrances 281
Portable cables:
Cable reels for portable cable 10737
General requirements 281, 10736
Run-over test and flame-resistance test 281
Tests; portable cable run-over test and flame-resistence test 281
Helium gas, purchases and contracts necessary for production and distribution:
Delegation of authority respecting, from Secretary of Interior to Director, Regional Director, and Chief, Administrative Division 4416
Determinations by certain officials of Mines Bureau and Secretary of Interior in connection with advertising requirements 4416
Lignite Research Laboratory, Charles R. Robertson; designation 7366
Manganese program, procurement in connection with; delegation of authority from Secretary of Interior to Chief, Administrative Division, and regional directors 130
Purchases. *See* Contracts and purchases.
Records, authentication of; delegation of authority to Chief, Administrative Division respecting 584
Research projects and related undertakings, procurement of supplies and services with certain funds transferred for purpose of; delegation of authority respecting to Director, Regional Directors, and Chief, Administrative Division by Secretary of Interior 3366
MINT BUREAU. *See* Treasury Department.
MOBILIZATION POLICY, NATIONAL ADVISORY BOARD ON. *See* National Advisory Board on Mobilization Policy.
MOTHER'S DAY, 1951; proclamation respecting. *See* Presidential documents.
MOTOR CARRIER CLAIMS COMMISSION:
Procedure, general rules of:
Exceptions to findings; time for filing briefs 6949
Proposed findings of fact, 15 days to file 6949
Report by Commissioner or Assistant Commissioner within 20 days 6949

N

NARCOTICS, INTERDEPARTMENTAL COMMITTEE ON, establishment, membership, and functions; Executive order respecting. *See* Presidential documents.
NARCOTICS BUREAU: Page
Civil Service Rules; certain positions excepted from competitive service (Schedule A) 4641
Drug 3 methoxy-N-methylmorphinan, determination that drug has an addiction-forming or addiction-sustaining liability similar to morphine and is an opiate, proposed 10645
NATIONAL ACADEMY OF SCIENCE, advance payments to in connection with research contact between Interior Department and National Academy of Science 11317
NATIONAL ADVISORY BOARD ON MOBILIZATION POLICY, establishment; Executive order respecting. *See* Presidential documents.
NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS:
Claimancy authority; designation of Secretary of Defense as claimant for programs of National Advisory Committee for Aeronautics under Defense Production Act 4913
Construction:
Delegation of authority from National Production Authority, to process applications under NPA Order M–4A, and to make allotments and to assign ratings under CMP Regulation No. 6 with respect to certain construction 7628
Exemption from priorities requirement by National Production Authority 2569
Contracts and purchases:
Renegotiation of contracts; Executive order respecting. *See main heading* Presidential documents.
Priority ratings, authority to apply to. *See* Priority (DO) ratings.
Under First War Powers Act; Executive order respecting. *See main heading* Presidential documents.
Lewis Flight Propulsion Laboratory, Cleveland, Ohio, declared to be restricted area 11093
Priority (DO) ratings, authority to apply to direct Government contracts and purchase orders to meet authorized procurement and construction programs; delegation of authority by National Production Administrator 1509
Confirmation of prior delegation 738
Revocation 8096
NATIONAL ARCHIVES AND RECORDS SERVICE:
Archives and records management; historical material in Franklin D. Roosevelt Library. *See main heading* General Services Administration.
Federal Fire Council, membership on; Executive order respecting. *See main heading* Presidential documents.
NATIONAL BUREAU OF STANDARDS:
Federal Fire Council, membership on; Executive order respecting. *See main heading* Presidential documents.
Organization and procedures, establishment, purpose, and function; changes in organization:
Director, Office of:
Assistant Director for Administration 10135
Executive Assistant, deletion 10135
Field stations; revised tabulation of domestic and overseas field stations and laboratories 10136
Scientific and technical divisions, Heat and Power Division; Section (iv) combustion, deletion 10136
Standard samples and reference standards:
Purchase procedure; terms of shipping:
Domestic and foreign shipments, preparation and methods 5745
Payment for foreign orders 5745
Schedule of weights and fees:
Colors, standard, for kitchen and bathroom accessories 5747
Hydrocarbons and organic sulfur compounds 5745
Limestone slabs for caulking compound tests 5748
Nonferrous alloys 5745
Oils, standards:
For use as viscometer calibrating liquids 5747
For use with Saybolt viscometers 5747
*p*H standards 5745
Steels (chemical standards) 5745

NATIONAL BUREAU OF STANDARDS—Continued Page
Standard samples and reference standards—Continued
Schedule of weights and fees—Continued
Radioactive standards:
Beta-ray 5747
Gamma-ray:
Cobalt 5747
Radium 5747
Radon 5747
Rock and ore samples 5747
Resolution test charts 5748
Standards of reference, list 5748
Test fee schedules:
Atomic and molecular physics:
Mass spectrometry; chemical and isotope analysis, deletion 5744
Radioactive standards 5744
Rock and ore samples, standard:
See under Standard samples and reference standards.
Deletion 5744
Electricity, inductance and capacitance; resistors (above 1 megohm) 5744
Heat and power:
Standard viscosity samples, deletion 5744
Internal combustion engine fuels 2422
Length:
Haemacytometers 5744
Tapes, invar base-line 5744
Mechanics; mercurial barometers and manometers 2422
Metrology; capacity, density and fluid meters:
Density of solids and liquids 2422
Hydrometers and thermo-hydrometers 2422
Metal capacity standards 2422
Volumetric apparatus 2421
Optics:
Enamel standards for raw silk; deletion 5744
Luminance and chromaticity standards for television tubes 5744
Photography; deletion 5745
Reflectometry; standards issued 5744
Television tubes, luminance and chromaticity standards 5744

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK, 1951; proclamation respecting. *See* Presidential documents.

NATIONAL FARM SAFETY WEEK, 1951; proclamation respecting. *See* Presidential documents.

NATIONAL GUARD:
Public lands withdrawn for use of. *See* Land Management Bureau.
Regulations respecting. *See* Army Department.

NATIONAL LABOR RELATIONS BOARD:
Atomic energy installations, labor relations cases; security policies and practices, regulations of Atomic Energy Commission 9679
Collective bargaining; disputes respecting representation of employees for purpose of. *See* Procedure; *and* Rules and regulations.
Organization description; field organization:
Appendix A; addresses of regional offices 1969
Regional Directors; authority to refer to hearing officers motions to revoke subpenas in representation cases 3091
Procedure:
Representation of employees:
Referendum cases:
Initiation of rescission of authority cases:
Deletion of former section 11637
Revision 11637
Investigation of petition; withdrawals and dismissals:
Deletion of former section 11637
Revision 11637
Representation cases under section 9 (c) of Act:
Consent adjustments before formal hearing; editorial changes 1935, 11637
Formal hearings; editorial changes 1935
Unfair labor practice cases under section 10 (a) to (i) of Act and Telegraph Merger Act cases (cases involving right of employees to organize, bargain collectively, etc.):
Compliance of labor organizations with certain requirements, notification respecting 11637
Hearings, editorial changes 1935

NATIONAL LABOR RELATIONS BOARD—Continued Page
Representation of employees. *See* Procedure; *and* Rules and regulations, Series 6.
Rules and regulations, Series 6; procedures under various sections of National Labor Relations Act, respecting prevention of unfair labor practices, representation of employees, referendum, disputes, injunctions, etc. (revision) 1935
Representation of employees:
Determination of questions concerning representation of employees; consent election agreement, editorial changes 11637
Referendum cases:
Contents of petition to rescind authority:
Deletion of former section 11638
Revision 11638
Investigation of petition by regional director in connection with consent or directed referendum 11638
Petition for referendum:
Deletion of former section 11636
Revision 11635
Subsequent proceedings; deletion 11638
Unfair labor practice cases. *See* Procedure.

NATIONAL MARITIME DAY, 1951; proclamation respecting. *See* Presidential documents.

NATIONAL MEDIATION BOARD:
Emergency boards to investigate disputes between certain carriers and their employees; Executive order respecting. *See main heading* Presidential documents.

NATIONAL MONUMENTS. *See* National parks, forests, monuments, etc.

NATIONAL PARK SERVICE:
Aircraft, landing of, in certain national parks. *See under* National parks, monuments.
Authority, delegations of:
By Director to certain officials; contracts, execution and approval of:
Contracts entered into in their respective regions and by National Capital Parks 866
Contracts for supplies and services not in excess of $10,000 6967

Driving, speed, etc., in various national parks. *See* National parks, monument.
Reckless driving on government roads within national parks, etc 7994
National Capital parks; regulations:
Admission fees, for Lee Mansion and Lincoln Museum 4891
Elevator fee, for Washington Monument 4891
Park Police:
Authority, delegation of, to Superintendent by Secretary of Interior to permit officers or members of Park Police to perform duties on days off 4984
False reports to 6868
National military parks; licensed guide service regulations, license 10993
National parks, monuments, recreational areas, etc.:
Dorchester Heights National Historic Site, Boston, Mass.; designation 3410
Everglades National Park; fishing 2187, 5479
Fort Jefferson National Monument, Florida:
Aircraft, landing of, on waters 11930
Anchorage of vessels, prohibition of, and exception thereto 5131
Refuse, dumping of 5131
Wildlife, protection of 5131
Fredericksburg and Spotsylvania County Battlefields Memorial; speed of automobiles, revocation 13089
Grand Portage National Historic Site, Minnesota; designation 9666
Grand Teton National Park:
Aircraft; redesignation 10893
Fishing 3656, 5434
Tax losses on certain lands in; payments to State of Wyoming 11934
Hawaii National Park; fee, rest house, revocation 12272
Hovenweep National Monument, enlargement; proclamation respecting. *See main heading* Presidential documents.
Katmai National Monument, Alaska; aircraft, redesignation 4724
Kennesaw Mountain; guide fees, revocation 9313
Lake Mead Recreational Area:
See also Recreational areas, *below.*
General rules and regulations respecting national parks, etc.; deletion of provisions respecting Lake Mead Recreational Area 4724
Operation of privately owned boats:
Permits for 3132
Revocation 4724
Speed of automobiles 4618
Lassen Volcanic National Park; commercial automobiles and busses, admission prohibition, exception to 5341
Lava Beds National Monument, California, enlargement; proclamation respecting. *See main heading* Presidential documents.
Lee Mansion in Arlington National Cemetery; admission fee 4891
Lincoln Museum and House Where Lincoln Died; admission fees 4891
Mammoth Cave National Park; redesignations 9313
Montezuma Castle National Monument; guide fees, deletion 11654
Mount McKinley National Park, Alaska; withdrawal of lands within, for national defense purposes 1184, 1203
Mount Rainier National Park; speed of automobiles and other vehicles 3655
Muir Woods National Forest, California, administration of; Executive order respecting. *See main heading* Presidential documents.
Natchez Trace Parkway; speed of automobiles 12667
Ocmulgee National Monument, Museum, and Earth Lodge; admission fee 8987

NATIONAL PARK SERVICE—Continued Page
National parks, monuments, recreational areas, etc.—Continued
Rocky Mountain National Park; fishing:
Along eastern shores of Shadow Mountain Lake and Granby Reservoir 3655
Elsewhere in park 3655
Sequoia-Kings Canyon National Parks:
Commercial automobiles and busses; admission prohibition, exception to 5341
Fishing 4658
Washington Monument; elevator service fee 4891

Delegations of authority—Continued
To various agencies or officials—Continued
Petroleum Administrator for Defense; construction:
Storage facilities construction incident to petroleum and gas industries, authority with respect to use of DO–48 rating for procurement of materials for (Delegation 13) 5024, 5295
Further authority as to certain materials (Supp. 1) 6406
To process applications under NPA Orders M–4 and M–4A and to make allotments and assign ratings under CMP Regulation No. 6 (Delegation 14) 5401, 6735, 7628
Production and Marketing Administrator; authority with respect to food having industrial uses (Delegation 10) 3669
State, Secretary of; authority to apply priority (DO) ratings to direct contracts and purchase orders to meet authorized procurement and construction programs (Delegation 8) 1509
Veterans Affairs Administrator; authority to process applications under NPA Orders M–4 and M–4A, and to make allotments and assign ratings under CMP Regulation No. 6 with respect to certain construction (Delegation 14) 5401, 6735, 7628
Disaster areas; rules to assist in obtaining construction, maintenance and repair, and steel supplies for repair of disaster damage 7988, 7989, 7990, 8602, 10263, 10264
Establishment and functions 1129
Advisory Committee on Priorities Administration:
Discontinuance 12592
Membership; Economic Stabilization Agency, added 1129
Prior actions, confirmed 1130
Redelegations of authority by Administrator to any officer or agency of Government 1129
Foods having industrial uses; allocation and priority functions respecting:
Delegation of authority to NPA Administrator from Production and Marketing Administrator 3624
Delegation of authority to Production and Marketing Administrator from NPA Administrator 3669
Determination relating to imports under Defense Production Act 7937
Memorandum of agreement between Production and Marketing Administrator and NPA Administrator 3410
Imports of commodities or products, authority of Agriculture respecting 7949
Hearings, of cases involving non-compliance with orders and regulations:
Chief Hearing Commissioner, establishment of and delegation of authority to, in order to effect procedure for hearing of cases which involve non-compliance with orders and regulations issued (Gen. Admin. Order 16–06) 8628
Rules of practice before hearing commissioners (Implementation 1) 8799
Designated as RP 1 8894
Suspension orders, to withdraw or withhold priority assistance, allocations or allotments of materials, etc.:
Armstrong-Norwalk Rubber Corp 12793
Armstrong Rubber Co 12793
Armstrong Rubber Mfg. Co., Inc 12793
Armstrong Tire and Rubber Co., Inc 12793
Breyfogle, James C 12278
Delaware Avenue Holding Corp 12278
Hoffberger, Jerold Co 12279
National Brewing Co 12279
Inventory control of certain listed materials, such as building materials, chemicals, forest products, leather products, iron and steel, metals and minerals, rubber materials, textile materials, etc. (Regulation 1) 10784, 12666
Controlled Materials Plan. *See* Priorities system operation.
Interpretations:
Action required to adjust orders (Int. 1) 10787
Deliveries through intervening dealers after adjustment of orders (Int. 3) 10787

NATIONAL PRODUCTION AUTHORITY—Continued Page

Inventory control of certain listed materials, such as building materials, chemicals, forest products, leather products, iron and steel, metals and minerals, rubber materials, textile materials, etc. (Regulation 1)—Continued
Interpretations—Continued
Imported materials, persons subject to exemption of (Int. 2) 10787
Iron and steel scrap; note 257
Priority orders respecting inventory limitations for specific materials. *See* Priority orders.
Loan Guarantee Advisory Board, representation on 6968
Petroleum and gas products; delegation of authority from Petroleum Administrator for Defense respecting 3389
Priorities Administration, Advisory Committee on:
Discontinuance 12592
Membership; Economic Stabilization Agency, added 1129
Priorities system operation; regulations:
See also Priority orders.
Appeals; procedure respecting, and operations of NPA Appeals Board (Regulation 5) 3617, 8831, 10386
Basic rules respecting DO ratings (Regulation 2) 352, 1953, 6944, 9413
Automatic conversion of certain delivery orders bearing certain ratings (Direction 1) 6033
Delivery orders during third quarter, 1951; status of certain orders (Direction 2) 9417, 12513
Electron tubes and resistors sequence of deliveries for small orders (Direction 4) 12788
List of items not subject to DO ratings, or subject to regulation by other Government agencies (List A) 355, 1956, 6948, 9417
Ratings for chemicals, restrictions upon use of (Direction 3) 9725, 12225
Signature for certification on purchase or delivery orders (Int. 2) 12789
Canada; extent to which contracts and orders required to support defense programs of United States and Canada may have benefit of priorities system (Regulation 3) 3340, 5839, 6441
Controlled Materials Plan:
Basic rules; authorization of production schedules for manufacturing operations, and procurement of materials (CMP Regulation 1) 4127, 6800, 7610, 8548, 10082, 11860
Aluminum, copper, and steel, various forms and shapes (Schedule I) 4133
Minimum mill quantities (Schedule IV) 4135
Producers of class B products; procedure for obtaining minimum quantities of materials (Direction 1) 5534, 6801, 11869
Producers of controlled materials, assignment of rating authority to obtain production materials, other than controlled materials (Direction 2) 5534
Receipt of authorized controlled materials ordered for delivery prior to July 1, 1951 (Direction 5) 7510
Revocation 11870
Restrictions on placing authorized controlled material orders (Direction 3) 6032, 8109, 9518
Right to specify allotment quarter (Direction 6) 8548
Shipments of controlled materials in fourth quarter, 1951, which were scheduled for shipment in third quarter, 1951 (Direction 7) 10082, 10788
Short form of allotment (Schedule II) 4133
Steel:
Conversion steel (Direction 8) 10605
Imported, use of (Direction 4) 6921, 10022, 11870
Time for placing authorized orders (Schedule III) 4134
Construction materials, method for manufacturers of class A products to obtain (CMP Regulation 6) 5945, 7709
Materials for reconstruction or repair of disaster damage (Direction 2) 7989, 10264
Shipments of controlled materials in fourth quarter, 1951, which were scheduled for shipment in third quarter, 1951 (Direction 3) 10082, 10788

NATIONAL PRODUCTION AUTHORITY—Continued Page
Priorities system operation; regulations—Continued
Controlled Materials Plan—Continued
Construction materials, method for manufacturers of class A products to obtain (CMP Regulation 6)—Continued
Small quantities of materials for use in construction projects, procedure for obtaining (Direction 1) 7714, 8549
Delivery orders, preference status of (CMP Regulation 3) 4135, 6564, 9417
Automatic conversion of delivery orders bearing certain ratings (Direction 2) 6564, 7765
Orders for controlled materials during fourth quarter, 1951, certain; status of (Direction 3) 8458, 9725
Orders for delivery during September 1951, status of (Direction 1) 6033
Distributors' deliveries of controlled materials (CMP Regulation 4) 4372
Effect on producers of farm equipment, machine tools, components and related products, *see specific item under* Priority orders, *below.*
Inventories of controlled materials (CMP Regulation 2) 4370, 10489
Maintenance, repair and operating supplies and minor capital additions under Controlled Materials Plan (CMP Regulation 5) 6666, 6936, 7989, 12823
List of materials to which allotment symbol MRO or rating DO-MRO may not be applied or extended (Schedule I) 6669, 6940, 7989, 12827
Materials for repair of disaster damage (Direction 2) 7988, 10263
Materials subject to regulation by other Government agencies not subject to DO rating (Schedule II) 6669, 6940
Printing plates and anodes as operating supply (Direction 1) 7709
Repair parts and materials for repairmen (CMP Regulation 7) 6669, 12827
Maintenance, repair and operating (MRO) supplies, and minor capital additions, use of DO–97 rating to obtain materials for (Regulation 4) 1956, 3342, 4799
See also Controlled Materials Plan.
Materials subject to regulation by other Government agencies and therefore not subject to DO rating (Table II) 4802
Materials to which DO–97 rating may not be applied or extended (Table I) 3344, 4802
Replacement parts and accessories for export (Direction 2) 3925, 6034
Revocation of regulation 6666, 6673
Transitional provisions (Direction 1) 1959
Priority orders:
Aluminum:
Aluminum foil, restrictions for use of, in containers or packaging material (M–67) 5274, 7457
List of products with limitations as to use of aluminum foil for packaging (Schedule I) 5275, 7458
Closures made of. *See* Containers and closures.
Consumer goods, certain, and related products, use of aluminum in. *See* Metals.
Controlled Materials Plan for. *See under* Priorities system operation, *above.*
Destructive uses of; limitations and restrictions on use of aluminum (M–84) 9197
Distribution to retailers. *See* Controlled materials, *below.*
Distributors; rules for accepting, filling and placing orders, and obtaining replacement of stock (M–88) 11181
Manufacture of certain components and related products using. *See* Components and related products.
Printing plates, use of aluminum in. *See* Printing plates.
Rules for placing, accepting and scheduling rated orders (M–5) 1182, 2228, 2764, 6677
Order acceptance (Direction 1) 8459, 9087, 12511
Reservation of fourth quarter, 1951, production (Direction 2) 8459, 9723

NATIONAL PRODUCTION AUTHORITY—Continued Page
Priority orders—Continued
Aluminum—Continued
Rules for placing, accepting and scheduling rated orders (M–5)—Continued
Shipments on and after October 1, 1951 (Direction 3) 10083
Scrap, distribution of (M–22) 391, 719, 9282, 12722
Smelters and fabricators (Lists A and B) 391, 686, 721, 2033
Deleted 9282
Tubes, collapsible; use of aluminum in. *See* Tubes.
Use by electric utilities. *See* Electric utilities.
Use in civilian economy (M–7) 1122, 2337, 2922, 3118, 3510, 3916, 5259
Base periods; applications for adjustment for use during certain months:
December 1950 (Direction 1) 2340
First calendar quarter, 1951 (Direction 2) 2341
Redesignation 1122, 1124
March, 1951 (Direction 3) 2341
Redesignation 1122, 1125
List of products in which use of aluminum is prohibited (Lists A and B) 1126, 1792, 2339, 2923, 3120, 3512, 2918, 5261
Revocation 6443
Aniline. *See* Chemicals.
Anthraquinone vat dyes, types of. *See* Chemicals.
Antimony; limitations on inventories of antimony and materials (other than ores and concentrates) containing antimony (M–39) 1709
Artificial graphite. *See* Graphite.
Automobiles and automobile wreckers. *See* Motor vehicles.
Axles and rails, used. *See* Iron and steel.
Babbitt. *See* Tin.
Barium carbonate. *See* Chemicals.
Batteries, starting, lighting, and ignition electric storage; prohibition of manufacture or rebuilding certain batteries, and requirements for distribution (M–93) 12790
Binder and baler twine. *See* Twine.
Bismuth; deliveries, uses, inventories and limitations on acceptance of rated orders (M–48) 2347, 7991
Schedule of permitted uses 2349, 7993
Brass and bronze:
Brass mill products. *See* Copper and copper-base alloys.
Tin content. *See* Tin.
Brass mill products. *See* Copper and copper-base alloys.
Bristles, pigs' and hogs', and bristle products; limitations on inventories and processing of bristles, and on manufacture, distribution and export of brushes (M–18) 230, 392, 2835, 6561, 10261
Brush schedule 6563, 10262
Painters' brushes 2836, 2837
Brushes. *See* Bristles.
Butyl. *See* Rubber.
Cabrettas. *See* Hides and skins.
Cadmium; deliveries from producer or distributor, inventory controls, and purposes for which listed products containing cadmium may be produced (M–19) 2549, 3651, 7510
Calfskins and kips. *See* Hides and skins.
Camelback. *See* Rubber.
Canada:
Benefit of priorities system. *See* Priorities system operation, *above.*
Petroleum and gas industries in. *See* Petroleum and gas industries.
Cans, tin-plate and terneplate; specifications and use, and list of products packed in cans (M–25) 897, 1824, 2571, 3121, 3582, 5172, 6455, 7826, 8592, 10264.
Determination of adjustment (Direction 1) 2437, 3919, 4276
Distribution by can manufacturers (Direction 2) 12556
Carbon electrodes. *See* Graphite, artificial, and carbon electrodes.
Carbon tetrachloride. *See* Chemicals.
Cars, passenger. *See* Motor vehicles.
Cattlehides. *See* Hides and skins.

NATIONAL PRODUCTION AUTHORITY—Continued Page
Priority orders—Continued
Chemicals:
Allocation of chemicals and allied products (M–45) 2565
Appendix A materials:
Methylene chloride (Schedule 9) 8831
Plastic type nylon (Schedule 4) 3514, 9248
Poly tetrafluor ethylene (Schedule 2) 3129
Resorcinol (Schedule 6) 4466
Thiokol (Schedule 10) 10744
Appendix B materials:
Methyl chloride (Schedule 8) 6250
Naphthenic acid (Schedule 1) 2880
Polyethylene (Schedule 5) 4465
Sebacic acid (Schedule 7) 6249
Sulfuric acid (Schedule 3) 3437
General instructions for preparation of certified statements and forms (Appendix D) 2568
Chlorine; rules for placing, accepting and scheduling rated orders (M–31) 726
Methylene chloride, limitations on use (M–21) 355
Revocation 8831
Ratings for chemicals; restrictions on use (Regulation 2, Direction 3) 9725, 12225
Rules for placing, accepting and scheduling rated orders (M–32) 725, 1127, 1999, 3920, 6940, 8359
List of chemicals (Schedule A):
Aniline 8360
Anthraquinone vat dyes, types of 3921
Barium carbonate 2000
Carbon tetrachloride 3921
Chlorobenzene 8360
Chrome orange 6941
Chrome yellow 6941
Dichloro-difluoromethane (Freon–12) 3921
DDT 1127
Ethyl ether of cellulose 725
Melamine and melamine-containing compounds 2000
Methylene chloride 3921
Monochloro-difluoromethane (Freon–22) 3921
Paratertiary butyl phenol 8360
Perchlor-ethylene 3921
Phenol 8360
Phenol formaldehyde resin 6941
Phthalic anhydride 8360
Styrene 8360
Trichloro-monofluoromethane (Freon–11) 3921
Use of vegetable tanning materials in manufacture of tannic acid, gallic acid, pyrogallic acid, etc. *See* Tanning material.
Chlorobenzene. *See* Chemicals.
Chrome orange and chrome yellow. *See* Chemicals.
Chromium and chromium nickel. *See* Iron and steel; *and* Nickel.
Coal and coke industries. *See* Solid fuels industries.
Cobalt:
Alloying materials. *See* Iron and steel.
Distribution for national defense and civilian production, and limitation on inventories (M–10) 11
Revocation 10083
Columbium and tantalum:
Alloying materials. *See* Iron and steel.
Distribution and use (M–49) 2497, 3653
Revocation 10084
Steels bearing. *See* Iron and steel.
Communications:
Radio. *See* Radio stations.
Rules for procurement and use of materials for MRO and operating construction by operators of systems (M–77) 7458
Applications for allotments 12090
Components and related products (abrasive products, files, saws, bolts, gas welding rods, cutting tools, gears, power-transmission equipment, valves and fittings, fractional horsepower motors, arc welding electrodes), using aluminum, copper, iron and steel, manufacture of; use of DO–70 rating, etc. (M–60) 4540, 6387
Effect of CMP regulations (Direction 1) 6387
Revocation of Order and Direction 1 10084

NATIONAL PRODUCTION AUTHORITY—Continued Page
Priority orders—Continued
Components or parts (electrical ceramic products, electron tubes, fixed composition resistors, rigid electrical conduit); required acceptance and equitable distribution of rated orders (M–17) 2655
Construction:
Controlled Materials Plan for. *See* Priorities system operations, *above.*
Limitation on construction and on use of certain critical materials in (M–4A) 7703, 8361
Agencies to which communications should be directed (Table II) 7705, 8363
Delegation of authority to various agencies to process applications under M–4 and M–4A, and to make allotments and assign ratings under CMP 6 (Delegation 14) 5401, 6735, 7628, 9784
Recreational, entertainment, and amusement construction (Table I) 7705, 8363
Machinery. *See* Machines and machinery.
Materials; copper and copper-base alloys, conservation of, and list of items in which use of is prohibited (M–74) 6517, 7708
Prohibition of or limitation on construction which does not further defense effort (M–4) 459, 1583, 1728, 2568, 3336, 4196, 4653, 6513
Exemptions 460, 4654
Construction for Government agencies:
Atomic Energy Commission 460
Defense Department 460
National Advisory Committee for Aeronautics 2569
Construction of industrial plant, facility or factory for which certificate of necessity has been issued 4464
Maintenance and repair 460
Printing establishments for newspapers, books, periodicals 1584
Radio and television broadcasting purposes 1584
Reconstruction following fire, etc 460
Small jobs of new construction 460, 729, 4463
Terminal warehouses for common carrier systems 2570
List A; prohibited construction 460, 461, 1585, 1730, 2570, 3338, 4198, 4464, 4655, 6516
List B; construction where authorization is required 460, 461, 1585, 1730, 2570, 3339, 4198, 4464, 4655, 6516
List C; additional construction where authorization is required 4198, 4656, 6516
Revocation 7701
Consumer durable goods, use of controlled materials in. *See* Metals.
Containers and closures:
Aluminum foil, in containers and packaging material. *See* Aluminum.
Closures; packaging closures made of aluminum or tin plate, restrictions on use (M–26) 901, 3127, 5479
Limitation on inventory (Interpretation 1) 4199
List of products in which use of aluminum packaging closures permitted (Schedule II) 3129, 5479
List of products in which use of tin plate packaging closures permitted (Schedule I) 3129, 5479
Glass containers; simplification and use of (M–51) 2882
Simplified designs (Schedule I) 3775
Metal strappings for shipping containers. *See* Strappings.
Controlled materials (aluminum, copper, steel):
Controlled Materials Plan for. *See under* Priorities system operation, *above.*
Distribution to retailers; maintenance of inventories, and limitations on orders and sales (M–89) 11725
List of controlled materials and amounts that may be purchased on orders (Schedule I) 11727
Manufacture of certain components and related products. *See* Components and related products.
Priority orders. *See specific commodities.*
Use of, in certain consumer goods. *See* Metals.

NATIONAL PRODUCTION AUTHORITY—Continued Page

Priority orders—Continued
Copper and copper-base alloys:
Anodes, used in printing process; operating supply. *See* Printing plates.
Brass mill products; distribution to distributors (M–82) 8984
Consumer goods, certain, and related products, use of copper in. *See* Metals.
Controlled Materials Plan for. *See under* Priorities system operation, *above*.
Distribution to retailers. *See* Controlled materials.
Manufacture of components and related products. *See* Components and related products.
Printing plates, use of copper in. *See* Printing plates.
Rules for placing, accepting and scheduling rated orders (M–11) 6443
Brass mill products and copper wire products, procedure for distributors to obtain (Direction 1) 7990
Revocation 10387
Order acceptance (Direction 2) 8460, 9087, 11273, 12511
Production and shipment to fill orders calling for delivery after October 1, 1951 (Direction 4) 8984
Reservation of fourth quarter, 1951, production (Direction 3) 8460, 9724
Scrap; acceptance, delivery, distribution (including toll agreements, etc.), and accumulation (M–16) 987, 6837, 12719
Advance authorizations (Direction 1) 11728
Use by electric utilities. *See* Electric utilities.
Use in civilian economy (M–12) 124, 1730, 2342, 2957, 3175, 6516, 6940
Base period, applications for adjustment, and use during first calendar quarter, 1951 (Direction 1) 1016, 2437
Base period, application for adjustment, and use during second calendar quarter, 1951 (Direction 2) 2765
Lists of products in which use of copper is prohibited (building materials, burial equipment, clothing accessories, furniture and fixtures, hardware, electrical appliances, jewelry, gifts, novelties, motor vehicle equipment, street and railroad car equipment, refrigeration and air conditioning machinery and equipment, and miscellaneous items) (Lists A and B) 126, 1733, 2344, 2960, 3178
Building materials (fins for unit heaters, ventilators, etc., added) 1952, 2958
Deleted 6516, 6940
Revocation of Order, and Directions 1 and 2 10083
Use in construction materials. *See* Construction.
Wire mill products, distribution of (M–86) 10215
Cotton duck; rules for placing, accepting, and scheduling rated orders for (M–53) 2884, 9518
Cotton sales yarn, carded; rules for placing, accepting and scheduling rated orders for (M–23) 394, 2879, 11310
DDT. *See* Chemicals.
Deerskins. *See* Hides and skins.
Dichloro-difluoromethane (Freon–12). *See* Chemicals.
Drums, steel. *See* Shipping drums.
Electric equipment. *See* Power equipment, and electric equipment.
Electric utilities; procurement and use of materials by (M–50) 2880, 3180, 3921, 5271, 6941, 8460, 12829
Aluminum (Appendix A) 6944, 8463, 12832
Aluminum conductor (Appendix A) 2882, 3183, 3924, 5273
Aluminum conductor accessories (Appendix B) 2882, 3183, 3924, 5274
Copper (Appendix B) 6944, 8463, 12832
Copper wire mill products, brass mill products, and foundry products (Appendix C) 3183, 3924, 5274
Steel (carbon, alloy, stainless) (Appendix D, E, F) 5274, 6944, 8463, 12833

NATIONAL PRODUCTION AUTHORITY—Continued Page

Priority orders—Continued
Electrical ceramic products, electron tubes, electrical conduit, etc. *See* Components or parts.
Electron tubes and resistors, sequence of deliveries for small orders (Regulation 2, Direction 4) 12788
Engines. *See* Power equipment.
Ethyl ether of cellulose. *See* Chemicals.
Export licensing policy for materials covered by M (Materials) orders. *See main heading* International Trade, Office of.
Export, procedure to meet requirements for MRO supplies for; exporters' quotas (M–79) 7931, 11723
Farm machinery and equipment:
Use by electric utilities. *See* Electric utilities.
Use by producers of DO–87 ratings for delivery of materials and component parts, and limitation on production of farm machinery and equipment:
Farm machinery, equipment, or repair parts (Schedule 1) 2931, 4495
June 1951 use (M–55) 2930
Revocation 8271
July, August and September 1951 use (M–55A) 4494
Effect of CMP regulations (Direction 1) 6387
Revocation of Order and Direction 1 10084
Feathers, waterfowl; restrictions on sale, use and processing (M–56) 3339, 8271
Foil, aluminum and tin content of. *See* Aluminum; *and* Tin.
Freight car programs. *See* Iron and steel.
Fuels, solid. *See* Solid fuels industries.
Gas industries. *See* Petroleum and gas industries.
Generators. *See* Power equipment.
Glass containers. *See* Containers and closures.
Goatskins. *See* Hides and skins.
Graphite, artificial, and carbon electrodes; conservation and distribution (M–66) 5173, 6464, 9285
Hides and skins:
See also Leather.
Cattlehides, calfskins and kips, allocation of; prohibition of sales or deliveries prior to March 15, 1951, and required reports on hides tanned during calendar 1950 (M–35) 1071, 2000, 4464
Deerskins:
See also under Horsehides.
Restrictions on tanning, sale and use (M–29) 550, 1727, 4537
Horsehide fronts; deleted 4537
Revocation 10084
Horsehides, horsehide parts, goatskins, cabrettas, sheepskins, shearlings, and kangaroo skins; restrictions on tanning, sale and use (M–62) 4541, 6452, 7610, 8109, 8272, 10084
Deerskins and sheepskin parts included 10084
Horsehides. *See* Hides and skins.
Insect wire screening, rules for placing and accepting rated orders (M–42) 2033
Iron and steel:
Alloying materials and alloy products, requirements for melters and processors of, and authorization of melting or processing schedules (M–80) 8171
Chrome and chromium nickel (Schedule C) 12724
Cobalt (Schedule 2) 8180
Columbium and tantalum (Schedule 5) 8181, 11451
Molybdenum (Schedule 4) 8181
Nickel; list of prohibited products (Schedule 1) 8178
Nickel-bearing stainless steel, high nickel alloy, and nickel silver; list of prohibited products (Schedule A) 8174, 8550, 9521
Tool steel and high speed steels (Schedule B) 8177, 12789
Tungsten (Schedule 3) 8180
Columbium- and tantalum-bearing steels; production, distribution, and use (M–3) 2497, 3118, 3174, 4462
Revocation 10083
Scrap, conservation of 3118, 4462
Controlled Materials Plan for. *See under* Priorities system operation, *above*.
Distribution to retailers. *See* Controlled materials.

Distributors:
Requirements regarding shipments, and identification and acceptance of purchase orders (M–6A) 10210
Earmarked stocks—aircraft quality alloy steel products (Schedule 1) 10947
Industrial steel and merchant trade steel products (List A) 10212
Rules to assist in obtaining supplies of steel or carrying out normal functions (M–6) 2502
Authorized controlled materials orders during third quarter, 1951; allotments, and tonnage and item limitations (Direction 1) 5841
Flood damaged area relief (Direction 3) 7990, 8602
Industrial steel products (List A) 2504
Merchant trade steel products (List B) 2504
Required shipments of alloy or stainless steel (Direction 2) 7677
Manufacture of certain components and related products. *See* Components and related products.
Molybdenum-bearing steels; production and use of (M–52) 2884
Revocation 10084
Rails and axles, used; distribution and use (M–64) 5021, 8364
Cast-iron car wheels, used 8364
Rules for placing, accepting and scheduling rated orders (M–1) 716, 1821, 2499, 3114, 4754, 4785, 5535, 6674
Authorized controlled materials orders during third quarter, 1951; allotments for conversion, production limitations, and precedence of DO and ACM orders for September 1951 tonnage (Direction 1) 5841
Canadian freight car program (Supplement 3) 229
Revocation 10783
Directives and certificates (Supplement 2); revocation 10783
Freight car program (Supplement 1) 549
Revocation 10783
Lead time, required filling of orders, required converter and distribution allotments of stainless and alloy, carryover (Direction 2) 7676
List of products to which regulation applies (Tables I and II) 718, 1823, 2501, 2502, 3116, 4756, 4757, 5537, 5538, 6676, 7676
Order acceptance; set-aside cancellation (Direction 3) 8458, 9086, 11180, 11341, 12511
Repair and conversion of seagoing vessels (Supplement 4) 1717
Revocation 10783
Tonnage reservation (Direction 4) 8458, 9723
Scrap:
Allocation and inventory limitation (M–20) 257, 903, 5018
Inventory control (Regulation 1) 257
Steel shipping drums. *See* Shipping drums.
Use by electric utilities. *See* Electric utilities.
Use in manufacture and assembly of consumer durable goods (M–47) 2186, 2968, 3130, 3582, 5267, 5269
See also Metals.
List of items subject to provisions of order (furniture, fixtures, household appliances and equipment, utensils and cutlery, jewelry, games, musical instruments, radios and television sets, sporting goods, toys, aircraft, motor vehicles, bicycles, boats, cameras, coin-operated amusement machines, mortician's goods, wire hangers, etc.) (List A) 2187, 2969, 3131, 3583, 5119, 5269, 5270
25% of average quarterly use for manufacture of passenger automobiles, during June 1951 4199
Jacks, mechanical, hydraulic, air, and electrically-operated; limitation on manufacture and assembly (M–83) 8986
Schedule A; list of devices commonly known as jacks 8987

NATIONAL PRODUCTION AUTHORITY—Continued Page

Priority orders—Continued
Jacks, mechanical, hydraulic, air, and electrically-operated; limitation on manufacture and assembly (M–83)—Continued
Schedule B; jacks not subject to standardization and simplification 8987
Kangaroo skins. *See* Hides and skins.
Laboratories, technical and scientific; priorities assistance in procurement of supplies and materials (M–71) 6250, 7706, 8590
Lead:
Allocation of supply and limitations on required acceptance of rated orders (M–76) 7517, 10990
Limitations on distribution and use, toll agreements, and inventories (M–38) 1708, 2927, 5019, 7410
Leather:
Rules for placing, accepting and scheduling rated orders (M–28) 549
Sole leather, of military weight and quality, production and distribution (M–34) 1128, 2229, 6385
Revocation 7568
Lumber and wood products.
Plywood. *See* Plywood.
Wood pulp. *See* Wood pulp.
Machines and machinery:
Components and related products using aluminum, copper, iron and steel; use of DO–70 rating, etc. (M–60) 4540
Effect of CMP regulations (Direction 1) 6387
Revocation of Order and Direction 1 10084
Construction machinery, rules for placing, accepting and scheduling rated orders (M–43) 2034
Farm machinery. *See* Farm machinery and equipment.
Machine tools and certain related equipment, manufacture of; use of DO–75 rating, etc. (M–61) 4540
Effect of CMP regulations (Direction 1) 6387
List of products (List A) 4541
Revocation of Order and Direction 1 10084
Metalworking machines:
Delivery of (M–41) 2002, 11447, 12225
Limitation of applications for ratings (M–41A) 11450
Pool orders, authorization of (M–40) 2001
Revocation 11451
Power equipment (turbines, engines, generators, transformers, etc.). *See* Power equipment.
Maintenance, repair, and operating supplies:
Priority orders for specific industries (solid fuels, marine maintenance, petroleum and gas, etc.), *see specific industries*.
Regulations respecting. *See under* Priorities system operation, *above*.
Marine maintenance, repair, operating supplies, and minor capital additions (M–70):
Application of DO–91P rating during third quarter, 1951 5899, 6671
Application of DO–R–9 rating during fourth quarter, 1951 10127
Melamine. *See* Chemicals.
Metal strappings. *See* Strappings.
Metals (aluminum, copper, iron and steel), use of, in certain consumer durable goods:
See also Iron and steel.
To prohibit use of copper and aluminum for certain ornamental, decorative, nonfunctional and nonoperational purposes (M–47A) 6029, 7679, 10461
Filing of CMP–4B application forms covering manufacture during fourth quarter of products subject to NPA Order M–47A (Direction 1) 7209
Iron and steel; deleted 10461
List of items subject to provisions of order:
Containers, furniture, fixtures, baby carriages and strollers, sewing machines, lighting equipment, bottling machinery, beauty and barber shop equipment, clocks and watches, electric devices, horse-drawn buggies, sleighs, accessories, etc. (List B) 6032, 7622, 10463

Priority orders—Continued
- Metals (aluminum, copper, iron and steel), use of, in certain consumer durable goods—Continued
  - To prohibit use of copper and aluminum for certain ornamental, decorative, nonfunctional and nonoperational purposes (M–47A)—Con.
    - List of items subject to provisions of order—Continued
      - Furniture, fixtures, household appliances and equipment, utensils and cutlery, radio and television receivers and phonographs, motor vehicles, bicycles, boats, aircraft, games and toys, jewelry, garden tools, musical instruments, desk equipment, smokers' articles, morticians' goods, advertising displays, gambling and amusement devices, luggage, binoculars, accessories, etc. (List A) ---- 6031, 7681, 10462
    - Status of adjustments granted under NPA Orders M–47, M–7 and M–12 (Direction 2) - 7456
  - To provide for flexibility in production and to prohibit use of copper and aluminum for certain ornamental and decorative purposes (M–47B) ---- 10023
    - Furniture, fixtures, morticians' goods, domestic appliances, lamps, fans, corsets and allied garments, tinware, cutlery, silverware, brooms, brushes, fabricated products, musical instruments, jewelry, smokers' articles, etc. (Schedule I) ---- 10024
- Metalworking machines. *See* Machines and machinery.
- Methylene chloride. *See* Chemicals.
- Mining industries; priorities for obtaining MRO material for maintenance, repair and operating supplies and capital additions (M–78) ---- 7765, 9724
- Molybdenum:
  - *See also* Tungsten and molybdenum.
  - Distribution, use and allocation of (M–33) ---- 904, 2766, 3902
  - Revocation ---- 10084
- Steels bearing. *See* Iron and steel.
- Monochloro-difluoromethane (Freon–22). *See* Chemicals.
- Motor vehicles:
  - Automobile wreckers; required inventory report, limitations on acceptance of deliveries of motor vehicles or car-units, and certain other requirements (M–92) ---- 12512
  - Passenger cars, limitation on use of controlled materials in manufacture of (M–68) ---- 5275, 6387, 9286
    - Percentage of industry for each person engaged in manufacture of passenger cars (Schedule A) ---- 5276, 6389, 9287
  - Use of controlled materials. *See* Aluminum; Copper; *and* Iron and steel.
- Naphthenic acid. *See* Chemicals.
- Nickel:
  - Alloying materials. *See* Iron and steel.
  - Printing plates, use of nickel in. *See* Printing plates.
  - Use in civilian economy (M–14) --- 721, 1278, 1996, 2963
    - Extension of restriction on consumption to include third quarter, 1951 ---- 6451
    - List of products subject to prohibitions (List A) ---- 723, 1280, 1997, 2965
    - Revocation ---- 10083
- Nylon, plastic type. *See* Chemicals.
- Oil country tubular goods. *See* Petroleum and gas industries.
- Oil industries. *See* Petroleum and gas industries.
- Paper; rules for placing, accepting and scheduling Government orders (M–36) ---- 1281, 2598, 3513, 5897, 10603
- Paratertiary butyl phenol. *See* Chemicals.
- Passenger cars. *See* Motor vehicles.
- Perchlor-ethylene. *See* Chemicals.
- Petroleum and gas industries:
  - *See also* Solid fuels industries.
  - Construction limitations (M–46B) ---- 5266

NATIONAL PRODUCTION AUTHORITY—Continued Page

Priority orders—Continued
- Petroleum and gas industries—Continued
  - Delegation of authority from Petroleum Administration for Defense with respect to production and distribution of listed products of petroleum or gas origin ---- 3389
  - Foreign petroleum operations, priorities assistance for obtaining material for construction operations, maintenance, repair, operating supplies, and laboratory equipment (M–46A) ---- 8168, 9088
  - Authorizations for oil country tabular goods (Direction 1) ---- 10605
  - Schedule I; ECA countries, list of ---- 8170, 9089
  - Schedule II; controlled material, list of --- 8170, 9090
  - United States and Canada, petroleum operations in; priorities for obtaining MRO material for maintenance and repair purposes, as operating supplies, or laboratory equipment (M–46) ---- 2394, 2551, 5262, 12556
  - Authorization of allotment symbols and rules pertaining to use (Supplement 1) ---- 6451
    - Revocation ---- 12561
  - Authorizations for oil country tabular goods (Direction 1) ---- 10604
  - Schedule A; materials for use in production (casing-tubing-drillpipes) ---- 2397, 5265
  - Schedule B; petroleum administration for defense districts ---- 2397, 5266
  - Schedule C; administrative operational materials, procurement of ---- 2397, 5266
  - Schedule D; materials for which symbols may not be used, list of ---- 5266
- Phenol. *See* Chemicals.
- Phenol formaldehyde resin. *See* Chemicals.
- Phthalic anhydride. *See* Chemicals.
- Plastic type nylon. *See* Chemicals.
- Platinum; limitations on distribution and use of (M–54) ---- 2928
  - Jewelry and miscellaneous items, use in, prohibited (List A) ---- 2930
- Plywood, softwood; conservation and distribution (M–63) ---- 4656, 7701
- Polyethylene. *See* Chemicals.
- Poly tetra-fluor ethylene. *See* Chemicals.
- Power equipment, and electric equipment (turbines, engines, generators, transformers, etc.); production and delivery (M–44) ---- 2077, 10212
- Printing plates:
  - Conservation of metal (aluminum, copper, zinc, etc.) in (M–65) ---- 5172, 9519
  - Operating supply, printing plates and anodes as (CMP Regulation 5, Direction 1) ---- 7709
- Radio stations, amateur and used by Civil Air Patrol for emergency radio communications and associated activities; assistance in obtaining materials for maintenance, repair and capital additions (M–85) ---- 10214
- Rail transportation systems; priorities for obtaining MRO supplies for maintenance and repair purposes, as operating supplies and minor capital additions (M–73) ---- 6452
- Rails and axles, used. *See* Iron and steel.
- Rayon yarn, high tenacity; rules for placing, accepting and scheduling rated orders (M–13) -- 1677, 4714
  - Limitation on acceptance of rated orders; percentage ---- 4656
- Resorcinol. *See* Chemicals.
- Rubber; distribution, use and allocation of natural and synthetic rubber for tires, tubes, camelback, and various household and industrial products and equipment (M–2) ---- 8, 1119, 2065, 2909, 3117, 3161, 3903, 4785, 6249, 6922, 8832, 10699, 12653.
  - Butyl; list of agency programs for which additional quantities of butyl can be made available (Appendix B) ---- 12666
  - Limitations on production of tires and tubes and certain industrial products (belts, hose, wire and cable) (Supplement 1) ---- 1727
  - List of agency programs for which additional quantities of rubber can be made available (Appendix C) ---- 6936, 8846

NATIONAL PRODUCTION AUTHORITY—Continued Page

Priority orders—Continued
- Rubber; distribution, use and allocation of natural and synthetic rubber for tires, tubes, camelback, and various household and industrial products and equipment (M–2)—Continued
  - List of products subject to limitation on new rubber consumption (Appendix B) ---- 3916, 4799, 6936, 8846
  - List of products subject to simplification and manufacturing specification (Appendix A) -- 2068, 2913, 3165, 3907, 4789, 6926, 8836
- Scarce materials, certain, designation of (building materials, chemicals, iron and steel, forest products, metals and minerals, hog bristles, certain textile materials (nylon and rayon yarn, burlap, and cotton pulp), rubber, etc.) (Notice 1) ---- 319, 11341, 11452, 13132
- Screening. *See* Insect wire screening.
- Selenium; conservation and distribution, and prohibitions for delivery and use (M–91) ---- 12433
- Shearlings. *See* Hides and skins.
- Sheepskins. *See* Hides and skins.
- Shipping drums, steel; restrictions on sale or delivery and on uses to which containers may be put (M–75) ---- 6679, 12833
  - List of commodities which may not be packed in steel drums (Schedule 1) ---- 6680, 12835
- Skins. *See* Hides and skins.
- Softwood plywood. *See* Plywood.
- Solder, tin. *See* Tin.
- Solid fuels industries; priorities assistance for obtaining material for maintenance, repair, operating supplies and capital additions (M–87) --- 10853
  - Delegation of authority to Secretary of the Interior respecting ---- 11788
- Steel. *See* Iron and steel.
- Strappings, metal, for use on shipping containers; limitations on inventories and restrictions on use (M–59) ---- 3924
- Styrene. *See* Chemicals.
- Sulfur, conservation of (M–69) ---- 5277
  - Forms NPAF–98 and NPAF–99, general instructions for preparation of (Appendix A) ---- 5278
  - Limitations on inventory ---- 11504
- Sulfuric acid. *See* Chemicals.
- Tanning materials, vegetable; restrictions on use (M–57) ---- 3340 9283
- Tantalum. *See* Columbium and tantalum; *and* Iron and steel.
- Television, color; prohibition of manufacture of sets except for certain uses (M–90) ---- 11773
- Textiles; cotton duck. *See* Cotton duck.
- Thiokol. *See* Chemicals.
- Tin:
  - *See also* Tin plate and terne plate.
  - Tubes, collapsible; use of tin in. *See* Tubes.
  - Use in civilian economy (M–8) ---- 283, 891, 2431, 2872, 6445, 7411, 9724
    - List of items or processes in which use of pig tin is restricted (List A) --896, 2436, 2876, 6448, 7414
    - Schedules of permitted uses of pig tin or permissible tin content in various items or processes:
      - Babbitt (Schedule III) ---894, 2434, 2877, 6449, 7415
      - Brass and bronze (Schedule I) ---- 894, 2434, 2876, 6448, 7414
      - Foil (Schedule V) ----895, 2434, 2878, 6450, 7416
      - Miscellaneous items; tin pipe, tubes, dental alloys, pipe organs, printing plates, bismuth alloys, etc. (Schedule VII) ---- 896, 2436, 2878, 6450, 7416
      - Plating and coating (Schedule IV) ---- 894 2434, 2877, 6449, 7415
      - Solders (Schedule II) ---- 894, 2434, 2876, 6448, 7414
      - Tin chemicals and tin oxide (Schedule VI) -- 896, 2436, 2878, 6450, 7416
- Tin chemicals and tin oxide. *See* Tin.
- Tin plate and terne plate:
  - *See also* Cans; *and* Containers and closures.
  - Permitted uses (M–24) ---- 889, 2924
    - List of products in which use of tin materials permitted (Schedule A) ---- 2926
- Tires and tubes. *See* Rubber.

NATIONAL SECURITY RESOURCES BOARD:
- Certificates, necessity, for emergency facilities under section 124A Internal Revenue Code, termination of certifying authority of Board; Executive order respecting. *See main heading* Presidential documents.
- Defense Mobilization Board, representation on; Executive order respecting. *See main heading* Presidential documents.

NATIONAL SECURITY RESOURCES BOARD—Con. Page

Defense Production Act; designation of claimant agencies for purposes of priorities and allocations, termination of function by Executive order. *See main heading* Presidential documents.
Health services and special weapons defense functions transferred to Federal Civil Defense Administration; Executive order respecting. *See main heading* Presidential documents.
Radio communication or radio transmission of energy, emergency control over; Executive order respecting. *See main heading* Presidential documents.

NATIONAL SHIPPING AUTHORITY:

Agents, general agents, and berth agents:
See also Insurance.
Compensation of general agents for services rendered in connection with Service agreement GAA, 3–19–51 9983
Husbanding services, etc., compensation for 12019
Procedure for preparation of invoices and payment of compensation 10026
Duties of berth agents and general agents 12434
Handling of assigned vessels; service agreements. *See* Service agreements.
Repairs and equipment, authority of general agents respecting. *See* Repairs and service equipment of vessels.
Service agreements:
Applications for service agreements 2888
Between National Shipping Authority and berth agents 10747, 10856
For vessels of which United States is owner or owner pro hac vice 2703
Addendum to GAA 3–19–51; general agents required to execute addendum to Service agreement, procedure 9982
Continental United States, defined 9982
Handling of vessels assigned to agents, general agents, and berth agents under service agreements:
Between National Shipping Authority and berth agents 10747, 10856
For vessels of which United States is owner or owner pro hac vice 2703, 9982
Bonding of ship's personnel:
Bonding requirements prescribed respecting amount, posting, and form of bond, premiums, protection of payroll 6751
Form of bond, deletion 9527
Posting of bond; executed copy to be retained in general agent's principal office 9527
Surety and form of bond 9527
Charter terms under "Warshipvoy" charter. *See* Transportation of various commodities under "Warshipvoy" charter.
Compensation for general agents. *See* Agents, general agents, and berth agents.
Contracts for ship repairs. *See* Repairs and service equipment of vessels.
Dry-cargo vessels, operation of; instructions for recording voyage data by general agents 5950
Establishment; statement respecting 2642
Financial transactions under agency agreements:
General agents, procedures to be followed by, in preparation of invoices and payment of compensation 10026
Procedural rules respecting accounts, disbursements, etc 2885
Insurance; marine protection and indemnity insurance instructions under general agency and berth agency agreements 5057, 10749
Assumption of risk by owner and attachment date of commercial insurance:
Vessels redelivered from bareboat charter and allocated under General Agency Agreement, 3–19–51 10749
Vessels transferred from one general agent to another general agent 10749
Premiums, insurance:
Military Sea Transportation Service clause 10749
Vessels transferred to another general agent, return premium on 10749
Settlement of claims; authority of berth agents to settle cargo claims 10749

NATIONAL SHIPPING AUTHORITY—Continued Page

Launch services; authority and circumstances under which launch hire will be accepted as vessel operating expense 12791
LUMPSUMREP contracts. *See* Repairs and service equipment of vessels.
Operation of vessels under general agency agreement:
Slop chests, requirements and general provisions respecting 4137
Voyage data; instructions for recording, by general agents, of voyage activities of dry-cargo vessels operated for account of NSA 5950
Rates, freight, under "Warshipvoy" charter. *See* Transportation of various commodities under "Warshipvoy" charter.

Fair distribution of livestock and meat; quotas for slaughter of cattle, sheep and swine by commercial, farm, or custom slaughterers, etc. (DR 1) — 1273, 4456, 11958
Armed Forces, quota adjustments for sales to — 5987, 7675
Authority of Assistant Director for Price Operations, Chief, Livestock and Meat Distribution Branch, Director, Food and Restaurant Division, and Regional Directors. *See* Authority, delegations of.
Class 1 slaughterers — 2872, 3770, 7675
Class 1A and class 2A slaughterers — 2872, 3771, 7675
Class 2 slaughterers — 2872, 3771, 7675
Class 3 slaughterers — 2835
"Club" livestock, slaughterer of — 2872, 3771
Prohibitions against slaughtering — 2872, 7675
Quota percentages (Supp. 1) — 3771, 4974, 6249, 6921
Canceled — 7675
Records, reports and inspections — 2835, 3771, 7675
Scope — 2872
Suppliers must sell meats to certain institutional users (prisons, hospitals, etc.) — 1819
Grocery items. *See* Foods.
Hogs, dressed; adjustments in ceiling prices for certain sales (GCPR, SR 3) — 1506
Lamb, mutton, veal, and yearling:
Lamb, spring (GCPR, SR 37) — 6180
Lamb or mutton; adjustment of ceiling prices for sales by wholesalers (GCPR, SR 54) — 8890
Retail sales of veal, lamb and mutton products; adjustment of ceiling prices (GCPR, SR 79) — 11431
Veal sold at wholesale, ceiling prices of (CPR 101) — 12254
Additions (zone, local delivery, wholesaler's, etc.) — 12261
Authority of Regional and District Directors. *See* Authority, delegations of.
Definitions, general — 12263
Distribution point — 12261
General provisions; scope, records, reports, prohibitions, etc — 12256
Pricing schedules — 12259
Wholesale ceiling prices for lamb, yearling and mutton products (CPR 92) — 11434, 11859
Authority of Regional and District Directors. *See* Authority, delegations of.
Live cattle (CPR 23) — 3696
See also Adjustments, *above*.
Effective date — 5118
Exempt purchases — 9076
Instructions (Appendix A) — 9076, 9511
Prohibition against purchasing live cattle at an adjusted cost in excess of maximum permissible cost — 9076, 10017
Quota adjustment; deleted — 9076
Records required of slaughterers — 9076
Mutton. *See* Lamb, mutton.
Packers and Stockyards Act, services under, regulated by Agriculture Department; exception for rates for (GCPR, SR 15) — 3407
Revocation — 6664
Pork:
Cuts, wholesale; parity adjustments (GCPR, Int. 2) — 3216
Loins, weighing 16 pounds or less; adjustment of ceiling prices (GCPR, SR 47) — 7507, 9762, 9778
Retail sales of pork products, adjustment of ceiling prices for (GCPR, SR 65) — 9778
Wholesale, ceiling prices for sales at (CPR 74) — 9759
Authority of Regional and District Directors. *See* Authority, delegations of.
Ceiling prices, determination of — 9762, 11715
Definitions:
General — 9772
Pork products (Appendix 2) — 9774
Processing definitions (Appendix 3) — 9776
Distribution point — 9768

PRICE STABILIZATION, OFFICE OF—Continued — Page

Livestock and meat—Continued
Pork—Continued
Wholesale, ceiling prices for sales at (CPR 74)—Continued
General provisions; records, evasion, prohibitions, etc — 9763, 11716
Pricing schedules — 9765
Scope — 9762
Zone:
Definitions of zone and region (Appendix 1) — 9773
Differentials and additions — 9768
Map (Appendix 4) — 9777
Puerto Rico; sales of livestock and meat in. *See under* Foods.
Sausage, fresh and semi-dry, made in whole or in part from beef; adjustment of ceiling prices of manufacturers and distributors (GCPR, SR 34) — 5618, 11830
Authority of Regional and District Directors. *See* Authority, delegations of.
Sheep intestines, green (GCPR, SR 32) — 5256
Sterile canned meat and dry sausage; new method for determining materials cost adjustment for manufacturers (CPR 22, SR 15) — 7663, 9469, 11179
Veal. *See* Lamb, mutton, veal.
Virgin Islands; sales of livestock in. *See under* Foods.
Yearling. *See* Lamb, mutton, veal, and yearling.
Loading and unloading equipment, for industrial or commercial use — 4123, 8358, 12553
Logs. *See* Wood and wood products.
Lubricating systems and devices — 4123, 8358, 12554
Lubricants. *See* Petroleum products.
Luggage. *See* Consumer goods.
Machine tools and machine tool attachments. *See* Machines and machinery; *and* Tools.
Machines and machinery, etc.:
Canning machinery, certain, leased by American Can Company and Continental Can Company, Inc. (GCPR, SR 22) — 3831
Changes in manufacturers' prices; modification of prices for certain sales at wholesale and retail to eliminate "replacement squeeze" and to reflect manufacturers' price changes (GCPR, SR 29) — 5011, 5319, 9196, 11179
Continuation of ceiling prices in effect on June 30, 1951, for commodities or services covered by specified manufacturers' regulations (GOR 13) — 6435, 7208, 7209
Regulations in effect as to manufacturers on June 30, 1951 (Int. 1) — 6776
Revocation — 7546
Emergency purchases of, or secret or developmental contracts for machinery and related manufactured goods; suspension of ceiling price regulations in certain cases (GOR 9) — 4890, 9809
Farm equipment; retail sales of new and used mechanical farm equipment (CPR 100) — 12248
Authority of Regional and District Directors. *See* Authority, delegations of.
Machine tools and machine tool attachments:
Adjustment of ceiling prices for manufacturers of (GOR 15) — 6834, 10989
Manufacturers' prices (CPR 30, SR 2) — 6246, 8349, 10253, 10558, 10984, 12786
Used machine tools (CPR 80) — 10254
Manufacturers' prices, for machinery and related manufactured goods (CPR 30) — 4108, 12050
Applicability of regulation to wholesalers and retailers (Int. 1) — 8238
Calculation of ceiling prices — 4109, 12051
Base period prices — 4110, 5867, 12051
Base period prices computed by formula — 7666
Labor cost adjustment — 4112, 5867, 10851, 12054
Upon basis of entire business:
"Base period payroll", inclusion of overtime wages (Int. 6) — 8239
Fringe benefits not included in annual factory payroll (Int. 7) — 8239
Materials cost adjustment — 4113, 5868, 8887, 9077, 9509, 10259, 10851, 12055
Conversion steel adjustment — 7666, 9890

Machines and machinery, etc.—Continued
Manufacturers' prices for machinery and related manufactured goods (CPR 30)—Continued
Calculation of ceiling prices—Continued
Materials cost adjustment—Continued
General description of methods available; exclusion of manufacturing materials from calculations (Int. 11) 8239
How to compute net cost of a manufacturing material as of a prescribed date; long term contracts subject to price revisions (Int. 12) 8239
Manufacturing material:
Maintenance costs; exclusion from "manufacturing material" intentional (Int. 9) 8239
Materials and services used in replacing, maintaining or expanding manufacturer's plant and equipment; excluded from the term "manufacturing material" (Int. 10) 8239
Tools, jigs, dies and fixtures; not included within definition of "manufacturing material" (Int. 8) 8239
Special provisions 4116, 10383, 12060
Adjustment of ceiling prices quoted on a delivered basis for increases in transportation costs:
Certain increases in rail or water freight rates excluded (Int. 13) 8240
Freight rates; Interpretation 1 under GCPR is not applicable to commodities subject to this regulation (Int. 14) 8240
Ceiling prices established, general description of pricing technique; use of base period price and subsequent use of regulation (Int. 5) 8239
Changes in manufacturers' prices, modification of prices for certain sales to reflect. *See* Changes in manufacturers' prices, *above*.
Coverage:
Commodities covered (Appendix A) 4121, 4890, 5868, 7150, 8542, 9086, 9159, 11483, 12067, 12869, 13087
Export sales 4117, 12061
Sales and sellers covered 4109, 4890, 12050
Election:
Manufacturer may subsequently elect to use regulation (Int. 3) 8238
Manufacturers who have elected not to use regulation; clarifications as to gross sales, "last complete fiscal year", etc. (Int. 4) 8239
Sales at wholesale and retail; only sales at wholesale are covered (Int. 2) 8238
Effective date 4121, 5010, 7666, 7931, 11483
Emergency purchases of, or secret or developmental contracts for listed commodities. *See* Emergency purchases, *above*.
Form, OPS Public Form 8, "Manufacturer's Price Adjustment Report"; changes in use of with this regulation (Appendix C) 4124, 12071
Manufacturing materials:
Change in net cost may be calculated up to August 1, 1951 (Appendix D) 8888, 12070
Change in net cost may be calculated up to March 15, 1951 (Apendix B) 4124, 5869
Miscellaneous provisions; taxes, adjustments, definitions, prohibitions, etc 4117, 5868, 12061
Adjustment of ceiling prices where over-all loss in operations results 7666, 12617
"Would have operated at a loss"; clarification (Int. 15) 8240
Definitions and explanations 5868, 8456, 9891, 11483, 12429, 12868
Corporate identity (Int. 18) 8240
Net sales, inventory not included; not synonymous with the "value" of goods produced (Int. 20) 8240
"Net sales" selling commissions not deductible (Int. 19) 8240
Sale to a "commercial, industrial, governmental or institutional user" is not a "sale at retail" (Int. 21) 8240
Excise, sales or similar taxes 11162, 12309

Manufacturers' prices for machinery and related manufactured goods (CPR 30)—Continued
Miscellaneous provisions; taxes, adjustments, definitions, prohibitions, etc.—Continued
Manufacturers who cannot price under any other provisions 9892
Prohibition against redetermination of ceiling prices 5868, 7666, 11162
Prohibitions 7666, 12309
Records and reports 12309
Manufacturer who uses base period price as ceiling price must file Public Form No. 8 (Int. 17) 8240
Report not required for commodity no longer manufactured (Int. 16) 8240
Temporary adjustments to carry out existing contracts 4753, 7666
Use of "conversion steel" in calculating the "materials cost adjustment" 7666, 9890
Report of price adjustment; form for. *See* Form.
Supplementary regulations:
Adjustments of manufacturers' prices; application for, under Defense Production Act of 1950 (SR 4) 11498, 12186, 12429
Adjustment, optional, under Defense Production Act of 1950 for certain manufacturers whose net sales for last fiscal year did not exceed $1,000,000 (SR 5) 12869
Alternative method for determining ceiling prices (SR 1) 4692, 11494, 12185, 13130
Machine tools and machine tool attachments (SR 2) 6246, 8349, 10253, 10558, 10984, 12786
Optional postponement of effective date for manufacturers of certain commodities, such as insulated electrical wire and cable, fabricated structural shapes, plates and related products (SR 3) 6430
Fabricated standard line metal pressure and non-pressure, lined and unlined tanks 12712
Glassware, scientific, laboratory and pharmaceutical 12807
Graphite crucibles and accessory or related products 12807
Hardware, pole line, and line construction specialties 12807
Trackwork, forgings, conduit, fabricated shapes, mechanical springs, metal stampings, screw machine products, compressors, dies, jigs, fixtures, foundry molds, industrial trucks 12617
Resellers' prices, for machinery and related manufactured goods (CPR 67) 8352
Authority of Regional and District Directors. *See* Authority, delegations of.
Calculation of ceiling prices 8353, 9471, 10122, 12317
Coverage:
Commodities covered, listed (Appendix A) 8356
Brass mill products, added 9086
Copper wire mill products, added 12869
Sales and sellers covered 8353
Miscellaneous provisions; taxes, records, prohibitions, etc 8355, 12317, 12430
Used industrial and construction machinery and related equipment (CPR 105) 12550
Ceiling prices 12550
Coverage:
Commodities covered (Appendix A) 12553
Sales and sellers covered 12550
Depreciation rates for determining ceiling prices; table (Appendix B) 12554
Government sales; optional pricing provisions 12551
Guarantee to be furnished buyers, form of (Appendix C) 12555
Miscellaneous provisions; taxes, records, prohibitions, definitions, etc 12552
Terms and conditions of sale 12551
Magazines:
See also Publications.
Exemption 814
Magnetos 4123, 8358, 12554
Magnets, lifting, industrial 4123, 8358, 12554
Mail order establishments. *See* Chain stores and mail order establishments.

Authority of Regional Directors. *See* Authority, delegations of.
Special orders:
Angier Chemical Co 12629
Crescent Chemical Co 11039
Resellers of Glycol-Thymoline manufactured by Kress and Owen Co 10325
Strickland, J., & Co., Inc 7370
Vi-Jon Laboratories, Inc 6202
Adjustments of manufacturers' prices; application for, under Defense Production Act of 1950 (CPR 22, SR 17) 11484, 12428
Changes in manufacturers' prices; modification of prices for certain sales at wholesale and retail to eliminate "replacement squeeze" and to reflect manufacturers' price changes (GCPR, SR 29) 5011, 5319, 9196, 11179
Continuation of ceiling prices in effect on June 30, 1951, for commodities or services covered by specified manufacturers' regulations (GOR 13) 6435, 7208, 7209
Regulations in effect as to manufacturers on June 30, 1951 (Int. 1) 6776
Revocation 7546
Manufacturers' general ceiling price regulation (CPR 22) 3562, 5678, 7386, 10535
Agricultural commodities and products:
List of; current date used in calculating change in net cost of (Appendix C) 3579, 4644, 5693, 5753, 7402, 10382, 10552
"Parity" adjustment for cooperatives, producer-processors, etc 4439
Calculation of ceiling prices 3566, 5678, 7387, 10536
Base period price 3566, 5679, 7387, 10536
Commodities dealt in between July 1, 1949 and June 24, 1950 3566, 5678, 7387, 10536
Base period price used as ceiling price, manufacturer may thereafter make calculations and establish new ceiling price (Int. 22) 5477
Labor cost adjustment 3567, 5679, 7387, 10536
Calculation upon basis of entire business 5865, 5981
Fringe benefits cost may be added to "recomputed payroll" but not to "factory payroll" (Int. 23) 5477
Inclusion of overtime wages (Int. 6) 4440
Retroactive wage increases not included (Int. 5) 4440
Materials cost adjustment 3568, 5680, 7388, 10537
Calculation of change in net cost of material produced in one unit of business and transferred to another 9074
Calculation of the increase in net cost per unit of materials covered by Appendix C 6773, 10381
Computation of net cost as of a prescribed date 4642, 5865, 5981
Contracts, long term, subject to price revisions (Int. 10) 4441
"Conversion steel"; definition of (Int. 8) 4441
Deliveries, certain, pursuant to contracts (Int. 9) 4441
Computation of net costs as of prescribed dates, using substitute material, etc 4642
General description of methods available; excluded costs of certain manufacturing materials must be excluded from all calculations (Int. 26) 5478
Manufacturing material:
Exclusion of materials used in "maintaining" a manufacturer's plant intentional (Int. 7) 4441

Manufacturing material—Continued
Materials and services used in replacing, maintaining, etc., manufacturer's plant and equipment are excluded from "manufacturing material" term (Int. 25) 5477
Tools, dies, jigs, fixtures and related items whose normal useful life is more than one year; not to be included in calculating materials cost adjustment (Int. 24) 5477
Method 3 (product line method using best selling commodity); "product lines" in the furniture industry (Int. 18) 4714
Option to propose a method 9509
"Parity" adjustment for cooperatives and producer-processors of agricultural commodities 4439
Recalculation. *See* Miscellaneous provisions.
Special provisions respecting 3572, 5684, 7393, 10542
Adjustment of prices for increases in transportation costs:
Freight rates (Int. 27) 5478
Increases in transportation costs (Int. 1) 3830
Worksheets, for calculations (Appendix E) 3580, 5697, 7406, 10556
Changes in manufacturers' prices, modification of prices for certain sales to reflect. *See* Changes in manufacturers' prices, *above*.
Coverage:
Commodities not covered, list of (Appendix A) 3578, 4644, 5009, 5166, 5691, 5753, 5866, 5932, 5940, 6307, 6376, 6509, 6774, 7149, 7400, 7408, 8348, 9224, 9655, 10381, 10550, 12698, 12812.
Exempted commodities still subject to price control under other applicable regulations (Int. 2) 4442
Limited to specific commodities listed (Int. 16) 4442
Nonmetallic minerals; examples of commodities regarded as nonmetallic minerals and those regarded as chemicals (Int. 33) 6634, 8271
Scrap and waste materials; byproducts not exempted (Int. 17) 4442
Synthetic textile fibers and yarns exemption applies only to a synthetic staple fiber, tow, or continuous filament yarn as produced by initial manufacturer (Int. 31) 5478
Exports 3574, 5687, 7396, 10545
Sales and sellers covered 3566, 5678, 7386, 10535
Election as to use of regulation:
Election not to use (Int. 4) 4440
Manufacturer may later elect to use regulation (Int. 21) 5477
Exempted commodities still subject to price control under other applicable regulations (Int. 2) 4440
"Located in United States" clause refers to location of manufacturing facilities and not location of manufacturer's main office (Int. 20) 5477
Sales of same commodity at wholesale and retail; retail sales subject to other applicable regulations (Int. 3) 4440
Wholesalers' and retailers' prices not covered (Int. 19) 5477
Effective date, extension of 5010, 7590, 7931, 11483
Form, OPS Public Form 8. "Manufacturer's Price Adjustment Report" (Appendix D) 3579, 4105, 5010, 5693, 7402, 7590, 7931, 10552
Who must report (Int. 11) 4441
Manufacturing materials, listed; change in net cost calculated up to March 15, 1951 (Appendix B) 3579, 4967, 5477, 5692, 5866, 7402, 7408, 8109, 10206, 10367, 10552
Commodities not listed in Appendix A but covered by other applicable regulations; March 15 date not applicable (Int. 32) 5478
